Mr. G. L. Hall  
810 Insuromdic Bldg.  
Dallas, Texas

Dear Mr. Hall:

This office has had considerable correspondence with you, the latest of which was on March 29, 1963, concerning proper marker inscription and location clearing on your Shell State No. 1 located in Unit A of Section 24, T-11-S, R-37-E. To date we have nothing in our files to indicate that this work has been completed.

You are hereby instructed to properly inscribe the marker on this well and clean the location prior to July 1, 1963. An inspection of the site will be conducted on that day, and if work has not been completed, the matter will then be turned over to your surety company. Also, to complete our files it will be necessary that you submit Form C-105, Well Record, on this well.

Yours very truly,

OIL CONSERVATION COMMISSION
