G. E. Hall  
Box 1847  
Midland, Texas

Gentlemen:

We are returning Forms C-102 and C-103 which you have submitted on the plugging of your Shell State No. 1 in Unit A of Section 24, T-11-S, R-37-E.

Since verbal permission was given to plug the well, it is not necessary to submit Form C-102. We wish to call to your attention, however, that before plugging operations are begun it is necessary to either obtain permission verbally or by filing Form C-102, Notice of Intention to Plug.

On Form C-103 please make the statement that verbal permission was given by Mr. Jerry Hickson on February 28, 1959, and return all copies of the form to this office for approval.

Yours very truly,

OIL CONSERVATION COMMISSION

Eric F. Engbrecht  
Oil & Gas Inspector
