Attention: Mr. A. L. Porter, Jr.

Gentlemen:

Sinclair Oil & Gas Company herein makes application for an exception to Rule 2 (a), Order No. R-1517 of the Sawyer San Andres Gas Pool, Lea County, New Mexico. Sinclair desires to establish a 120 acre non-standard gas proration unit to be assigned their State Lea 511 Well No. 1. This well is located 1980' from the south and west lines of Section 32, T9S-R38E and is completed in the San Andres formation from perforations 4916-4938 ft.

As required by Paragraph 2 (b) of said order, we wish to submit the following information concerning this request.

(1) The proposed non-standard unit consists of contiguous quarter quarter sections as is outlined in red on the attached ownership plat. Said 120 acre unit occupies the W/2 of the SW/4 and the NE/4 of the SW/4 of said Section 32.

(2) The non-standard unit lies wholly within a single governmental section.

(3) The entire non-standard unit is reasonably presumed to be productive of gas from the Sawyer San Andres Gas Pool.

(4) All owners as listed herein have been furnished copies of this application by registered mail this date.

This well is a standard location as defined by Rule 3 (a) in that it is located 660' from the outer boundary of the proposed non-standard gas proration unit.

Sinclair Oil & Gas Company respectfully requests that the above described 120 acre non-standard gas proration unit in the Sawyer San Andres Gas Pool be established administratively by the Commission. Please advise if we can furnish any additional information concerning this request.
