

INSTRUCTIONS

This form is to be filed with the appropriate land entry notice of the Division not later than 20 days after the completion of any newly-drilled or deepened well. It shall be accompanied by one copy of all electrical and radioactivity logs run in the well and a summary of all special tests conducted, including drill stem tests. All depths reported shall be measured depths, in the case of directionally drilled wells, true vertical depths shall also be reported. For multiple completions, logs and logs through it shall be reported for each zone. The form is to be filed in quadruplicate except on state land, where six copies are required (see Rule 14.01).
