This form is to be filed with the appropriate District Office of the Division not later than and days after the completion of any newly-drilled or despend well. It shall be accompanied by one copy of all electrical and radio-activity logs run on the well and a summary of all special tests canducted, including drill stem touts. All depths reported shall be measured depths. In the case of directionally drilled wells, true vertical depths shall also be reported. For multiple completions, liena 30 through 34 shall be reported for each zone. The form is to be filed in guintuplicate except on state land, where six copies are required. See Rule 1105. يتورا بالتمأة المحمور 1
