17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Commenced re-entry operations on August 28, 1968. Drilled to the top of the 9-5/8" casing at 2485' but could not successfully get inside intermediate casing. On September 1, 1968, obtained verbal confirmation to plug and abandon from Mr. Joe Ramey. Spotted the following cement plugs as per instructions from the NMOCC:

1. 25 sacks at 2485'
2. 25 sacks at 350'
3. 10 sacks at surface.

The original permanent marker as installed by L. R. French, Jr., has been re-installed.

(This work was done in 1968. The C-103 dated September 5, 1968, was filed as a final plugging report, however, it was erroneously marked as a notice of intention to plug and abandon. Please accept our apologies for this error.)
