(NOTE: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.) *

Temporarily abandoned in November of 1970.

Request permission to plug and abandon well due to offset producers cutting high percentages of water, which is not economical to produce.

Proposed plugging procedure is as follows: Note - mud laden fluid will be used between all plugs.

- (1) 100' cement plug @ bottom
- (2) 100' cement plug @ stub of production casing cut
- (3) 100' cement plug @ surface casing shoe
- (4) 10 sx cement plug @ surface
- (5) Steel marker, 4" dia., set in concrete w/4' above GL with lease name, well No., location, unit letter, section, township and range.

Notice will be given when final cleanup has ~~been~~ been made and location is ready for inspection.

Proposed plugging date is Dec., 1975.
