Re: Midhurst Well No. 1 - Unit D
Section 35-T12S-R37E

Gentlemen:

Please refer to Rule 107, paragraph (d), sub-paragraph (3) and (4) which deals with the necessity of obtaining administrative exceptions for setting of tubing 250 feet above the top of the pay. This rule applies to subject well.

Please make application to the Secretary-Director of the Commission in Santa Fe as stated in Rule 107, (d), (4), for administrative exception to the provisions of sub-paragraph (3). It is necessary to show that this will not cause waste.

An allowable for this well cannot be given until approval is granted by the Secretary-Director.

Very truly yours,

OIL CONSERVATION COMMISSION
