Mr. Roy Yarbrough  
Oil Conservation Commission  
Hobbs, New Mexico

RE: Delta Oil Company, Frank Good No. 1,  
NW SE SE 28-5S-30E, Roosevelt County  
(formerly Thomas S. Peterson)

Dear Roy:

We are enclosing copies of letters approving Delta Oil Company's bond and releasing the Peterson bond.

No doubt you have been out to their location, and we would appreciate advice on their operations. Since this well has been abandoned for so long, would you please have them submit a surveyor's plat of the exact location and the proper forms to show their future intentions?

Would you please make copies of all forms previously prepared on this well? Thanks very much.

Very truly yours,

Secretary and Director
