

- 24' Dolomite finely crystalline tan w/ anhydrite inclusions, trace to 5% inter-crystalline porosity, fair odor, stain and fluorescence.
- 7' Dolomite finely crystalline cream to tan with anhydrite inclusions, 5% inter-crystalline porosity and pin point porosity, good odor stain and fluorescence.
- 7' Dolomite finely crystalline cream to tan with anhydrite inclusions trace inter-crystalline porosity, pin point porosity, fair odor, stain and fluorescence.
- 4' Dolomite, finely crystalline cream with anhydrite inclusions, no shows.
- 11' Dolomite finely crystalline cream with anhydrite inclusions, trace inter-crystalline porosity, fair odor, stain and fluorescence.
- 5' Dolomite finely crystalline cream with anhydrite inclusions, 10% inter-crystalline porosity, good stain and fluorescence.
- 12-1/2' Dolomite finely crystalline cream to tan anhydrite inclusions, trace to 5% pin point porosity and small vuggy porosity, good stain, odor and fluorescence.
- 1-1/2' Dolomite finely crystalline tan with anhydrite inclusions, no shows.
- 16' Dolomite finely crystalline cream to tan anhydrite inclusions, 5% pin head porosity and small vuggy porosity, good odor, stain and fluorescence.
- 10' Dolomite finely crystalline tan with anhydrite inclusions, 5% inter-crystalline cream pin head porosity, fair stain and fluorescence.
- 14' Finely crystalline cream to tan dolomite with anhydrite inclusions, 5% inter-crystalline porosity, fair stain and fluorescence.
- 16' Finely crystalline cream to tan dolomite with anhydrite inclusions, 5% inter-crystalline porosity, good stain and fluorescence.
- 6' Dolomite finely crystalline tan with anhydrite inclusions, trace inter-crystalline porosity, fair stain and fluorescence.
- 3' Dolomite finely crystalline cream with anhydrite inclusions and shaley, no shows.
- 11' Dolomite finely crystalline cream with anhydrite inclusions, trace inter-crystalline porosity, fair stain and fluorescence.
- 18' Dolomite finely crystalline tan with anhydrite inclusions, no shows.
- 14' Dolomite finely crystalline cream to tan with anhydrite inclusions, 5% inter-crystalline porosity and small vuggy porosity, fair stain and fluorescence.
- 5-1/2' Dolomite finely crystalline cream to tan with anhydrite inclusions, 10% inter-crystalline porosity and small vuggy porosity, good stain and fluorescence.
- 2-1/2' Dolomite finely crystalline cream with anhydrite inclusions, no shows.
- 6' Dolomite finely crystalline cream to tan with anhydrite inclusions, 10% inter-crystalline and small vuggy porosity, good stain and fluorescence.
- 1' Dolomite finely crystalline tan with anhydrite inclusions, no shows.
- 15' Dolomite finely crystalline cream with anhydrite inclusions, trace to 5% inter-crystalline porosity and small vuggy porosity, fair stain and good fluorescence, possibility of water.
- 7-1/2' Dolomite finely crystalline cream with anhydrite inclusions, trace inter-crystalline porosity, fair stain and good fluorescence.
- 4-1/2' lost, core barrel jammed.
- 16' Dolomite finely crystalline tan with anhydrite inclusions, shaley gray and green, no shows.
- 20' Dolomite finely crystalline tan with anhydrite inclusions, trace to 5% inter-crystalline porosity and pin point porosity, fair stain and fluorescence.
- 8' Dolomite finely crystalline cream with anhydrite inclusions, trace inter-crystalline porosity, fair stain and fluorescence.
- 6-1/2' Dolomite finely crystalline cream to tan with anhydrite inclusions, trace pyrite, no shows.
- 1' Anhydrite, white, no shows.
- 6-1/2' Dolomite finely crystalline cream with anhydrite inclusions, no shows.
