Gentlemen: Re: Oil Well Drilling Company

This is in reference to the Well Log of the Grimes #1 well of the above mentioned company. I find that the Well Log you submitted to the Santa Fe office was not on our regular form SG-108, which is required by this office.

Enclosed herewith you will find two copies of form SG-108 which I wish you would kindly fill out for the Grimes #1 well and return both copies to me as soon as possible.

Very truly yours,
