RE: CORRECTING API NUMBERS

Gentlemen:

The Oil Conservation Division has started requiring API numbers for each well on operators C-115 report. As a result of this we have discovered incorrect API numbers on some federal wells. The API number on the federal well(s) listed below does not agree with the API records on file with the Oil Conservation Division office.

LEASE NAME, #, LOCATION	INCORRECT API #	CORRECT API #
Federal M #1-L, 27-18s-33e	#30-025-21895	30-025-21893

We need you as the operator of the well to file a Federal Sundry Notice (Form 3160-5) too the appropriate BLM office stating the correct API # and requesting the API # be corrected in their records. You need to advise them this corrected number was obtained from the Oil Conservation Division. Also asking for the effective date when you may start using the correct number on BLM & MMS forms. If there is any questions, please call the Oil Conservation Division, District I Hobbs office, (505) 393-6161.

Yours very truly,

OIL CONSERVATION DIVISION
