(State or Territory)

The elevation of the derrick floor above sea level is 3574 ft.

DETAILS OF WORK

(State nature of and expected depths of observations; show sizes, weights, and lengths of proposed casings; indicate mudlogging jobs, cementing points, and all other important proposed work)

Intend to set bridge plug of drillable material at 4390 and squeeze perforations with plastic from 4375 to 4384.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

Company E.M. Elliott
