Amerada Pet. Corp.  
Drawer D  
Monument, New Mex.

Gentlemen:

Forms C-104 and C-110 for your Fred Turner "B" No. 2 in Unit D of Section 20, T-20-S, R-38-E were erroneously stamped "Undesignated" in this office. The well is in the North Warren McKee Pool as your forms showed it to be and it will be carried there in the Proration Schedule.

We apologize for this error, and we will appreciate it if you will file another Form C-110 showing North Warren McKee Pool, since distribution has been made of the original form showing "Undesignated".

Yours very truly,

Oil Conservation Commission
