Gentlemen:

Re: Lease Law Cases 256011 a)

Receipt is acknowledged of "Notice of Intention to Drill" dated March 19, 1957, covering our well No. 1 Federal on the subject leasehold in the SW 1/4 Sec. 8, T. 21 N., R. 31 W., N.M.P.M., Litterman San Andres Pool, Lea County, New Mexico.

Four proposed work is approved subject to compliance with the provisions of the "Oil and Gas Permitting Regulations" revised May 25, 1952, copy of which will be furnished upon request, and subject to the following condition:

1. Drilling operations to be performed are subject to the attached sheet (revised February 1955) for general conditions of approval.
2. Litterman recent record the 5" production casing must cover the all way down as determined by temperature curves on the production test be isolated by use of a two-stage cementing process.

In accordance with our discussion yesterday, it will be satisfactory for you to run and cement the 4 1/2" casing in the Anhydrite at approximately 1500 feet. If the procedure is followed, you may direct and condition as 2 above and also all inside the 13 3/8" surface casing should you desire to do so.

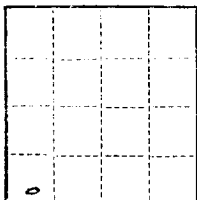

Very truly yours,

E. A. DuPont
District Engineer
