Gentlemen:

Effective September 1, 1963 your Nix State No. 11 located in Unit P of Section 13, T-22-S, R-35-E will be reclassified as a gas well in the Jalmat Gas Pool and the oil allowable will be cancelled that date. The reclassification is necessitated by the reported gas-oil ratio, which is 170,000 to 1.

A gas allowable can be assigned for this well when you have complied with the provisions of Commission Order No. R-1670 as it pertains to the Eumont Gas Pool. Please advise this office when this has been done.

Yours very truly,

OIL CONSERVATION COMMISSION
