File: 1-Mo-18-57

Carper Drilling Company, Inc.  
Carper Building  
Artesia, New Mexico

Attention: Mr. Marshall Rowley

Gentlemen:

This will refer to your letter of January 18 inquiring if we are in a position to utilize casinghead gas from your properties in the Jalmat Pool in Sections 12 and 24, Township 22 South, Range 35 East, Lea County, New Mexico.

Our line serving wells in this area is overloaded at this time and we are presently studying the possibilities of enlarging our gathering system. We are hopeful that our study will justify extending our facilities to serve your property. However, since it may be some little time before we can determine our future course, we suggest that you ask the New Mexico Oil Conservation Commission for a waiver in the meantime.

We appreciate your asking us to serve your properties.

Yours very truly,

L. H. Moore
