17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Well is non commercial producer of oil and gas. It is on the South flank of the active water flood program of the Cone Jalmat Yates Pool Unit.

Water injection into this well has been approved by the Oil Conservation Commission. It will be placed on that status when water flood progress demands. Until that time it serves as a static pressure observation well for the Unit.
