COMES NOW
BEFORE THE OIL CONSERVATION COMMISSION OF THE
STATE OF NEW MEXICO

APPLICATION FOR ADMINISTRATIVE APPROVAL
OF NON-STANDARD GAS PRORATION UNIT

COMES NOW Texas Pacific Coal and Oil Company and, pursuant to Rule 5 of the Special Pool Rules of the Jalmat Gas Pool, requests the Secretary of the Commission to grant an exception to Rule 5(a) thereof, and as its ground for the application Applicant states:

1. The acreage for which Applicant seeks an exception consists of the NE $\frac{1}{4}$ of Section 7, Township 22 South, Range 36 East, N.M.P.M. Lea County, New Mexico, containing 160 acres. The said acreage lies wholly within a single governmental section.

2. The well to which Applicant seeks to have a gas allowable attributed is its State "A" a/c-2 Well #5 located 660 ft. from the north and east lines of said Section 7.

3. There is attached hereto a plat showing the acreage to be dedicated, the well location and the offset ownership.

4. The non-standard unit requested may reasonably be presumed to be productive of gas and its length or width does not exceed 5,280 ft. The location of the well complies with Rule 5(a) of the Commission inasmuch as 160 acres under said rule can be attributed to it.

5. Applicant is furnishing Cities Service Oil Company and Sinclair Oil and Gas Company with copies of this application by registered mail, all of said copies being mailed on the date of this application. Applicant is also requesting written waivers from said operators, but if such are not furnished to the Commission within 30 days the Applicant requests the Secretary of the Commission to approve the application under the provisions of Rule 5(b)6 of the Special Rules of the Jalmat Gas Pool.

Respectfully submitted,

TEXAS PACIFIC COAL AND OIL COMPANY
