Gentlemen:

Form C-102, Notice of Intention to Plug, for your Superior State No. 1 in Unit N of Section 25, T-21-S, R-35-E was approved by this office on February 24, 1956. No Report of Final Plugging on Form C-103 has been filed, although Mr. M. L. Armstrong, Inspector for the Commission, reported the well to be plugged after having inspected the location on May 6, 1956

Rule 1106 of the Commission Rules and Regulations requires that Form C-103 be submitted within 30 days after the completion of plugging operations.

Mr. W. A. Gressett has made another inspection of the location and has found that the legal description of the location has not been inscribed on the marker.

Please file Form C-103 at your earliest convenience, and see that the inscription is on the marker so that a final inspection of the location may be made.

Yours very truly,

OIL CONSERVATION COMMISSION
