Dear Mr. Pew:

I am returning your Notice of Intention to Drill Well for your well No. 1, NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 32, T. 21 S., R. 36 E. Also, I am enclosing form SG-101 "Notice of Intention to Drill Well" which is the form we are now using for this report. Kindly fill this form out in triplicate for the above mentioned well and return it to me for my approval.

In the future, please send all such notices and forms direct to me at Box 522, Carlsbad, New Mexico.

Under separate cover I am sending you a supply of forms and the rules and regulations of the State Geologist.

I would appreciate it greatly if your district engineer would notify me by wire or phone a few hours before all tests, as this would simplify matters for both of us. Enclosed is a copy of the test requirements.

Very truly yours,
