SUBJECT: Application to Dually
Complete Southland
Royalty "A" No. 5,
Drinkard Field.

New Mexico Oil Conservation
Commission (3)
Santa Fe, New Mexico

Gentlemen:

Stanolind Oil and Gas Company hereby files application to dually complete Southland Royalty "A" No. 5 located 1980' from the south and 660' from the east lines of Section 4, T-21-S, R-37-E.

The well is presently producing from the Drinkard in the Drinkard Field through perforations from 6640' to 6652'. Applicant plans to perforate the Blinbry at various intervals from 5702' to 5970'. A packer will be employed to segregate the Drinkard oil and the Blinbry gas.

As required by Rule 112-A, the following are attached:

- (1) A plat showing the location of all wells on applicant's lease, and all offset wells on offset lease.
- (2) A sketch showing the manner and method of applicant's proposed dual completion.
