Subject: Application for Administrative Approval

to Dually Complete Shell's Turner No. 5,

Section 22, T-21-S, R-37-E, Lea County, New Mexico

New Mexico Oil Conservation Commission P. O. Box 871 Santa Fe, New Mexico

Gentlmen:

Shell Oil Company hereby makes application for administrative approval to dually complete our Turner No. 5 in the Blinebry oil and Tub gas pools.

Turner No. 5 is presently a Blinebry oil single. As illustrated on the attached schematic diagram, Tubb gas (lower zone) will be produced through the annulus and Blinebry oil will be produced through the tubing by means of a crossover assembly.

All operators listed in item 5 of the attached application were furnished copies of this application, and have been asked to sign waivers consenting to said dual completion. When the waivers are returned to us, we will immediately forward them to the Commission. If the waivers are not returned during the normal twenty-day waiting period, we respectfully request that this application be approved as submitted. Please contact this office if additional information is desired.

Yours very truly,

Division Production Manager
