Gentlemen:

This will acknowledge receipt of the gas well plat on your Williamson #2, 23-21-37, but examination of our file shows that we do not have a Form C-110 showing the gas transporter, nor do we have Form C-104, Request for Gas Allowable. We do have a letter from a Mr. Bowers, dated February 13, 1951, mentioning the enclosure of Form C-104 and it is altogether possible that we have misplaced these forms. If you have an approved copy of Form C-104 or C-110 we shall appreciate it very much if you will supply us with a copy for our files. If you do not have an approved copy of either of these forms it will be necessary for you to submit them in quadruplicate. We shall appreciate your usual prompt attention to this matter.

Yours very truly,

OIL CONSERVATION COMMISSION
