Mr. G. W. Wadsworth, Office Manager
R. Olsen Oil Company
Jal, New Mexico

Dear Mr. Wadsworth:

I have your Form C-110, Certificate of Compliance and Authorization to Transport Oil, on the Belcher #1 Well, Sec. 7, T. 22S, R. 38E, Drinkard Pool, Lea County, New Mexico dated October 25th.

To date I have not received Form C-105, Well Record, and as the Rules and Regulations of the Commission require that this Form be filed before we can approve Form C-110 it will be necessary for me to hold this form pending receipt of the well record.

Also, in the future, will you please file casing reports as the work is done rather than after completion of the well. I am enclosing Supplemental Circular No. 6-A, an Abstract of Rules, Orders, and Oil and Gas Conservation Laws in New Mexico which might be some assistance to you. You will note on Page 4 there is listed District Offices and their addresses. All your wells come under District No. 1 and that address is Box 1545, Hobbs, New Mexico.

Very truly yours,

Secretary - Hobbs Office
