*Should waivers from all offset operators not accompany an application for administrative approval, the New Mexico Oil Conservation Commission will hold the application for a period of twenty (20) days from date of receipt by the Commission's Santa Fe office. If, after said twenty-day period, no protest nor request for hearing is received by the Santa Fe office, then the application will then be processed.

NOTE: If the proposed multiple completion will result in an unorthodox well location, or a non-standard proration unit in one or more of the producing zones, then separate application for approval of the same shall be filed simultaneously with this application.
