OIL CONSERVATION COMMISSION
SANTA FE, NEW MEXICOHobbs, New Mexico
(Place)April 22, 1955
(Date)

Gentlemen:

Following is a Notice of Intention to do certain work as described below at the E. CoatsSkelly Oil Company

(Company or Operator)

Well No. 2 in N (Unit)

SE SW 1/4 of Sec. 3, T. 24S, R. 36E, NMPM., Cooper Jal Pool
(40-acre Subdivision)
Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK
(FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS)

This well is now producing on gas lift and water production has increased to 1386 bbls. per day which makes it no longer economically feasible to operate the well from the present producing zone in open hole 3505-3549'. We now propose to set a cement retainer at approx. 3505' and squeeze off water in open hole section 3505-3549', then perforate 7" OD casing in intervals from approx. 3300-3425' and test for oil. If commercial production is not developed, we intend to then perforate approx. 3205-3225' and recomplete as a gas well.
