Arlisia, New Mexico

Re: Plugging Well No. 1-1
Sect. 4, T-2N-3E

Dear Sir:

A check of the location on your plugged and abandoned well
No. 1 by Mr. E. M. Armstrong shows that the location is in good order
with the exception that the marker does not give the location of the
well site.

We shall appreciate it if you will check this matter and
when this requirement has been met, please inform the Commission so that
another inspection may be made and the files cleared on this well.

Yours very truly,

OIL CONSERVATION COMMISSION.

H. F. Montgomery
