(NOTE: Report results of multiple completion on Well  
Completion or Recore Completion Report and Log form.)17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any  
proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones perti-  
nent to this work.) \*

The above well is presently a shut-in injection well. It is this Company's plan to workover the subject well in order to make a producer or injection well, whichever fits into our engineering plans.

The Company has completed an engineering study of this lease and have determined additional wells should be drilled and secondary recovery initiated on the lease. We plan to start work in the next few months to rework the lease.

APPROVED FOR 6 MONTH PERIOD  
ENDING Jan. 27, 1982

18. I hereby certify that the foregoing is true and correct
