13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

The ultimate best use of this well is for injection. However, since our plans to reactivate the waterflood have been delayed since our JUNE 2, 1995 emergence from Chapter 11 in searching for a qualified partner, we intend to equip and produce this well before April 1, 1996 and request extension therefor.

14. I hereby certify that the foregoing is true and correct
