NOTICE OF INTENTION TO ABANDON WELL.....			

(INDICATE ABOVE BY CHECK MARK NATURE OF REPORT, NOTICE, OR OTHER DATA)

G. E. Jordan-USA

September 30, 1960

Well No. 2 is located 1980 ft. from [N] line and 1980 ft. from [W] line of sec. 15Sec. 15  
(1/4 Sec. and Sec. No.)25-8  
(Twp.)32-E  
(Range)NMPM  
(Meridian)Undesignated  
(Field)Lea  
(County or Subdivision)New Mexico  
(State or Territory)The elevation of the derrick floor above sea level is 3438 ft.

## DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

See attached program and plans.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

Company Tennessee Gas Transmission CompanyAddress Box 307Hobbs, New MexicoBy D. W. CoffeyTitle Dist. Production Superintendent

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes the need for transparency and accountability in all financial dealings.

2. The second part of the document outlines the various methods and techniques used to collect and analyze data. It includes a detailed description of the experimental procedures and the results obtained from the analysis.

3. The third part of the document provides a comprehensive overview of the theoretical background and the underlying principles that govern the phenomena being studied. It also discusses the limitations of the current models and the need for further research.

4. The fourth part of the document presents a series of case studies that illustrate the application of the concepts and methods discussed in the previous sections. These case studies are designed to provide a practical understanding of the theory and its application in real-world situations.

5. The fifth part of the document discusses the future prospects of the research and the potential for further developments. It highlights the need for continued collaboration and communication between researchers from different disciplines to advance the field.

6. The sixth part of the document provides a summary of the key findings and conclusions of the study. It also includes a list of references to the literature cited throughout the document.

7. The seventh part of the document contains a series of appendices that provide additional information and data related to the study. These appendices are intended to support the main text and provide a more complete picture of the research.

8. The eighth part of the document is a glossary of terms and definitions used throughout the document. It is intended to help readers understand the terminology and concepts used in the study.

9. The ninth part of the document is a list of figures and tables that are included in the document. These figures and tables are intended to provide a visual representation of the data and results discussed in the text.

10. The tenth part of the document is a list of acknowledgments that recognize the contributions of the individuals and organizations that supported the research. It also includes a list of authors and their affiliations.

11. The eleventh part of the document is a list of references that cite the works of other researchers in the field. These references are intended to provide a context for the current study and show its relationship to the broader body of knowledge.

12. The twelfth part of the document is a list of figures and tables that are included in the document. These figures and tables are intended to provide a visual representation of the data and results discussed in the text.

13. The thirteenth part of the document is a list of acknowledgments that recognize the contributions of the individuals and organizations that supported the research. It also includes a list of authors and their affiliations.

14. The fourteenth part of the document is a list of references that cite the works of other researchers in the field. These references are intended to provide a context for the current study and show its relationship to the broader body of knowledge.

15. The fifteenth part of the document is a list of figures and tables that are included in the document. These figures and tables are intended to provide a visual representation of the data and results discussed in the text.

16. The sixteenth part of the document is a list of acknowledgments that recognize the contributions of the individuals and organizations that supported the research. It also includes a list of authors and their affiliations.

17. The seventeenth part of the document is a list of references that cite the works of other researchers in the field. These references are intended to provide a context for the current study and show its relationship to the broader body of knowledge.

18. The eighteenth part of the document is a list of figures and tables that are included in the document. These figures and tables are intended to provide a visual representation of the data and results discussed in the text.

19. The nineteenth part of the document is a list of acknowledgments that recognize the contributions of the individuals and organizations that supported the research. It also includes a list of authors and their affiliations.

20. The twentieth part of the document is a list of references that cite the works of other researchers in the field. These references are intended to provide a context for the current study and show its relationship to the broader body of knowledge.
