13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Subject: A. B. Coates C #2 notice of non-compliance reference # 43 CFR 3163.1  
Completed action to be by 9/23/01.

The subject well is currently TEMPORARILY ABANDON well record attached for reference. On 9/01/00, Texaco submitted an intention to PLUG AND ABANDON this well, however due to rig activity we have not been able to start this work. The plugging rig is now at the Buckeye field and is not expected to complete there until December 15 or so.  
Texaco respectfully requests an extension of four months from the above date because we can't have the rig start the work on time to complete before the deadline.
