Attention: Mr. Michael Stogner

RE: **AMENDED APPLICATION FOR NON-STANDARD LOCATION AND
SIMULTANEOUS DEDICATION** (amended to change bottom hole location)

Dear Sirs:

Texaco respectfully seeks approval for a non-standard location for the A.B. Coates "C" Well No. 9 which will be a directionally drilled sidetrack (re-entry) of the of the original vertical wellbore. This sidetrack will be drilled in the Mid-Justis Abo Gas field (pool code - 96543). The surface location of said well is Unit Letter J, Section 24, Township 25S, Range 37E, 1980' from the south line, and 1980' from the east line. The proposed bottom hole location will be Unit Letter J, Section 24, Township 25S, Range 37E, 1675' from the south line, and 1970' from the east line. This will be non-standard due to being less than 660' from the $\frac{1}{4}$ - $\frac{1}{4}$ section lines.

Texaco is also asking for simultaneous dedication of well number 9, with well number 15. Number 9 is on the same 160 acre proration unit as A.B. Coates "C" #15.

From C-102 is included showing the location of #9 and #15.

If you have any further questions, please contact me at (915) 688-4580, or contact Denise Wann at (915) 688-2982.

Thank you for your consideration.

John Ayers
Administrative Supervisor
