Re: XTO Energy Inc.
Request for Administrative Approval of Unorthodox Well Location

Corral 16-4 State Fed Com #103H well
W/2 E/2 of Sections 4, 9, and 16, Township 25 South, Range 29 East
Eddy County, New Mexico
Willow Lake, Bone Spring, Southeast [Pool 96217]
API No. 30-015-56187

Dear Mr. Fuge:

XTO Energy Inc. (OGRID No. 005380), pursuant to Division Rules 19.15.16.15(C)(6) and 19.15.15.13 NMAC and applicable rules governing acreage and well location requirements for the Willow Lake, Bone Spring, Southeast [Pool Code 96217], seeks administrative approval of an unorthodox well location for its **Corral 16-4 State Fed Com #103H well** (API No. 30-015-56187), in a 960-acre, more or less, spacing unit underlying the E/2 of Sections 4, 9, and 16, Township 25 South, Range 29 East, Eddy County, New Mexico.

The proposed location is as follows:

- Surface location: 898' FSL and 2,013' FWL (Unit N) of Section 16
- First take point: 330' FSL and 2,590' FEL (Unit O) of Section 16
- Last take point: 100' FNL and 2,590' FEL (Unit B) of Section 4
- Bottom hole location: 50' FNL and 2,590' FEL (Unit B) of Section 4

Since this acreage is governed by the Division's statewide rules, the completed interval for this well will be unorthodox because it is closer than the standard offsets to the western boundary of

the spacing unit—thus encroaching on the W/2 of Sections 4, 9, and 16, Township 25 South, Range 29 East.

XTO Energy Inc. respectfully requests administrative approval of a non-standard location for the **Corral 16-4 State Fed Com 103H well** and provides the following reason for the request: Due to the current spacing of the producing wells in this section, XTO Energy Inc. has planned the Corral 16-4 State Fed Com 103H with at least 660 feet of spacing between each well. This spacing pattern causes the Corral 16-4 State Fed Com 103H to be drilled less than 50 feet from the East/West boundary of the Sections. XTO Energy Inc. requests approval of this non-standard location to avoid causing wasted resources and reducing the production of the wells to be drilled in each of the spacing units.

Exhibit A is a Form C-102 and Sundry submittals showing the proposed Corral 16-4 State Fed Com 103H well encroaches on the spacing unit/tracts to the west in the W/2 of Sections 4, 9, and 16, Township 25 South, Range 29 East.

Exhibit B is a plat for Sections 4, 9, and 16, Township 25 South, Range 29 East, that shows the proposed Corral 16-4 State Fed Com 103H well in relation to the adjoining spacing unit/tracts to the west. Exhibit B also includes an ownership list for the affected spacing unit to the west, showing that XTO Energy Inc. is the designated operator and LRF Jr LLC and RAYBAW Operating, LLC (3rd party operator), are the other working interest owners. In addition, the exhibit identifies that this includes a New Mexico State Land Office (“NMSLO”) and Bureau of Land Management (“BLM”) leases. Accordingly, the “affected persons”¹ are the applicant, LRF Jr LLC, RAYBAW Operating, LLC, NMSLO and the BLM.

Exhibit C is a spreadsheet listing all affected persons and includes tracking information demonstrating that each of the affected persons was sent a copy of this application with all attachments by certified mail advising that any objections must be filed in writing with the Division within 20 days from the date the Division receives the application. The following are the affected persons:

Type	Affected Party	Location
Operator/ Working Interest	XTO Energy Inc.	W/2 of Sections 4, 9, and 16
Operator/ Working Interest	LRF Jr LLC	NW/4 of Section 9

¹ See NMAC §§ 19.15.2.7.A(8) [defining “affected persons” as, “in the absence of an operator, or with respect to an application wherein the operator of the spacing unit or identified tract is the applicant, each working interest owner”] and 19.15.4.12.A(2)(a).

Operator/ Working Interest	RAYBAW Operating, LLC (3rd party operator)	W/2 of Section 16
Operator/ Working Interest	State of New Mexico Land Office	W/2 of Section 16
Federal/State Mineral Interest	Bureau of Land Management	W/2 of Sections 4 and 9

Your attention to this matter is appreciated.

Sincerely,

Paula M. Vance
