Re: Application for Non-Standard Location (NSL)
Hefeweizen State Com 301H (API 30-025-52328)
W2E2 Section 30 & 31, T19S-R35E
Lea County, NM

Dear Mr. Fuge,

Marathon Oil Permian LLC (Marathon) respectfully requests administrative approval of an unorthodox oil well location for its Hefeweizen State Com 301H well (API 30-025-51265).

The spacing unit dedicated to the well is approximately 320.00 acres and is comprised of the W2E2 of Section 30 and 31 of T19S-R35E. The acreage is governed by regulations providing for 330-foot setbacks.

Accordingly, the as-drilled lateral is unorthodox because it is closer than 330 feet to the eastern boundary of the spacing unit. Approval of the NSL will allow Marathon to use its preferred first take point for the horizontal well, which will maximize recovery and prevent waste and will not violate correlative rights.

Please see attached documents:

- Preliminary As-Drilled C-102 Plat
- List of Affected Parties and waiver statement
- Map in relation to the adjoining spacing unit tracts.

Should you have any questions please do not hesitate to contact me at 713-296-3368 or by email at acovarrubias@marathonoil.com.

Sincerely,

Adrian Covarrubias
