Greetings Mr. Loudermilk,

The OCD was notified by New Mexico State Land Office (NMSLO) , that it is protesting the following injection permit request application of Scorpion Oil and Gas, LLC for produced water disposal in Lea County, NM:

- State "T" 9, Unit N, Sec 2, T15S, R37E. 660' FSL & 1650' FWL

NMSLO is identified as an affected person for the referenced application. For the application to proceed, Scorpion Oil and Gas, LLC has two options; either resolve the matter with the protesting party or to go to a hearing before the Division. If the protest is withdrawn, then the applications could be processed administratively. Meanwhile, OCD will retain your applications until a resolution is reached on the status of the submittals. If you have any questions, please don't hesitate to reach out to UIC group.

Regards,

Million Gebremichael

Phil and Million:

Scorpion Oil and Gas, LLC, State T-9, API 30-025-25570 may send you an OCD Administrative SWD Application in the Cisco-Canyon formation.

The NMSLO opposes this Administrative SWD application, because it is approximately 500 feet from The Fasken Oil and Ranch LTD, Denton SWD #5, API 30-025-05226 which had injected ~24 million barrels of produced water in the same interval.

The NMSLO has notified Scorpion Oil and Gas that a Salt Water easement shall not be granted for this SWD

Thanks

Mike
