**Re: Administrative Application for a Non-Standard Horizontal Spacing Unit**  
*Sections 15 and 22, Township 25 South, Range 35 East, Lea County, New Mexico.*

Jost Energy Law, P.C.. has been retained by Civitas Permian Operating (OGRID No. 372043) (“Civitas”), pursuant to 19.15.16.15(B)(5) NMAC, to seek administrative approval of a 1280-acre non-standard horizontal spacing unit comprised of all of Sections 15 and 22 in Township 25 South, Range 35 East (the “NSSU”). Civitas intends to dedicate the NSSU to its Junior Mint Fed wells identified below (the “Wells”) within the DOGIE DRAW; WOLFCAMP [17980] pool.

Civitas seeks approval of this application since the acreage underlying the NSSU is dedicated to a single Federal lease (Lease No. NMNM101609). There is no fee or State Trust lands within the NSSU. Therefore, Civitas seeks to develop this acreage as a single Federal lease which will reduce surface disturbance by consolidating roads, tank batteries, and pipelines; promote effective well spacing; and allow Civitas to commingle production.

Civitas provided notice to the affected persons as described herein pursuant to 19.15.16.15B(5)(b) NMAC. Civitas also provided notice to the Bureau of Land Management pursuant to 19.15.2.7A(8)(d) NMAC.

The following exhibits are attached hereto:

- Exhibit 1:** Well table with descriptions, API numbers, and associated pools.
- Exhibit 2:** Copies of the C-102s for each of the Wells.
- Exhibit 3:** Tract map depicting the proposed NSSU, the Wells, all offset tracts entitled to notice, and an applicable standard spacing unit.
- Exhibit 4:** (1) Schedule containing the names and addresses of all affected parties entitled to notice along with tracking information, and (2) a copy of the letter sent by certified mail to all affected parties advising that any objections must be filed in writing with the Division within 20 days from the date the Division receives this application.
