RE: Administrative Order WFX-1061- Second Extension of Deadline to Commence Injection

West Eumont Secondary Recovery Project approved by Division Order No. R-14616
Order Date: February 19, 2024
First Extension: February 19, 2026

Greetings Ms. LaMarro,

The Oil Conservation Division (“OCD”) has reviewed your January 9, 2026, request to extend the deadline in the referenced order to commence injection into the following wells.

	Well Name	Unit Letter	Section	Township	Range
1	West Eumont Unit #416	H	33	20S	36E
2	West Eumont Unit #419	H	33	20S	36E
3	West Eumont Unit #420	A	33	20S	36E
4	West Eumont Unit #421	A	33	20S	36E
5	West Eumont Unit #422	A	33	20S	36E

The WFX order approved the injection of water into the Eumont;Yates-7Rvrs-Queen Pools (Pool Codes 22800 (oil) and 76480 (gas)) for the listed five wells located in Section 33, Township 20 South, Range 36 East, NMPM, Lea County.

The request, which was received prior to the deadline, states the reasons for granting an extension, that no additional wells penetrating the approved injection interval have been drilled within the Area of Review (“AOR”) since the referenced order was granted, and that no new Affected persons have been identified within the half-mile AOR. Therefore, the extension

request could be reviewed administratively for approval.

The OCD finds that for reasons you have stated, the granting of this request to extend the deadline is in the interest of conservation, will prevent waste, and will protect the environment. Therefore, the deadline to commence injection for the existing order is **hereby extended until February 19, 2027**. An additional request to extend the deadline to inject will be contingent upon the wells being spudded and the OCD being provided plans to complete the wells within the following year. Additionally, a subsequent extension request will not be granted for this order to an operator other than Forty Acres Energy, LLC.

All requirements of the above referenced hearing order and agreements in the application remain in full force and effect. Any further extension of the deadline to commence injection shall be considered but must be submitted in writing prior to the new extended deadline.
