**APPLICANT’S STATEMENT OF CASE**

Spur seeks a compulsory pooling order to replace and revoke Order Nos. R-21580, as amended, and R-21583, as amended, (collectively “the Orders”) with a single order pooling all uncommitted interests in a portion of the Yeso formation from 3,001 feet to the base of the Yeso within proposed a standard 320-acre, more or less, horizontal spacing unit comprised of the S/2 of Section 18, Township 18 South, Range 27 East, NMPM, Eddy County, New Mexico.

Division Order R-21580, entered on January 19, 2021, in Case No. 21587, created a 160-acre, more or less, standard horizontal well spacing unit consisting of the N/2 S/2 of Section 18, Township 18 South, Range 27 East, NMPM, Eddy County, New Mexico (the “Unit”), and designated Applicant as the operator of the Unit, pooled the uncommitted interests in a portion of the Yeso formation from 3,001 feet to the base of Yeso [Red Lake; Glorieta-Yeso (51120)] in the Unit, and dedicated the Unit to the proposed initial wells identified in the Order.

The Division issued Order R-21580-A, amending the Order to extend the deadlines until January 19, 2023.

Division Order R-21583, also entered on January 19, 2021, in Case No. 21583, created a 160-acre, more or less, standard horizontal well spacing unit consisting of the S/2 S/2 of Section 18, Township 18 South, Range 27 East, NMPM, Eddy County, New Mexico (the “Unit”), and designated Applicant as the operator of the Unit, pooled the uncommitted interests in a portion of the Yeso formation from 3,001 feet to the base of Yeso [Red Lake; Glorieta-Yeso (51120)] in the Unit, and dedicated the Unit to the proposed initial wells identified in the Order.

The Division issued Order R-21583-A, amending the Order to extend the deadlines until January 19, 2023.

Since the entry of the Orders, Applicant has determined that it is prudent to re-form the subject spacing units into a 320-acre, more or less, standard spacing unit through the inclusion of proximity tracts.

Accordingly, Applicant seeks an order revoking the existing Orders and replacing them with a single pooling order creating a standard 320-acre, more or less, horizontal spacing unit comprised of the S/2 of Section 18, Township 18 South, Range 27 East, NMPM, Eddy County,

New Mexico. Applicant proposes to dedicate the spacing unit to the following initial proposed wells:

- The (1) **Baffin 10H** and the (2) **Baffin 70H**, to be horizontally drilled from surface location in the NE/4 SE/4 of Section 13, Township 18 South, Range 26 East, to bottom-hole locations in the NE/4 SE/4 of Section 18, Township 18 South, Range 27 East; and
- The (3) **Baffin 11H**, the (4) **Baffin 20H**; and (5) the **Baffin 71H**, which will be horizontally drilled from a surface location in the SE/4 SE/4 (Unit P) of Section 13, Township 18 South, Range 26 East, to bottom-hole locations in the SE/4 SE/4 (Unit P) of Section 13, Township 18 South, Range 27 East.

The completed interval for the proposed **Baffin 20H** well will remain within 330 feet of the adjacent tracts to allow inclusion of this acreage into a standard horizontal well spacing unit.

**APPLICANT’S PROPOSED EVIDENCE**

<b><u>WITNESS</u></b> <b>Name and Expertise</b>	<b><u>ESTIMATED TIME</u></b>	<b><u>EXHIBITS</u></b>
Drew Oldis, Landman	Affidavit	Approx. 6
C.J. Lipinski, Geologist	Affidavit	Approx. 4

**PROCEDURAL MATTERS**

If uncontested at the time of hearing, Spur intends to present this case by affidavit.

Respectfully submitted,

HOLLAND & HART LLP
