STATEMENT OF THE CASE

In **Case No. 23280**, Ridge Runner applies for an order amending Order No. R-21609-A to extend the deadline to commence drilling operations to one-year from the date of the amended order. Order No. R-21609 pooled all uncommitted mineral interests in the Bone Spring formation underlying a 320-acre, more or less, standard horizontal spacing unit comprised of the W/2W/2 of Sections 2 and 11, Township 20 South, Range 35 East in Lea County, New Mexico and dedicated the unit to the Zeus 2-11 Fed Com #1H Well. The order designated Applicant as the operator of the unit and the well. Order No. R-21609-A extended the deadline to commence drilling operations until February 23, 2023. Applicant has experienced delays associated with the issuance of drilling permits, the supply chain, and rig availability, and will continue to be impacted by delays associated with the well's location within Lesser Prairie Chicken habitat. Accordingly, Applicant requests the Division amend Order No. R-21609-A to extend the deadline to commence drilling operations to one-year from the date of the amended order.
