**APPLICATION OF DJR OPERATING,
LLC TO AMEND ORDER NO. R-14194
AFFECTING THE PONDEROSA UNIT,
SAN JUAN COUNTY, NEW MEXICO.**

CASE NO. 23283

APPLICATION

DJR Operating, LLC, (“DJR”) (OGRID No. 371838) through its undersigned attorneys, files this application to amend Order No. R-14914 to reduce the geographic area of the proposed Ponderosa Unit, modify the definition of the Unitized Interval, and reflect that the proposed Unit Agreement is U.S. Bureau of Land Management model form Federal Exploratory Unit Agreement “Divided” type form which no longer provides for a single participating area. In support of its application, DJR states:

1. On July 28, 2016, the Division issued Order No. R-14194 in Case No. 15471 approving formation of the Ponderosa Unit comprising 19,839.48 acres, more or less, within San Juan County, New Mexico. As originally approved, the Ponderosa Unit comprised the following-described acreage:

TOWNSHIP 23 NORTH, RANGE 9 WEST, NMPM

Section 5	W/2
Sections 6 through 8	All

TOWNSHIP 23 NORTH, RANGE 10 WEST, NMPM

Sections 1 through 12	All
Section 13	N/2
Section 14	All
Sections 17 through 20	All

**BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. A
Submitted by: DJR Operating, LLC
Hearing Date: January 5, 2023
Case No. 23283**

TOWNSHIP 23 NORTH, RANGE 11 WEST, NMPM

Section 1	All
Sections 11 through 15	N/2
Sections 22 through 23	All
Section 24	N/2

TOWNSHIP 24 NORTH, RANGE 9 WEST, NMPM

Section 31	S/2
------------	-----

TOWNSHIP 24 NORTH, RANGE 11 WEST, NMPM

Section 36	All
------------	-----

2. DJR is the successor operator of the proposed Ponderosa Unit under the terms of the Unit Agreement.

3. DJR now seeks to amend Order No. R-14194 to reduce the Unit Area to include the following-described Federal, Indian Allotted, and State Trust lands comprising 8,644.16 acres, more or less (the “Ponderosa Unit Area”):

TOWNSHIP 23 NORTH, RANGE 9 WEST, NMPM

Section 5	Lots 3, 4, S/2 NW/4, SW/4
Section 6	Lots 1 through 7, SE/2 NW/4, S/2 NE/4, E/2 SW/4, SE/4
Section 7	Lots 1 through 4, E/2 W/2, E/2
Section 8	All

TOWNSHIP 23 NORTH, RANGE 10 WEST, NMPM

Sections 1 through 4	All
Sections 9 through 12	All
Section 13	N/2
Section 14	All

TOWNSHIP 24 NORTH, RANGE 9 WEST, NMPM

Section 31	Lots 3, 4, E/2 SW/4, SE/4
------------	---------------------------

4. DJR also seeks to amend Order No. R-14194 to revise the definition of the Mancos formation to be consistent with the definition in the new proposed Ponderosa Unit Agreement as the Unitized Interval to be: “all oil and gas of the unitized lands in the Mancos Shale Group, including genetically related rocks from below the stratigraphic equivalent of the top of the Mancos Shale (base of Mesa Verde Group) identified at 3,755 feet Measured Depth to the stratigraphic equivalent of the base of the Mancos Shale identified at 5,568 feet Measured Depth as shown in the December Dream 1 well (API: 30-045-25862) located in Township 23 North, Range 9 West, Section 7, San Juan County, New Mexico are unitized under the terms of this agreement and herein are called ‘unitized substances.’”

5. In addition, DJR seeks to amend Order No. R-14194 to reflect that the unit will be governed by a U.S. Bureau of Land Management Federal Exploratory Unit Agreement “Divided” type model form that no longer provides for a single participating area.

6. DJR has received commitment of working interest owners controlling 86% of the total tracts comprising in the Ponderosa Unit Area, ensuring that there will be effective control of unit operations upon approval.

7. The U.S. Bureau of Land Management and the Federal Indian Minerals Office have provided preliminary approval of the Ponderosa Unit Area and the proposed form of Unit Agreement.

8. Notice of this Application will be provided to the Indian Allottee owners within the Ponderosa Unit Area. Notice of this Application also will be provided to the Bureau of Land Management, the Federal Indian Minerals Office, and the State Land Office.

9. Approval of this Application will be in the best interests of conservation, the prevention of waste, and the protection of correlative rights.

WHEREFORE, DJR Operating, LLC requests that this Application be set for hearing before an Examiner of the Oil Conservation Division on January 5, 2023, and that after notice and hearing as required by law, the Division enter its order granting this Application.

Respectfully submitted,

HOLLAND & HART LLP

ATTORNEYS FOR DJR OPERATING, LLC

CASE _____: **Application of DJR Operating, LLC to amend Order No. R-14194 Affecting the Ponderosa Unit, San Juan County, New Mexico.** Applicant seeks an order amending Order No. R-14194 to reduce the geographic area of the proposed Ponderosa Unit, modify the definition of the Unitized Interval, and reflect that the proposed Unit Agreement is U.S. Bureau of Land Management Federal Exploratory Unit Agreement “Divided” type model form that no longer provides for a single participating area. The proposed amendments will reduce the unit area to include approximately 8,644.16 acres, more or less, of Federal, Allotted Indian, and State Trust lands in all or parts of the following Sections: Sections 5 through 8 in Township 23 North, Range 9 West; Sections 1 through 4, and Sections 9 through 14 in Township 23 North, Range 10 West; and Section 31 in Township 24 North, Range 9 West, all in San Juan County, New Mexico. Applicant also seeks to revise the definition of the Mancos formation to be consistent with the definition in the new proposed Ponderosa Unit Agreement as the Unitized Interval to be all oil and gas of the unitized lands in the Mancos Shale Group, including genetically related rocks from below the stratigraphic equivalent of the top of the Mancos Shale (base of Mesa Verde Group) identified at 3,755 feet Measured Depth to the stratigraphic equivalent of the base of the Mancos Shale identified at 5,568 feet Measured Depth as shown in the December Dream 1 well (API: 30-045-25862) located in Township 23 North, Range 9 West, Section 7, San Juan County, New Mexico are unitized under the terms of this agreement and herein are called “unitized substances.” In addition, DJR seeks to amend Order No. R-14194 to reflect that the unit will be governed by a U.S. Bureau of Land Management Federal Exploratory Unit Agreement “Divided” type model form that no longer provides for a single participating area. The subject acreage is located approximately 4 miles southwest of Nageezi, New Mexico.

STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION

APPLICATION OF DJR OPERATING,
LLC TO AMEND ORDER NO. R-14194
AFFECTING THE PONDEROSA UNIT,
SAN JUAN COUNTY, NEW MEXICO.

CASE NO. 23283

SELF-AFFIRMED STATEMENT OF MONA BINION

1. My name is Mona Binion and am employed by DJR Operating, LLC (“DJR”) as a Senior Land Consultant.

2. I have previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum land matters and my credentials have been accepted by the Division and made a matter of record.

3. I am the landman responsible for the Ponderosa Unit and I am familiar with the application filed by DJR in this matter and the status of the lands in the subject area.

4. Because this application seeks approval of a voluntary unit, I do not expect opposition at the hearing.

5. In this case, DJR seeks an order amending Order No. R-14914 to reduce the geographic area of the proposed Ponderosa Unit, modify the definition of the Unitized Interval, and reflect that the proposed Unit Agreement is a U.S. Bureau of Land Management model form Federal Exploratory Unit Agreement “Divided” type form which no longer provides for a single participating area.

6. The Ponderosa Unit is located about five miles west of Nageezi in San Juan County, New Mexico. **DJR Exhibit B-1** is a general location map depicting the boundary of the Ponderosa Unit in black in relation to Nageezi and U.S. Highway 550.

BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. B
Submitted by: DJR Operating, LLC
Hearing Date: January 5, 2023
Case No. 23283

7. As background, the Division issued Order No. R-14194 in Case No. 15471 on July 28, 2016, approving formation of the Ponderosa Unit comprising 19,839.48 acres, more or less, within San Juan County, New Mexico, and designating Encana Oil and Gas (USA) Inc. as the unit operator. Order No. R-14194 is attached as **DJR Exhibit B-2**. As approved, the Division Order R-14194 covering Ponderosa Unit comprised the following-described acreage:

TOWNSHIP 23 NORTH, RANGE 9 WEST, NMPM

Section 5 W/2
Sections 6 through 8 All

TOWNSHIP 23 NORTH, RANGE 10 WEST, NMPM

Sections 1 through 12 All
Section 13 N/2
Section 14 All
Sections 17 through 20 All

TOWNSHIP 23 NORTH, RANGE 11 WEST, NMPM

Section 1 All
Sections 11 through 15 N/2
Sections 22 through 23 All
Section 24 N/2

TOWNSHIP 24 NORTH, RANGE 9 WEST, NMPM

Section 31 S/2

TOWNSHIP 24 NORTH, RANGE 11 WEST, NMPM

Section 36 All

8. **DJR Exhibit B-3** is a copy of the Unit Agreement that had been approved under the order. However, the Ponderosa Unit as approved under Order No. R-14194 never received final approval from the U.S. Bureau of Land Management or the State Land Office and never became effective.

9. DJR is the successor operator of the proposed Ponderosa Unit and has negotiated a new form of Unit Agreement and Unit Area for the Ponderosa Unit with the U.S. Bureau of Land Management, Federal Indian Minerals Office, and the State Land Office. **DJR Exhibit B-4** is a copy of the new form of Unit Agreement designating DJR as Unit Operator.

10. Accordingly, DJR seeks to amend Order No. R-14194 to reflect the provisions of this new Unit Agreement and to reduce the Unit Area to include the following-described Federal, Indian Allotted, and State Trust lands comprising 8,644.16 acres, more or less (the “Ponderosa Unit Area”):

TOWNSHIP 23 NORTH, RANGE 9 WEST, NMPM

Section 5	Lots 3, 4, S/2 NW/4, SW/4
Section 6	Lots 1 through 7, SE/4 NW/4, S/2 NE/4, E/2 SW/4, SE/4
Section 7	Lots 1 through 4, E/2 W/2, E/2
Section 8	All

TOWNSHIP 23 NORTH, RANGE 10 WEST, NMPM

Sections 1 through 4	All
Sections 9 through 12	All
Section 13	N/2
Section 14	All

TOWNSHIP 24 NORTH, RANGE 9 WEST, NMPM

Section 31	Lots 3, 4, E/2 SW/4, SE/4
------------	---------------------------

11. **DJR Exhibit B-5** is a map showing the boundary of the original Unit Area approved under Order No. R-14194 in a dashed red outline. The dashed black outline is the acreage DJR seeks to include within the revised Ponderosa Unit Area.

12. DJR also seeks to amend Order No. R-14194 to revise the definition of the Mancos formation to be consistent with the definition in the new proposed Ponderosa Unit

Agreement as the Unitized Interval to be: “all oil and gas of the unitized lands in the Mancos Shale Group, including genetically related rocks from below the stratigraphic equivalent of the top of the Mancos Shale (base of Mesa Verde Group) identified at 3,755 feet Measured Depth to the stratigraphic equivalent of the base of the Mancos Shale identified at 5,568 feet Measured Depth as shown in the December Dream 1 well (API: 30-045-25862) located in Township 23 North, Range 9 West, Section 7, San Juan County, New Mexico are unitized under the terms of this agreement and herein are called ‘unitized substances.’”

13. In addition, DJR seeks to amend Order No. R-14194 to reflect that the unit will be governed by a U.S. Bureau of Land Management Federal Exploratory Unit Agreement “Divided” type model form represented in Exhibit B-4 attached that no longer provides for a single participating area. Under the Unit Agreement, all existing vertical and horizontal Gallup (Mancos) wells within the unit area will be excluded.

14. **DJR Exhibit B-6** is the U.S. Bureau of Land Management preliminary approval of the Ponderosa Unit Area and the Exhibit B-4 form of Unit Agreement.

15. DJR has been in discussions with the State Land Office, which is evaluating whether it will approve the Unit Agreement and commit state trust lands to the Unit.

16. DJR will provide the Division with final approval by the U.S. Bureau of Land Management, the Federal Indian Minerals Office, and, if it chooses to approve the Unit Agreement and commit state trust lands to the Ponderosa Unit, the State Land Office.

17. DJR has thus far received commitment of working interest owners controlling 86% of the total tracts comprising in the Ponderosa Unit Area, ensuring that there will be effective control of unit operations upon approval.

18. Notice of this Application was provided to the working interest owners, Indian Allottee owners, and overriding royalty interest owners within the Unit Area. Notice was also provided to the U.S. Bureau of Land Management, the Federal Indian Minerals Office, and the State Land Office. I provided the law firm of Holland & Hart LLP with the names and addresses of the parties subject to notice and instructed that they be notified of this application and hearing.

19. In my opinion, approval of this application will be in the best interests of conservation, the prevention of waste, and the protection of correlative rights.

20. **DJR Exhibits B-1 through B-6** were prepared by me or compiled under my direction from company business records.

21. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

BEFORE THE OIL CONSERVATION DIVISION
 Santa Fe, New Mexico
 Exhibit No. B1
 Submitted by: DJR Operating, LLC
 Hearing Date: January 5, 2023
 Case No. 23283

**STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION**

**IN THE MATTER OF THE HEARING
CALLED BY THE OIL CONSERVATION
DIVISION FOR THE PURPOSE OF
CONSIDERING:**

**CASE NO. 15471
ORDER NO. R-14194**

**APPLICATION OF ENCANA OIL AND GAS (USA) INC. INC. FOR APPROVAL
OF THE PONDEROSA UNIT, CREATION OF A NEW POOL FOR
HORIZONTAL DEVELOPMENT WITHIN THE UNIT AREA, AND FOR
ALLOWANCE OF 330 FOOT SETBACKS FROM THE EXTERIOR OF THE
PROPOSED UNIT, SAN JUAN COUNTY, NEW MEXICO.**

ORDER OF THE DIVISION

BY THE DIVISION:

This case came on for hearing at 8:15 a.m. on June 9, 2016, at Santa Fe, New Mexico, before Examiner Scott Dawson.

NOW, on this 28th day of July, 2016, the Division Director, having considered the testimony, the record and the recommendations of the Examiner,

FINDS THAT:

- (1) Due public notice has been given, and the Division has jurisdiction of this case and its subject matter.
- (2) Encana Oil and Gas (USA) Inc. (“Applicant” or “Encana”) seeks:
 - i. Approval of the Ponderosa Unit (the “Unit”) comprising 19,839.48 acres, more or less, of Federal, State, and Navajo Allotted lands in San Juan County, New Mexico;
 - ii. Creation of a new pool for horizontal wells within the Unit; and
 - iii. Authority to drill horizontal wells within the Unit such that the completed interval is located no closer than 330 feet to the outer boundary of the Unit.

Hearing Date: January 5, 2023
Case No. 23283**

Case No. 15471
Order No. R-14194
Page 2 of 9

(3) The Unit comprises the following-described acreage located in San Juan County, New Mexico:

TOWNSHIP 23 NORTH, RANGE 9 WEST, NMPM, SAN JUAN COUNTY

Section 5: W/2
Sections 6 - 8: All

TOWNSHIP 23 NORTH, RANGE 10 WEST, NMPM, SAN JUAN COUNTY

Sections 1 - 12: All
Section 13: N/2
Section 14: All
Sections 17 - 20: All

TOWNSHIP 23 NORTH, RANGE 11 WEST, NMPM, SAN JUAN COUNTY

Section 1: All
Sections 11 - 15: All
Sections 22 - 23: All
Section 24: N/2

TOWNSHIP 24 NORTH, RANGE 9 WEST, NMPM, SAN JUAN COUNTY

Section 31: S/2

TOWNSHIP 24 NORTH, RANGE 11 WEST, NMPM, SAN JUAN, COUNTY

Section 36: All

(4) The Unitized Interval includes all formations from 100 feet below the stratigraphic equivalent of the top of the Mancos Shale (base of the Mesa Verde Group), to the stratigraphic equivalent of the base of the Greenhorn Limestone, as shown on the log of the R G Federal Well No. 1 (API 30-045-25087) located in Unit Letter B, Section 8, Township 23 North, Range 10 West, NMPM, San Juan County, New Mexico.

(5) The Unit will be developed and operated as a single Participating Area and will therefore constitute a single Project Area in accordance with Division Rule 19.15.16.7.L (2) NMAC.

(6) Existing wells drilled to the Gallup or Mancos formations within the Unit Area are subject to the following pools:

- a. The Basin; Mancos Gas Pool (Pool Code 97232), with Special Rules adopted in 2008 under Division Order No. R-12984, which provide for 320-acre gas spacing units and wells located no closer than 660 feet from unit boundaries;

Case No. 15471
Order No. R-14194
Page 3 of 9

- b. The Bisti, South-Gallup Oil Pool (Pool Code 5860), with Special Rules adopted in 1985 under Division Order No. R-8090, which provide for 80-acre oil spacing and proration units with wells located no closer than 330 feet to the outer boundary of the spacing unit;
- c. The Lybrook Mancos; West Oil Pool (Pool Code 98157), subject to Division Rule 19.15.15.9 NMAC, which provides for 40-acre oil spacing and proration units with wells located no closer than 330 feet to the outer boundary of the spacing unit;

(7) Affected Allottees were present at the hearing but they did not enter an appearance. No other party entered an appearance or otherwise opposed this application.

Applicant appeared at the hearing through counsel and presented the following testimony:

(8) The Unit is comprised of 24 federal tracts, 3 state tracts and 16 Navajo Allotted tracts:

(9) The Bureau of Land Management ("BLM") requires that each tract must have 100 percent joinder to be included in the final Unit Area:

(10) As a condition of final approval of the Unit Area, the BLM requires the owners of 85 percent or more of the acreage [within all included tracts] to have approved the Unit Agreement:

(11) All interests in the Unit are expected to be committed to the Unit:

(12) Since the BLM acreage comprises 81 percent of the Unit Area, the federal form was used with the following modifications: i) It applies only to horizontal wells in the Unitized Interval; and ii) It is limited to the unitized interval of the Mancos formation, and the entire Unit is established as a single Participating Area:

(13) The form of this modified federal unit agreement is identical to that form used by the Commissioner of Public Lands for the State of New Mexico ("SLO") in that the Unit Area is considered as undivided or one single participating area:

(14) The Unit Agreement has been given written preliminary approval by both the SLO and the BLM:

(15) The SLO conditioned its final approval of the Unit Agreement upon approval of the Unit by the Oil Conservation Division:

(16) The Federal Indian Minerals Office ("FIMO") has given verbal approval of the Unit:

(17) Applicant has provided notice of this application and hearing to the working interest owners and operators within the Mancos formation in the spacing units offsetting

Case No. 15471
Order No. R-14194
Page 4 of 9

the proposed Unit Area and to all working interest owners and Navajo Allottee (mineral owners, not surface owners) within the Unit:

(18) Applicant also mailed notice and a copy of the Unit Agreement to all owners of overriding royalty interests using the best known addresses of record:

(19) Applicant has also caused notice of this application to be published in the Farmington Times, considered to be a local newspaper of general circulation in San Juan County:

(20) No faults, pinch-outs or other geologic impediments exist to prevent the Unitized Interval from being developed by horizontal oil wells:

(21) The available well control in the area demonstrates the Unitized Interval identified in the type log is laterally contiguous across the entire Unit:

(22) Three (3) horizontal wells have been drilled and completed in the proposed Unit Area:

(23) These lands were chosen and are being proposed as the Unit Area to facilitate the most efficient, uniform and common development:

(24) Applicant expects to reduce surface disturbances by the formation of this Unit and intends to protect the fresh water from harm due to drilling and oil field operations:

(25) The Unit will be developed to produce oil from the Mancos formation:

(26) Applicant intends to orient proposed unit wells in a transverse direction:

(27) The Good Times D06-2309 Well No. 1H (API No. 30-045-35419) is considered by the BLM as "the initial horizontal development well". That well was spud July 4, 2013 and first reported production for September of 2013:

(28) The effective date of the proposed Unit as stated in the Ponderosa Unit Agreement is July 1, 2013 which predates the spud date of the first horizontal well in the Unit Area.

The Division concludes as follows:

(29) The Unit Agreement provides that the entire federal Unit shall comprise a single Participating Area, consequently, the Unit constitutes a single horizontal Project Area for horizontal oil wells pursuant to Division Rule 19.15.16.7.L(2) NMAC. Accordingly, Applicant's request pertaining to well locations within the Unit should be approved. Unit wells may be drilled anywhere within the Unit provided that no portion of the completed interval is closer than 330 feet to the outer boundary of the Unit unless otherwise approved by the Division pursuant to Division Rule 19.15.15.13 NMAC:

Case No. 15471
Order No. R-14194
Page 5 of 9

(30) The geologic evidence presented demonstrates that the entire Unit should be productive within the Unitized Interval:

(31) Applicant intends to fully develop the Unit with a sufficient number of horizontal wells to drain the Unitized Interval within the entire Unit. To ensure full development of the Unit, the Unit Agreement contains provisions that: i) require continuous drilling until a well is drilled that is capable of producing in paying quantities, which has already occurred; and ii) require the Unit Operator, subsequent to drilling a well capable of producing in paying quantities, to submit for approval an annual plan of development to the Authorized Officer of the Department of the Interior, to the SLO, and to the Division:

(32) The correlative rights of all interest owners in the Unit will be protected provided that the Unit is ultimately fully developed in the Unitized Interval:

(33) Approval of the Unit will provide the Applicant the flexibility to locate and drill wells in the Unit in order to maximize the recovery of oil and gas from the Unitized Interval, thereby preventing waste, and will provide the Applicant the latitude to conduct operations in an effective and efficient manner within the Unit:

(34) The provisions contained within the Ponderosa Unit Agreement are in compliance with Division rules and the Oil and Gas Act. Further, the development and operation of the Unit Area, as proposed, comply with the Division's conservation principles:

(35) The Ponderosa Unit should be approved:

(36) The Unit operator should file with the Division an executed original or executed counterpart of the Unit Agreement within 60 days of the date of this order. In the event of subsequent joinder by any other party, or expansion or contraction of the Unit Area, the Unit operator should file with the Division, within 60 days thereafter, counterparts of the Unit Agreement reflecting the subscription of those interests having joined or ratified:

(37) The Applicant should provide to the Division a written copy of the final approval of the Ponderosa Unit by the SLO and the BLM. Applicant should submit a copy of the annual Ponderosa Unit Plan of Development to the Division for review and approval:

(38) Applicant's request for a new pool to be dedicated to Unit wells should be approved. All horizontal wells drilled and completed in the Mancos formation within the Unit Area should be dedicated to (only) one pool to be named the **Ponderosa Unit; Mancos Oil Pool**. The horizontal limits of this pool should be limited to the current lands within the Unit; however, this pool should expand with any Unit expansion, and should contract with any Unit contraction. The vertical limits of this pool should extend from the base of the Mesaverde Group to the base of the Greenhorn formation or top of the Graneros formation:

Case No. 15471
Order No. R-14194
Page 6 of 9

(39) Should a new pool for Mancos development be formed that encompasses the area of the Ponderosa Unit, then the existing pool for Unit wells should be contracted, and the wells in the Ponderosa Unit should be incorporated into that new Mancos pool. In that event, the operator of the Ponderosa Unit shall file the necessary forms with the Division to dedicate those wells to the new pool:

(40) There was no request from the Applicant or testimony presented at the hearing asking for oil wells within this new pool to be spaced on other than one quarter-quarter section. The new pool shall be based on Division Rule 19.15.15.9 NMAC:

(41) Applicant's request for 330 foot setbacks from the outer boundary of the Unit Area should be granted in order to prevent waste and protect correlative rights:

(42) Division approval of the Ponderosa Unit should be effective on the first day of the month following the latter of:

- a. The entry date of this order; or
- b. The date on which final approval of the Ponderosa Unit is obtained from both the State Land Office and the Bureau of Land Management:

(43) Within 30 days of the Division's effective approval date as detailed above, the operator of this Unit should be required to rename all Unit wells and dedicate all Unit wells to the new pool:

(44) Any submitted form C-102 for Unit wells should show: i) the drilling block for that particular well (each standard-sized spacing unit penetrated by the well); and ii) the total acreage within the Unit and the Division order number approving the Unit:

(45) This application should be approved.

IT IS THEREFORE ORDERED THAT:

(1) The application of Encana Oil and Gas (USA), Inc. for approval of the Ponderosa Unit (the "Unit) consisting of 19,839.48 acres, more or less, of Federal, State, and Navajo Allotted lands in San Juan County, New Mexico, is hereby granted.

(2) The Unit shall comprise the following-described acreage:

Section 36:	All
-------------	-----

(3) The Unitized Interval shall include all formations from 100 feet below the stratigraphic equivalent of the top of the Mancos Shale (base of the Mesa Verde Group), to the stratigraphic equivalent of the base of the Greenhorn Limestone, as shown on the log of the R G Federal Well No. 1 (API 30-045-25087) located in Unit Letter B, Section 8, Township 23 North, Range 10 West, NMPM, San Juan County, New Mexico.

(4) Applicant's request for the creation of a new pool within the Unit Area to be dedicated to horizontal wells in the Mancos formation (the "Unit wells") is hereby approved. All existing or subsequently drilled Unit wells shall be dedicated to (only) one pool to be named the **Ponderosa Unit; Mancos Oil Pool**. The horizontal limits of this pool shall be limited to the current lands within the Unit; however, this pool shall expand with any Unit expansion, but shall contract with any Unit contraction. The vertical limits of this pool shall extend from the base of the Mesaverde Group to the base of the Greenhorn formation or top of the Graneros formation.

(5) Should a new pool for Mancos development be formed that encompasses the area of the Ponderosa Unit, then the existing pool for Unit wells will be contracted, and the wells in the Ponderosa Unit shall be incorporated into that new Mancos pool. In that event, the operator of the Ponderosa Unit shall file the necessary forms with the Division to dedicate those wells to the new pool.

(6) Applicant's request pertaining to well locations within the Unit is hereby approved. Any Unit wells may be drilled anywhere within the Unit provided that no portion of the completed interval is closer than 330 feet to the outer boundary of the Unit unless otherwise approved by the Division pursuant to Division Rule 19.15.15.13 NMAC.

Case No. 15471
Order No. R-14194
Page 8 of 9

(7) Encana Oil and Gas (USA) Inc. (OGRID 282327) is hereby designated the operator of the Unit.

(8) The plan contained within the Ponderosa Unit Agreement for the development and operation of the Unit is hereby approved in principle as a proper conservation measure.

(9) The Unit operator shall file with the Division an executed original or executed counterpart of the Unit Agreement within 60 days of the date of this order. In the event of subsequent joinder by any other party, or expansion or contraction of the Unit Area, the Unit operator shall file with the Division, within 60 days thereafter, counterparts of the Unit Agreement reflecting the subscription of those interests having joined or ratified.

(10) All plans of development for the Ponderosa Unit shall be submitted annually to the Division for review and approval.

(11) The Applicant shall provide to the Division a written copy of the final approval of the Ponderosa Unit by the State Land Office and the Bureau of Land Management.

(12) Division approval of the Ponderosa Unit shall be effective on the first day of the month following the latter of:

- a. The entry date of this order; or
- b. The date on which final approval of the Ponderosa is obtained from both the State Land Office and the Bureau of Land Management.

(13) Within 30 days of the Division's effective approval date as detailed above, the operator of this Unit shall rename all Unit wells and shall dedicate all Unit wells to the new pool.

(14) Any submitted form C-102 for Unit wells shall show: i) the drilling block for that particular well (each standard-sized spacing unit penetrated by the well); and ii) the total acreage within the Unit and the Division order number approving the Unit.

(15) Jurisdiction of this case is retained for the entry of such further orders as the Division may deem necessary.

EXPLORATORY UNITSUNIT AGREEMENT
FOR THE DEVELOPMENT AND OPERATION
OF THE

PONDEROSA UNIT AREA

COUNTY OF SAN JUAN
STATE OF NEW MEXICO

NO. _____

THIS AGREEMENT, entered into as of the 1st day of July, 2013, by and between the parties subscribing, ratifying, or consenting hereto, and herein referred to as the "parties hereto".

THIS AGREEMENT, is limited in applicability to wells containing a lateral or laterals drilled, completed or recompleted so that horizontal component of the completion interval extends at least one thousand feet (1,000') in the objective formation ("Horizontal Well(s)"). All pre-existing and future vertical wells within the Unit boundary drilled and completed in the Mancos Shale Group (see 3. UNITIZED LAND AND UNITIZED SUBSTANCES) are excluded from this Agreement.

WITNESSETH:

WHEREAS, the parties hereto are the owners of working, royalty or other oil and gas interests in the unit area subject to this agreement; and

WHEREAS, the Mineral Leasing Act of February 25, 1920, 41 Statute 437, as amended 30 U.S.C. Section 181 et. seq., authorizes Federal lessees and their representatives to unite with each other, or jointly or separately with others, in collectively adopting and operating a unit plan of development or operations of any oil and gas pool, field, or like area, or any part thereof for the purpose of more properly conserving the natural resources thereof whenever determined and certified by the Secretary of the Interior to be necessary or advisable in the public interest; and

WHEREAS, the Act of March 3, 1909, (35 Stat. 763) as amended by the act of August 9, 1955, (69 Stat. 540), the Act of May 11, 1938, (52 Stat. 347 as amended, 25 U.S.C., Sec. 396a-g), Act of August 4, 1947, (61 Stat. 732), Indian Mineral Development Act of 1982 (25 U.S.C. 2101-2108), provides that all operations under any oil and gas lease on tribal and/or allotted Indian lands shall be subject to the rules and regulations of the Secretary of the Interior, and regulations issued pursuant to said statute provide that, in the exercise of his judgment, the Secretary may take into consideration, among other things, the Federal laws, state laws or regulations by competent Federal or State authorities or lawful agreements among operators regulating either drilling or production or both (25 C.F.R. Sec. 211.28 and 212.28); and,

WHEREAS, the Commissioner of Public Lands of the State of New Mexico is authorized by an Act of the Legislature (Section 19-10-45, 46, 47 NM Statutes 1978 Annotated) to consent to or approve this agreement on behalf of the State of New Mexico, insofar as it covers and includes lands and mineral interest of the State of New Mexico; and

WHEREAS, the Oil Conservation Division of the New Mexico Energy and Minerals Department, hereinafter referred to as "Division", is authorized by an act of the Legislature (Chapter 70 and 71, NM Statutes 1978 Annotated) to approve this agreement and the conservation provisions hereof; and

WHEREAS, the parties hereto hold sufficient interests in the Ponderosa Unit Area covering the land hereinafter described to give reasonably effective control of operations therein; and

WHEREAS, it is the purpose of the parties hereto to conserve natural resources, prevent waste, and secure other benefits obtainable through development and operation of the area subject to this agreement under the terms, conditions, and limitations herein set forth:

NOW, THEREFORE, in consideration of the premises and the promises herein contained, the parties hereto covenant to this agreement their respective interests in the below-defined unit area, and agree severally among themselves as follows:

1. **ENABLING ACT AND REGULATIONS.** The Acts of March 3, 1909 and of February 25, 1920, as amended, supra, and all valid pertinent regulations including operating and unit plan regulations, heretofore issued thereunder or valid, pertinent and reasonable regulations hereafter issued thereunder are accepted and made a part of this agreement as to Federal and Indian trust lands, provided such regulations are not inconsistent with the terms of this agreement; and as to non-Federal and non-Indian trust lands, the oil and gas operating regulations in effect as of the effective date hereof governing drilling and producing operations, not inconsistent with the terms hereof or the laws of the State in which the non-Federal land is located, are hereby accepted and made a part of this agreement.

2. **UNIT AREA.** The following described land is hereby designated and recognized as constituting the unit area:

See map attached hereto marked as Exhibit "A" is hereby designated and recognized as constituting the Unit Area containing 19,839.48 acres more or less.

Exhibit "A" shows, in addition to the boundary of the unit area, the boundaries and identity of tracts and leases in said area to the extent known to the Unit Operator. Exhibit "B" attached hereto is a schedule showing to the extent known to the Unit Operator, the acreage, percentage, and kind of ownership of oil and gas interests in all lands in the unit area. However, nothing herein or in Exhibits "A" and "B" shall be construed as a representation by any party hereto as to the ownership of any interest other than such interest or interests as are shown in the Exhibits as owned by such party. Exhibits "A" and "B" shall be revised by the Unit Operator whenever changes in the unit area or in the ownership interests in the individual tracts render such revision necessary, or when requested by the Authorized officer, hereinafter referred to as "AO", or when requested by the Commissioner of Public Lands of the State of New Mexico, hereinafter referred to as "Land Commissioner", and not less than four (4) copies of the revised Exhibits shall be filed with the proper Bureau of Land Management office, and one (1) copy thereof shall be filed with the Land Commissioner, and one (1) copy with the New Mexico Oil Conservation Division of the Energy and Minerals Department, hereinafter referred to as "Division".

The above-described unit area shall, when practicable, be expanded to include therein any additional lands whenever such expansion is deemed to be necessary or advisable to conform with the purposes of this agreement. Such expansion shall be affected in the following manner:

(a) Unit Operator, on its own motion (after preliminary concurrence by the AO and the Federal Indian Minerals Office (FIMO)), or on demand of the AO or FIMO, or the Land Commissioner (after preliminary concurrence by the AO and FIMO and the Land Commissioner) shall prepare a Notice of Proposed Expansion describing the contemplated changes in the boundaries of the unit area, the reasons therefore, any plans for additional drilling, and the proposed effective date of the expansion, preferably the first day of a month subsequent to the date of notice.

(b) Said notice shall be delivered to the proper Bureau of Land Management office, the Land Commissioner and the Division, and copies thereof mailed to the last known address of each working interest owner, lessee and lessor whose interest are affected, advising that 30 days will be allowed for submission to the Unit Operator of any objections.

(c) Upon expiration of the 30-day period provided in the preceding item (b) hereof, Unit Operator shall file with the AO, the Land Commissioner and the Division, evidence of mailing of the Notice of Expansion and a copy of any objections thereto which have been filed with Unit Operator together with an application in triplicate, for approval of such expansion and with appropriate joinders.

(d) After due consideration of all pertinent information, the expansion shall, upon approval by the AO and FIMO, the Land Commissioner and the Division, become effective as of the date prescribed in the notice thereof or such other appropriate date.

3. **UNITIZED LAND AND UNITIZED SUBSTANCES.** All land now or hereafter committed to this agreement shall constitute land referred to herein as "unitized land" or "land subject to this agreement". For the purposes used in this unit agreement, the term "unitized land" shall include all unleased Federal lands, which shall, for all purposes, upon the authorized officers' approval of the unit be deemed committed to this agreement to govern development and operations of the unitized substances thereunder. Nothing in this agreement shall be deemed to grant rights to the use of surface overlying such unleased Federal lands for any oil and gas operations conducted under this agreement. All oil and gas in the Mancos Shale Group, including genetically related rocks from 100 feet below the stratigraphic equivalent of the top of the Mancos Shale (base of Mesa Verde Group) to the stratigraphic equivalent of the base of the Greenhorn Limestone as shown in the R G Federal #1 well (API #30-045-25087) in Section 8, Township 23, North, Range 10 West, N.M.P.M., extending from 3,450' to 5,155', are unitized under the terms of this agreement and herein are called "unitized substances" (see type log attached as Exhibit "C").

4. **UNIT OPERATOR.** Encana Oil & Gas (USA) Inc., hereby designated as Unit Operator and by signature hereto as Unit Operator agrees and consents to accept the duties and obligations of Unit Operator for the discovery, development, and production of unitized substances as herein provided. Whenever reference is made herein to the Unit Operator, such reference means the Unit Operator acting in the capacity and not as an owner of interest in unitized substances, and the term "working interest owner" when used herein shall include or refer to Unit Operator as the owner of a working interest only when such an interest is owned by it.

5. **RESIGNATION OR REMOVAL OF UNIT OPERATOR.** Unit Operator shall have the right to resign at any time prior to the establishment of unitized production or areas hereunder, but such resignation shall not become effective so as to release Unit Operator from the duties and obligations of Unit Operator and terminate Unit Operator's rights as such for a period of six (6) months after notice of intention to resign has been served by Unit Operator on all working interest owners and the AO, and the Land Commissioner and the Division, and until all wells then drilled hereunder are placed in a satisfactory condition for suspension or abandonment, whichever is required by the AO as to Federal and Indian trust lands, and the Division as to State lands unless a new Unit Operator shall have been selected and approved and shall have taken over and assumed the duties and obligations of Unit Operator prior to the expiration of said period.

Unit Operator shall have the right to resign in like manner and subject to like limitations as above provided at any time after a producing unit area established hereunder is in existence, but in all instances of resignation or removal, until a successor Unit Operator is selected and approved as hereinafter provided, the working interest owners shall be jointly responsible for performance of the duties of Unit Operator, and shall not later than thirty (30) days before such resignation or removal becomes effective appoint a common agent to represent them in any action to be taken hereunder.

The resignation of Unit Operator shall not release Unit Operator from any liability for any default by it hereunder occurring prior to the effective date of its resignation.

The Unit Operator may, upon default or failure in the performance of its duties or obligations hereunder, be subject to removal by the same percentage vote of the owners of working interests as herein provided for the selection of a new Unit Operator. Such removal shall be effective upon notice thereof to the AO and the Land Commissioner.

The resignation or removal of Unit Operator under this agreement shall not terminate its right, title, or interest as the owner of a working interest or other interest in unitized substances, but upon the resignation or removal of Unit Operator becoming effective, such Unit Operator shall deliver possession of all wells, equipment, materials, and appurtenances used in conducting the unit operations to the newly qualified successor Unit Operator or to the common agent, if no such new Unit Operator is selected, elected, to be used for the purpose of conducting unit operations hereunder. Nothing herein shall be construed as authorizing removal of any material, equipment, or appurtenances needed for the preservation of any wells.

6. **SUCCESSOR UNIT OPERATOR.** Whenever the Unit Operator shall tender his or its resignation as Unit Operator or shall be removed as hereinabove provided, or a change of Unit Operator as negotiated by the working interest owners, the owners of the working interests according to their respective acreage interest in all unitized land shall, pursuant to the approval of the parties requirements of the unit operating agreement, select a successor Unit Operator. Such selection shall not become effective until:

- (a) a Unit Operator so selected shall accept in writing the duties and responsibilities of Unit Operator, and
- (b) the selection shall have been approved by the AO and FIMO and approved by the Land Commissioner.

If no successor Unit Operator is selected and qualified as herein provided, the AO and FIMO and the Land Commissioner, at their election may declare this unit agreement terminated.

7. **ACCOUNTING PROVISIONS AND UNIT OPERATING AGREEMENT.** If the Unit Operator is not the sole owner of working interests, costs and expenses incurred by Unit Operator in conducting unit operations hereunder shall be paid and apportioned among and borne by the owners of working interests, all in accordance with the agreement or agreements entered into by and between the Unit Operator and the owners of working interests, whether one or more, separately or collectively. Any agreement or agreements entered into between the working interest owners and the Unit Operator as provided in this section, whether one or more, are herein referred to as the "unit operating agreement". Such unit operating agreement shall also provide the manner in which the working interest owners shall be entitled to receive their respective proportionate and allocated share of the benefits accruing hereto in conformity with their underlying operating agreements, leases, or other independent contracts, and such other rights and obligations as between Unit Operator and the working interest owners as may be agreed upon by Unit Operator and the working interest owners; however, no such unit operating agreement shall be deemed either to modify any of the terms and conditions of this unit agreement or to relieve the Unit Operator of any right or obligation established under this unit agreement, and in case of any inconsistency or conflict between this agreement and the unit operating agreement, this agreement shall govern. Two copies of any unit operating agreement executed pursuant to this section shall be filed in the proper Bureau of Land Management office and one true copy with the Land Commissioner, and one true copy with the Division prior to approval of this unit agreement.

8. **RIGHTS AND OBLIGATIONS OF UNIT OPERATOR.** Except as otherwise specifically provided herein, the exclusive right, privilege, and duty of exercising any and all rights of the parties hereto which are necessary or convenient for prospecting for, producing, storing, allocating, and distributing the unitized substances are hereby delegated to and shall be exercised by the Unit Operator as herein provided. Acceptable evidence of title to said rights shall be deposited with Unit Operator and, together with this agreement, shall constitute and define the rights, privileges, and obligations of Unit Operator. Nothing herein, however, shall be construed to transfer title to any land or to any lease or operating agreement, it being understood that under this agreement the Unit Operator, in its capacity as Unit Operator, shall exercise the rights of possession and use vested in the parties hereto only for the purposes herein specified.

9. **DRILLING TO DISCOVERY.** For the purposes of this Unit Agreement, the Encana Good Times D06 2309 01H well with a surface location in the NW4NW4 of Section 6, Township 23 North, Range 9 West, N.M.P.M., and a 4,594 foot horizontal lateral in the Mancos Shale Group located in the center of said Section 6, which Unit Operator commenced on July 4, 2013 and completed on September 10, 2013, shall hereby be approved by the AO, FIMO, the Land Commissioner and the Division as the obligation well necessary to validate this Unit Agreement (Initial Well). In addition, the Encana Good Times P36A 2410 01H well with a surface location in the SE4SE4 of Section 36, Township 24 North, Range 10 West, N.M.P.M., and a 5,606 foot horizontal lateral in the Mancos Shale Group located in the W2E2 of Section 1, Township 23 North, Range 10 West,

N.M.P.M., and the Encana Good Times P36A 2410 03H well with a surface location in the SE4SE4 of Section 36, Township 24 North, Range 10 West, N.M.P.M. and a 5,031 foot horizontal lateral in the Mancos Shale Group located in the EZE2 of Section 1, Township 23 North, Range 10 West, N.M.P.M. are both existing horizontal wells located within the boundary of the Unit Agreement which were drilled and completed in the Unitized formation subsequent to the effective date of this Unit Agreement and subsequent to the completion of the Initial Well (Existing Wells). Within six (6) months after final approval of this Unit Agreement, the Unit Operator shall submit a paying well determination report for the Initial Well to the AO to determine if the Initial Well can be produced in paying quantities (to-wit: quantities sufficient to repay the costs of drilling, completing, and producing operations, with a reasonable profit). If the Initial Well is not capable of producing in paying quantities, then, Unit Operator shall submit a paying well determination report to the AO for the first of the Existing Wells which commenced after the Initial Well, and likewise thereafter, each succeeding Existing Well drilled until it is determined that one of the Existing Well(s) is capable of producing in paying quantities. If paying well determination reports have been submitted for the Initial Well and all of the Existing Wells and none have proven to be capable of producing in paying quantities, then the Unit Operator shall continue drilling one well at a time, allowing not more than one (1) year between the completion of one well and the commencement of drilling operations for the next well, the first of which shall commence within one (1) year from non-paying determination by AO of the last Existing Well, until a well capable of producing unitized substances in paying quantities is completed to the satisfaction of the AO, if on Federal or Indian trust land, or the Land Commissioner if on State land or until it is reasonably proved that the unitized land is incapable of producing unitized substances in paying quantities in the formations drilled hereunder. Nothing in this section shall be deemed to limit the right of the Unit Operator to resign as provided in Section 5 hereof, or as requiring Unit Operator to commence or continue any drilling during the period pending such resignation becoming effective in order to comply with the requirements of this section.

The AO and the Land Commissioner may modify any of the drilling requirements of this section by granting reasonable extensions of time when, in their opinion, such action is warranted.

Upon failure to commence any well as provided for in this section within the time allowed including any extension of time granted by the AO and the Land Commissioner, this agreement will automatically terminate. Upon failure to continue drilling diligently any well commenced hereunder, the AO and the Land Commissioner may, after fifteen (15) days notice to the Unit Operator, declare this unit agreement terminated. The parties to this agreement may not initiate a request to voluntarily terminate this agreement during the first six (6) months of its term unless at least one obligation well has been drilled in accordance with the provisions of this section. The failure to commence a well subsequent to the drilling of the initial obligation well, or in the case of multiple well requirements, if specified, subsequent to the drilling of those multiple wells, as provided for in this (these) section(s), within the time allowed including any extension of time granted by the AO and the Land Commissioner, shall cause this agreement to terminate automatically. Upon failure to continue drilling diligently any well other than the obligation well(s) commenced hereunder, the AO and the Land Commissioner may, after 15 days notice to the Unit Operator, declare this unit agreement terminated. Failure to commence drilling the initial obligation well, or the first of multiple obligation wells, on time and to drill it diligently shall result in the unit agreement approval being declared invalid ab initio by the AO and the Land Commissioner. In the case of multiple well requirements, failure to commence drilling the required multiple wells beyond the first well, and to drill them diligently, may result in the unit agreement approval being declared invalid ab initio by the AO and the Land Commissioner.

10. PLAN OF FURTHER DEVELOPMENT AND OPERATION. Within twelve (12) months after completion of a well capable of producing unitized substances in paying quantities, the Unit Operator shall submit for the approval of the AO, the Land Commissioner and the Division, an acceptable plan of development and operation for the unitized land which, when approved by the AO, the Land Commissioner and the Division, shall constitute the further drilling and development obligations of the Unit Operator under this agreement for the period specified therein. Thereafter, from time to time before the expiration of any existing plan, the Unit Operator shall submit for the approval of the AO, the Land Commissioner and the Division, a plan for an additional specified period for the development and operation of the unitized land. Subsequent plans should normally be filed on a calendar year basis not later than March 1 each year. Any proposed modification or addition to the existing plan should be filed as a supplement to the plan.

Any plan submitted pursuant to this section shall provide for the timely exploration of the unitized area, and for the diligent drilling necessary for determination of the area or areas capable of producing unitized substances in paying quantities. This plan shall be as complete and adequate as the AO, the Land Commissioner and the Division, may determine to be necessary for timely development and proper conservation of the oil and gas resources of the unitized area and shall:

- (a) specify the number and locations of any wells to be drilled and the proposed order and time for such drilling; and
- (b) provide a summary of operations and production for the previous year.

Plans shall be modified or supplemented when necessary to meet changed conditions or to protect the interests of all parties to this agreement. Reasonable diligence shall be exercised in complying with the obligations of the approved plan of development and operation. The AO, the Land Commissioner and the Division are authorized to grant a reasonable extension of the 12-month period herein prescribed for submission of an initial plan of development and on operation where such action is justified because of unusual conditions or circumstances.

After completion of a well capable of producing unitized substances in paying quantities, no further wells, except such as may be necessary to afford protection against operations not under this agreement and such as may be specifically approved by the AO, the Land Commissioner and the Division shall be drilled except in accordance with an approved plan of development and operation.

11. ALLOCATION OF PRODUCTION. All unitized substances produced under this agreement, except any part thereof used in conformity with good operating practices within the unitized area for drilling, operating, and other production or development purposes, or for repressuring or recycling in accordance with a plan of development and operations that has been approved by the AO, or unavoidably lost shall be deemed to be produced equally on an acreage basis from the several tracts of unitized land. Each such tract shall have allocated to it such percentage of said production as the number of acres of such tract bears to the total acres of unitized land. There shall be allocated to the working interest owner(s) of each tract of unitized land (excluding unleased Federal land), such percentage of the production attributable to the unleased Federal land within the unitized area as the number of acres of such unleased Federal land included in said unitized area bears to the total acres of unitized land, subject to the payment of the compensatory royalty specified in section 15(b) of this agreement. Allocation of production hereunder for purposes other than for settlement of the royalty, overriding royalty, or payment out of production obligations of the respective working interest owners, including compensatory royalty obligations under section 15, shall be prescribed as set forth in the unit operating agreement or as otherwise mutually agreed by the affected parties, whether in conformity with the basis of allocation herein set forth or otherwise.

12. ROYALTY SETTLEMENT. The United States, the Indians, the State of New Mexico, and any royalty owner who are entitled to take in kind a share of the substances now unitized hereunder shall hereafter be entitled to the right to take in kind its share of the unitized substances, and Unit Operator, or the working interest owner in case of the operation of a well by a working interest owner as herein provided for in special cases, shall make deliveries of such royalty share taken in kind in conformity with the applicable contracts, laws, and regulations. Settlement for royalty interest not taken in kind shall be made by working interest owners responsible therefore under existing contracts, laws and regulations, or by the Unit Operator on or before the last day of each month for unitized substances produced during the preceding calendar month; provided, however, that nothing in this section shall operate to relieve the responsible parties of any land from their respective lease obligations for the payment of any royalties due under their leases.

If gas obtained from lands not subject to this agreement is introduced into the unit area hereunder, for use in repressuring, stimulation of production, or increasing ultimate recovery in conformity with a plan of development and operation approved by the AO, and the Land Commissioner and the Division, a like amount of gas, after settlement as herein provided for any gas transferred from any other area and with appropriate deduction for loss from any cause, may be withdrawn from the formation into which the gas is introduced, royalty free as to dry gas, but not as to any products which may be extracted therefrom; provided that such withdrawal shall be at such time as may be provided in the approved plan of development and operation or as may otherwise be consented to by the AO, and the Land Commissioner and the Division as conforming to good petroleum engineering practice; and provided further, that such right of withdrawal shall terminate on the termination of this Unit Agreement.

Royalty due on United States and Indian trust lands, including compensatory royalty specified in Section 15(b), shall be computed as provided in 30 CFR Group 200 and paid in value or delivered in kind as to all unitized substances on the basis of the amounts thereof allocated to unitized land as provided in Section 11 at the rates specified in the respective lease, or at such other rate or rates as may be authorized by law or regulation and approved by the AO; provided, that for leases on which the royalty rate depends on the daily average production per well, said average production shall be determined in accordance with the operating regulations as though the unitized area were a single consolidated lease.

Royalty due on account of State lands shall be computed and paid on the basis of all unitized substances allocated to such lands.

13. RENTAL SETTLEMENT. Rental or minimum royalties due on leases committed hereto shall be paid by appropriate working interest owners under existing contracts, laws, and regulations, provided that nothing herein contained shall operate to relieve the lessees of any land from their respective lease obligations for the payment of any rental or minimum royalty due under their leases. Rental or minimum royalty for lands of the United States and Indian trust lands subject to this agreement shall be paid at the rate specified in the respective leases from the United States, and Indian trust lands, unless such rental or minimum royalty is waived, suspended, or reduced by law or by approval of the Secretary or his duly authorized representative.

With respect to any lease on non-federal or non-Indian trust land containing provisions which would terminate such lease unless drilling operations are commenced upon the land covered thereby within the time therein specified or rentals are paid for the privilege of deferring such drilling operations, the rentals required thereby shall, notwithstanding any other provision of this agreement, be deemed to accrue and become payable during the term thereof as extended by this agreement and until the required drilling operations are commenced upon the land covered thereby, or until the unit area establishes production.

Rentals on State of New Mexico lands subject to this agreement shall be paid at the rate specified in the respective leases.

14. CONSERVATION. Operations hereunder and production of unitized substances shall be conducted to provide for the most economical and efficient recovery of said substances without waste, as defined by or pursuant to State or Federal law or regulation.

15. DRAINAGE.

(a) The Unit Operator shall take such measures as the AO and the Land Commissioner deems appropriate and adequate to prevent drainage of unitized substances for unitized land by wells on land not subject to this agreement, which shall include the drilling of protective wells and which may include the payment of a fair and reasonable compensatory royalty, as determined by the AO and the Land Commissioner as to State leases.

(b) Pursuant to CFR 43, §3181.5, in order to compensate the United States for drainage from any unleased Federal lands committed to this unit, twelve and one-half percent (12.50%) of the production that would be attributable to such unleased Federal lands under Section 12 of this agreement, if they were leased and committed to the unit, shall be payable as compensatory royalties to the Federal Government as prescribed under Section 11 hereunder. Payment shall accrue from the date of first production of unitized substances from the unit. If leased Federal lands that share in actual production allocation from the unit become unleased, the payment shall accrue from the date the Federal lands become unleased. Payment due under this provision shall end when the unleased Federal tract is leased; when production of unitized substances ceases within the unit; or, when the unit terminates, whichever occurs first.

16. LEASES AND CONTRACTS CONFORMED AND EXTENDED. The terms, conditions, and provisions of all leases, subleases, and other contracts relating to exploration, drilling, development, or operation for oil or gas on lands committed to this agreement are hereby expressly modified and amended to the extent necessary to make the same conform to the provisions hereof, but otherwise to remain in full force and effect; and the parties hereto hereby consent that the Secretary, as to Federal and Indian trust leases and the Land Commissioner as to State leases, each by his approval hereof, or by the approval hereof by his duly authorized representative, shall and does hereby establish, alter, change, or revoke the drilling, producing, rental minimum royalty, and royalty requirements of Federal, State, and Indian leases committed hereto and the regulations in respect thereto to conform said requirements to the provisions of this agreement, and, without limiting the generality of the foregoing, all leases, subleases, and contracts are particularly modified in accordance with the following:

(a) The development and operation of lands subject to this agreement under the terms hereof shall be deemed full performance of all obligations for development and operation with respect to each and every separately owned tract subject to this agreement, regardless of whether there is any development of any particular tract of this unit area.

(b) Drilling and producing operations performed hereunder upon any tract of unitized lands will be accepted and deemed to be performed upon and for the benefit of each and every tract of unitized land, and no lease shall be deemed to expire by reason of failure to drill or produce wells situated on the land therein embraced.

(c) Suspension of drilling or producing operations on all unitized lands pursuant to direction or consent of the AO and FIMO, and the Land Commissioner or his duly authorized representative shall be deemed to constitute such suspension pursuant to such direction or consent as to each and every tract of unitized land. A suspension of drilling or producing operations limited to specified lands shall be applicable only to such lands.

(d) Each lease, sublease or contract relating to the exploration, drilling, development, or operation for oil or gas of lands other than those of the United States and Indian trust lands, and the State of New Mexico committed to this agreement which, by its terms might expire prior to the termination of this agreement, is hereby extended beyond any such term so provided therein so that it shall be continued in full force and effect for and during the term of this agreement.

(e) Any Federal lease committed hereto shall continue in force beyond the term so provided therein or by law as to the land committed so long as such lease remains subject hereto, provided that a well capable of production of unitized substances in paying quantities is established in paying quantities under this unit agreement prior to the expiration date of the term of such lease, or in the event actual drilling operations are commenced on unitized land, in accordance with provisions of this agreement, prior to the end of the primary term of such lease and are being diligently prosecuted at that time, such Federal lease shall be extended for two years, and so long thereafter as oil or gas is produced in paying quantities in accordance with the provisions of the Act of February 25, 1920, as amended. Any Indian lease committed hereto shall continue in force beyond the term so provided therein or by law as to the land committed so long as such lease remains subject hereto, provided that production of Unitized Substances in paying quantities is established under this Unit Agreement prior to the expiration date of the term of such lease and such lease shall be extended for so long thereafter as oil or gas is produced in paying quantities in accordance with the provisions of the acts governing the leasing of Indian lands.

(f) Each sublease or contract relating to the operation and development of unitized substances from lands of the United States or Indian trust lands committed to this agreement, which by its terms would expire prior to the time at which the underlying lease, as extended by the immediately preceding paragraph, will expire, is hereby extended beyond any such term so provided therein so that it shall be continued in full force and effect for and during the term of the underlying lease as such term is herein extended.

(g) The segregation of any Federal lease committed to this agreement is governed by the following provision in the fourth paragraph of Section 17 (j) of the Mineral Leasing Act, as amended by the Act of September 2, 1960, (74 Stat. 781-784) (30 U.S.C. 226 (m)): "Any (Federal) lease heretofore or hereafter committed to any such (Unit) plan embracing lands that are in part within and in part outside the area covered by any such plan shall be segregated into separate leases as to the lands committed and the lands not committed as of the effective date of unitization. Provided, however that any such lease as to non-unitized portion shall continue in force and effect for the term thereof, but for not less than two years from the date of such segregation and so long thereafter as oil or gas is produced in paying quantities."

(h) In the event the Initial Test Well is commenced prior to the expiration date of the shortest term State Lease within the Unit Area, any lease embracing lands of the State of New Mexico which is made the subject to this agreement, shall continue in force beyond the term provided therein as to the lands committed hereto until the termination hereof.

(i) Any lease embracing lands of the State of New Mexico having only a portion of its lands committed hereto, shall be segregated as to the portion committed and the portion not committed, and the terms of such lease shall apply separately to such segregated portions commencing as the effective date hereof; provided, however, that notwithstanding any of the provisions of this agreement to the contrary, such lease shall continue in full force and effect beyond the term provided therein as to all lands embraced in such lease, if oil or gas is being produced in paying quantities from some part of the lands embraced in such lease at the expiration of the fixed term of such lease; or if, at the expiration of the fixed term, the lessee or the Unit Operator is then engaged in bona fide drilling or reworking operations on some part of the lands embraced in such lease, then the same as to all lands

embraced therein shall remain in full force and effect so long as such operations are being diligently prosecuted, and if they result in the production of oil or gas, said lease shall continue in full force and effect as to all the lands embraced therein, so long thereafter as oil or gas in paying quantities is being produced from any portion of said lands.

If the public interest requirement is not satisfied, the segregation of a lease and/or extension of a lease pursuant to 43 C.F.R. 3107.3-2 and 43 C.F.R. 3107.4, respectively, shall not be effective.

17. COVENANTS RUN WITH LAND. The covenants herein shall be construed to be covenants running with the land with respect to the interests of the parties hereto and their successors in interest until this agreement terminates, and any grant, transfer or conveyance of interest in land or lease subject hereto shall be and hereby is conditioned upon the assumption of all privileges and obligations hereunder by the grantee, transferee, or other successor in interest. No assignment or transfer of any working interest, royalty, or other interest subject hereto shall be binding upon Unit Operator until the first day of the calendar month after Unit Operator is furnished with the original, photostatic, or certified copy of the instrument of transfer.

18. EFFECTIVE DATE AND TERM. This effective date of this agreement shall be on July 1, 2013. The agreement shall become effective upon approval by the AO and the Federal Indian Minerals Office shall automatically terminate five (5) years from said effective date unless:

- (a) Upon application by the Unit Operator such date of expiration is extended by the AO and the Land Commissioner; or
- (b) it is reasonably determined prior to the expiration of the fixed term or any extension thereof that the unitized land is incapable of production of unitized substances in paying quantities in the formations tested hereunder, and after notice of intention to terminate this agreement on such ground is given by the Unit Operator to all parties in interest at their last known addresses, this agreement is terminated with approval of the AO and the Land Commissioner; or
- (c) a valuable discovery of unitized substances in paying quantities has been made or accepted on unitized land during said initial term or any extension thereof, in which event this agreement shall remain in effect for such term and so long thereafter as unitized substances can be produced as to Federal or Indian trust lands and are being produced as to State lands in quantities sufficient to pay for the cost of producing same from wells on unitized land. Should production cease and diligent drilling or re-working operations to restore production or new production are not in progress or reworking within sixty (60) days and production is not restored or should new production not be obtained in paying quantities on committed lands within this unit area, this agreement will automatically terminate effective the last day of the month in which the last unitized production occurred; or
- (d) it is voluntarily terminated as provided in this agreement. Except as noted herein this agreement may be terminated at any time prior to the discovery of unitized substances which can be produced in paying quantities by not less than 75 per centum, on an acreage basis, of the working interest owners signatory hereto, with the approval of the AO and the Land Commissioner. The Unit Operator shall give notice of any such approval to all parties hereto. Voluntary termination may not occur during the first six (6) months of this agreement unless at least one obligation well shall have been drilled in conformance with Section 9.

19. RATE OF PROSPECTING, DEVELOPMENT, AND PRODUCTION. The AO is hereby vested with authority to alter or modify from time to time, in his discretion, the quantity and rate of production under this agreement when such quantity and rate are not fixed pursuant to Federal or State law, or do not conform to any State-wide voluntary conservation or allocation program which is established, recognized, and generally adhered to by the majority of operators in such State. The above authority is hereby limited to alteration or modifications which are in the public interest. The public interest to be served and the purpose thereof must be stated in the order of alteration or modification. Without regard to the foregoing, the AO is also hereby vested with authority to alter or modify from time to time, in his discretion, the rate of prospecting and development and the quantity and rate of production under this agreement when such alteration or modification is in the interest of attaining the conservation objectives stated in this agreement and is not in violation of any applicable Federal or State law; provided, further, that no such alteration or modification shall be effective as to any land of the State of New Mexico, as to the rate of prospecting and developing in the absence of the specific written approval thereof by the Land Commissioner and also to any lands of the State of New Mexico subject to this agreement as to the quantity and rate of production in the absence of specific written approval thereof by the Division.

Powers in the section vested in the AO shall only be exercised after notice to Unit Operator and opportunity for hearing to be held not less than 15 days from notice.

20. APPEARANCES. Unit Operators shall, after notice to other parties affected, have the right to appear for and on behalf of any and all interest affected hereby before the Department of the Interior, and the Land Commissioner and the Division and to appeal from orders issued under the regulations of said Department and the Land Commissioner and the Division or to apply for relief from any of said regulations, or in any proceedings relative to operations before the Department and the Land Commissioner and the Division or any other legally constituted authority; provided, however, that any other interested party shall also have the right at its own expense to be heard in any such proceeding.

21. NOTICES. All notices, demands, or statements required hereunder to be given or rendered to the parties hereto shall be in writing and shall be personally delivered to the party or parties, or sent by postpaid registered or certified mail, to the last known address of the party or parties.

22. NO WAIVER OF CERTAIN RIGHTS. Nothing contained in this agreement shall be construed as a waiver by any party hereto of the right to assert any legal or constitutional right or defense as to the validity or invalidity of any law of the State where unitized lands are located, or of the United States, or regulations issued thereunder in any way affecting such party, or as a waiver by any such party of any right beyond his or its authority to waive.

23. UNAVOIDABLE DELAY. All obligations under this agreement requiring the Unit Operator to commence or continue drilling, or to operate on, or produce unitized substances from any of the lands covered by this agreement, shall be suspended while the Unit Operator, despite the exercise of due care and diligence, is prevented from complying with such obligations, in whole or in part, by strikes, acts of God, Federal, State, or municipal law or agencies, unavoidable accidents, uncontrollable delays in transportation, inability to obtain necessary materials or equipment in open market, or other matters beyond the reasonable control of the Unit Operator whether similar to matters herein enumerated or not.

24. NONDISCRIMINATION. In connection with the performance of work under this agreement, the Unit Operator agrees to comply with all the provisions of Section 202 (1) to (7) inclusive of Executive Order 11246 (30 F.R. 12319), as amended which are hereby incorporated by reference in this agreement.

25. LOSS OF TITLE. In the event title to any tract of unitized land shall fail and the true owner cannot be induced to join in this unit agreement, such tract shall be automatically regarded as not committed hereto, and there shall be such readjustment of future costs and benefits as may be required on account of the loss of such title. In the event of a dispute as to title to any royalty, working interest, or other interests subject thereto, payment or delivery on account thereof may be withheld without liability for interest until the dispute is finally settled; provided, that, as to Federal and State lands or leases, no payments of funds due the United States or the State of New Mexico should be withheld, but such funds shall be deposited as directed by the AO and such funds of the State of New Mexico shall be deposited as directed by the Land Commissioner, to be held as unearned money pending final settlement of the title dispute, and then applied as earned or returned in accordance with such final settlement.

Unit Operator as such is relieved from any responsibility for any defect or failure of any title hereunder.

26. NON-JOINDER AND SUBSEQUENT JOINDER. If the owner of any substantial interest in a tract within the unit area fails or refuses to subscribe or consent to this agreement, the owner of the working interest in that tract may withdraw the tract from this agreement by written notice delivered to the proper Bureau of Land Management office, the Land Commissioner, the Division, and the Unit Operator prior to the approval of this agreement by the AO and the Land Commissioner. Any oil or gas interests in lands within the unit area not committed hereto prior to final approval may thereafter be committed hereto by the owner or owners thereof subscribing or consenting to this agreement, and, if the interest, is a working interest, by the owner of such interest only subscribing to the unit operating agreement.

After operations are commenced hereunder, the right of subsequent joinder, as provided in this section, by a working interest owner is subject to such requirements or approval(s), if any, pertaining to such joinder, as may be provided for in the unit operating agreement. After final approval hereof, joinder by a non-working interest owner must be consented to in writing by the working interest owner committed hereto and responsible for the payment of any benefits that may accrue hereunder in behalf of such non-working interest. A non-working interest may not be committed to this unit agreement unless the corresponding working interest is committed hereto. Joinder to the unit agreement by a working interest owner, at any time, must be accompanied by appropriate joinder to the unit operating agreement, in order for the interest to be regarded as committed to this agreement. Except as may otherwise herein be provided, subsequent joinders to this agreement shall be effective as of the date of the filing with the AO, the Land Commissioner and the Division of duly executed counterparts of all or any papers necessary to establish effective commitment of any interest and/or tract to this agreement.

27. COUNTERPARTS. This agreement may be executed in any number of counterparts, no one of which needs to be executed by all parties, or may be ratified or consented to by separate instrument in writing specifically referring hereto and shall be binding upon all those parties who have executed such a counterpart, ratification, or consent hereto with the same force and effect as if all such parties had signed the same document and regardless of whether or not it is executed by all other parties owning or claiming an interest in the lands within the above-described unit area.

28. SURRENDER. Nothing in this agreement shall prohibit the exercise by any working interest owner of the right to surrender vested in such party by any lease, sublease, or operating agreement as to all or any part of the lands covered thereby, provided that each party who will or might acquire such working interest by such surrender or by forfeiture as hereafter set forth, is bound by the terms of this agreement.

If, as a result of any such surrender, the working interest rights as to such lands become vested in any party other than the fee owner of the unitized substances, said party may forfeit such rights and further benefits from operation hereunder as to said land to the party next in the chain of title who shall be and become the owner of such working interest.

If, as a result of any such surrender or forfeiture, working interest rights become vested in the fee owner of the unitized substances, such owner may:

- (a) accept those working interest rights subject to this agreement and the unit operating agreement; or
- (b) lease the portion of such land subject to this agreement and the unit operating agreement; or
- (c) provide for the independent operation of any part of such land.

If the fee owner of the unitized substances does not accept the working interest rights subject to this agreement and the unit operating agreement or lease such lands as above provided within six (6) months after the surrender or forfeited working interest rights become vested in the fee owner, the benefits and obligations of operations accruing to such lands under this agreement and the unit operating agreement shall be shared by the remaining owners of unitized working interests in accordance with their respective working interest ownerships, and such owners of working interests shall compensate the fee owner of unitized substances in such lands by paying sums equal to the rentals, minimum royalties, and royalties applicable to such lands under the lease in effect when the lands were unitized.

An appropriate accounting and settlement shall be made for all benefits accruing to or payments and expenditures made or incurred on behalf of such surrendered or forfeited working interest subsequent to the date of surrender or forfeiture, and payment of any monies found to be owing by such an accounting shall be made as between the parties within thirty (30) days.

The exercise of any right vested in a working interest owner to reassign such working interest to the party from whom obtained shall be subject to the same conditions as set forth in this section in regard to the exercise of a right to surrender.

29. TAXES. The working interest owners shall tender and pay for their account and the account of the royalty owners all valid taxes on or measured by the unitized substances in and under or that may be produced, gathered and sold from the land covered by this agreement after its effective date, or upon the proceeds derived therefrom. The working interest owners on each tract shall and may charge the proper proportion of said taxes to royalty owners having interest in said tract, and may currently retain and deduct a sufficient amount of the unitized substances or derivative products, or net proceeds thereof, from the allocated share of each royalty owner to secure reimbursement for the taxes so paid. No such taxes shall be charged to the United States or the State of New Mexico or to any lessor who has a contract with his lessee which requires the lessee to pay such taxes.

30. NO PARTNERSHIP. It is expressly agreed that the relation of the parties hereto is that of independent contractors and nothing contained in this agreement, expressed or implied, nor any operations conducted hereunder, shall create or be deemed to have created a partnership or association between the parties hereto or any of them.

31. SURFACE AND ENVIRONMENTAL PROTECTION STIPULATIONS. Nothing in this agreement shall modify or change either the special Federal lease stipulations relating to surface management or such special Federal lease stipulations relating to surface and environmental protection, attached to and made a part of, Oil and Gas Leases covering lands within the Unit Area.

32. SEVERABILITY. Every provision of this Agreement is intended to be severable. If any term or provision hereof is illegal or invalid for any reason whatsoever, such illegality or invalidity shall not affect the validity or legality of the remainder of this Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this agreement to be executed and have set opposite their respective names the date of execution.

FEDERAL / INDIAN / STATE / FEE UNIT AGREEMENT

FOR THE DEVELOPMENT AND OPERATION

OF THE

PONDEROSA UNIT AREA

COUNTY OF SAN JUAN

STATE OF NEW MEXICO

CONTRACT NO. NMNM142119X

THIS AGREEMENT, entered into as of the__ day of _____,20_, by and between the parties subscribing, ratifying, or consenting hereto, and herein referred to as the "parties hereto,"

WITNESSETH:

WHEREAS, the parties hereto are the owners of working, royalty, or other oil and gas interests in the unit area subject to this agreement; and

WHEREAS, the Mineral Leasing Act of February 25, 1920, 41 Stat. 437, as amended, 30 U.S.C. Sec. 181 et seq., authorizes Federal lessees and their representatives to unite with each other, or jointly or separately with others, in collectively adopting and operating under a unit plan of development or operations of any oil or gas pool, field, or like area, or any part thereof for the purpose of more properly conserving the natural resources thereof whenever determined and certified by the Secretary of the Interior to be necessary or advisable in the public interest; and

WHEREAS, the rules and regulations governing the leasing of Allotted and Tribal Indian lands for oil and gas promulgated by the Secretary of the Interior (25 CFR parts 211 and 212) under and pursuant to the Act of March 3, 1909, ch. 263, 35 Stat. 783 as amended, the Act of May 11, 36 1938, ch. 198, Sec. 1, 52 Stat. 347, 25 U.S.C. Sec. 396 and 396a, and the Act of December 22, 1982, Sec. 3, 96 Stat. 1938, 25 U.S.C. 2102, and the oil and gas leases covering said Allotted and Tribal Indian lands provide for the commitment of such leases to a cooperative or unit plan of development or operation. Wherever the term Authorized Officer (AO) appears in the text of this agreement, it shall refer to the appropriate delegated authority within the Federal Indian Minerals Office (FIMO), the Bureau of Indian Affairs (BIA), or the Bureau of Land Management (BLM). However, all submissions are to be made through the proper BLM office for review and distribution to the FIMO or BIA; and

BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. B4
Submitted by: DJR Operating, LLC
Hearing Date: January 5, 2023
Case No. 23283

WHEREAS, 19-10-45, 46, 47 NM Statutes 1978 Annotated, authorizes the Commissioner of Public Lands of the State of New Mexico to consent to and approve the development or operation of State lands under cooperative agreements made by lessees of State land jointly or severally with other lessees of State lands, with lessees of the United States or with others in agreements collectively adopting and operating under a unit plan of development or operations of any oil or gas pool, field, or like area, or any part thereof for the purpose of more properly conserving the oil and gas resources of the State; and

WHEREAS, the parties hereto hold sufficient interests in the Ponderosa Unit Area covering the land hereinafter described to give reasonably effective control of operations therein; and

WHEREAS, it is the purpose of the parties hereto to conserve natural resources, prevent waste, and secure other benefits obtainable through development and operation of the area subject to this agreement under the terms, conditions, and limitations herein set forth;

NOW, THEREFORE, in consideration of the premises and the promises herein contained, the parties hereto commit to this agreement their respective interests in the below- defined unit area, and agree severally among themselves as follows:

1. ENABLING ACT AND REGULATIONS. The Mineral Leasing Act of February 25, 1920, as amended, the Allotted and Tribal Leasing Acts, as amended, and the Indian Mineral Development Act, supra, and all valid pertinent regulations including operating and unit plan regulations and State of New Mexico leases and rules and regulations, heretofore issued thereunder or valid, pertinent, and reasonable regulations hereafter issued thereunder are accepted and made a part of this agreement as to Federal, Indian, and State lands, provided such regulations are not inconsistent with the terms of this agreement; and as to non-Federal and non- Indian lands, the oil and gas operating regulations in effect as of the effective date hereof governing drilling and producing operations, not inconsistent with the terms hereof or the laws of the State in which the non-Federal and non-Indian land is located, are hereby accepted and made a part of this agreement.

2. UNIT AREA. The area specified on the map attached hereto marked Exhibit "A" is hereby designated and recognized as constituting the unit area, containing **8,644.16 acres**, more or less.

Exhibit "A" shows, in addition to the boundary of the unit area, the boundaries and identity of tracts and leases in said area to the extent known to the Unit Operator. Exhibit "B" attached hereto is a schedule showing to the extent known to the Unit Operator, the acreage, percentage, and kind of ownership of oil and gas interests in all lands in the unit area. However, nothing herein or in Exhibits "A" or "B" shall be construed as a representation by any party hereto as to the ownership of any interest other than such interest or interests as are shown in the Exhibits as owned by such party. Exhibits "A" and "B" shall be revised by the Unit Operator whenever changes in the unit area or in the ownership interests in the individual tracts render such revision necessary, or when requested by the Authorized Officer, hereinafter referred to as "AO," or when requested by the Commissioner of Public Lands of the State of New Mexico, hereinafter referred to as "Land Commissioner," and not less than four (4) copies of the revised Exhibits shall be filed with the proper Bureau of Land Management office, and one (1) copy thereof shall be filed with the Land Commissioner.

The above-described unit area shall when practicable be expanded to include therein any additional lands or shall be contracted to exclude lands whenever such expansion or contraction is deemed to be necessary

or advisable to conform with the purposes of this agreement. Such expansion or contraction shall be effected in the following manner:

(a) Unit Operator, on its own motion (after preliminary concurrence by the AO and Land Commissioner), or on demand of the AO and Land Commissioner, shall prepare a notice of proposed expansion or contraction describing the contemplated changes in the boundaries of the unit area, the reasons therefor, any plans for additional drilling, and the proposed effective date of the expansion or contraction, preferably the first day of the month subsequent to the date of notice.

(b) Said notice shall be delivered to the proper BLM office and Land Commissioner, and copies thereof mailed to the last known address of each working interest owner, lessee and lessor whose interests are affected, advising that 30 days will be allowed for submission to the Unit Operator of any objections.

(c) Upon expiration of the 30-day period provided in the preceding item (b) hereof, Unit Operator shall file with the AO and the Land Commissioner evidence of mailing of the notice of expansion or contraction and a copy of any objections thereto which have been filed with the Unit Operator, together with an application in triplicate, for approval of such expansion or contraction and with appropriate joinders.

(d) After due consideration of all pertinent information, the expansion or contraction shall, upon approval by the AO, the Commissioner of the Bureau of Indian Affairs or his duly authorized representative, and the Land Commissioner, become effective as of the date prescribed in the notice thereof or such other appropriate date.

(e) All legal subdivisions of lands (i.e., 40 acres by Government survey or its nearest lot or tract equivalent; in instances of irregular surveys, unusually large lots or tracts shall be considered in multiples of 40 acres or the nearest aliquot equivalent thereof), no parts of which are in or entitled to be in a participating area on or before the fifth anniversary of the effective date of the first initial participating area established under this unit agreement, shall be eliminated automatically from this agreement, effective as of said fifth anniversary, and such lands shall no longer be a part of the unit area and shall no longer be subject to this agreement, unless diligent drilling operations are in progress on unitized lands not entitled to participation on said fifth anniversary, in which event all such lands shall remain subject hereto for so long as such drilling operations are continued diligently, with not less than three wells drilled and completed within a single anniversary year. All legal subdivisions of lands not entitled to be in a participating area within 10 years after the effective date of the first initial participating area approved under this agreement shall be automatically eliminated from this agreement as of said tenth anniversary. The Unit Operator shall, within 90 days after the effective date of any elimination hereunder, describe the area so eliminated to the satisfaction of the AO and Land Commissioner and promptly notify all parties in interest. All lands reasonably proved productive of unitized substances in paying quantities by diligent drilling operations after the aforesaid five-year period shall become participating in the same manner as during said first five-year period. However, when such diligent drilling operations cease, all nonparticipating lands not then entitled to be in a participating area shall be automatically eliminated effective as of the either the beginning of the anniversary year in which the "diligent drilling" obligation was not met or first day of the month following completion rig release from last well drilled in satisfaction of the "diligent drilling" obligation for said anniversary year, whichever is the later.

Any expansion of the unit area pursuant to this section which embraces lands theretofore eliminated pursuant to this subsection 2(e) shall not be considered automatic commitment or recommitment of such

lands. If conditions warrant extension of the 10-year period specified in this subsection, a single extension of not to exceed two years may be accomplished by consent of the owners of 90 percent (90%) of the working interest in the current nonparticipating unitized lands and the owners of 60 percent (60%) of the basic royalty interests (exclusive of the basic royalty interests of the United States) in nonparticipating unitized lands with approval of the AO and Land Commissioner, provided such extension application is submitted not later than 60 days prior to the expiration of said 10-year period.

3. UNITIZED LAND AND UNITIZED SUBSTANCES. All land now or hereafter committed to this agreement shall constitute land referred to herein as "unitized land" or "land subject to this agreement." All oil and gas of the unitized lands in the Mancos Shale Group, including genetically related rocks from below the stratigraphic equivalent of the top of the Mancos Shale (base of Mesa Verde Group) identified at 3,755 feet Measured Depth to the stratigraphic equivalent of the base of the Mancos Shale identified at 5,568 feet Measured Depth as shown in the December Dream 1 well (API: 30-045-25862) located in T. 23N, R. 9W, Section 7, San Juan County, New Mexico are unitized under the terms of this agreement and herein are called "unitized substances (see type log attached as Exhibit "C") provided, however, that it is the specific intent of the parties hereto not to cause or effectuate any horizontal segregation of any Federal, Indian or State lease committed hereto as a consequence of the aforementioned depth limitations of the unitized substances.

All existing vertical and horizontal Gallup (Mancos) wells within the unit area shall be excluded from the terms of this agreement.

4. UNIT OPERATOR. DJR Operating, LLC is hereby designated as Unit Operator and by signature hereto as Unit Operator agrees and consents to accept the duties and obligations of Unit Operator for the discovery, development, and production of unitized substances as herein provided. Whenever reference is made herein to the Unit Operator, such reference means the Unit Operator acting in that capacity and not as an owner of interest in unitized substances, and the term "working interest owner" when used herein shall include or refer to Unit Operator as the owner of a working interest only when such an interest is owned by it.

5. RESIGNATION OR REMOVAL OF UNIT OPERATOR. Unit Operator shall have the right to resign at any time prior to the establishment of a participating area or areas hereunder, but such resignation shall not become effective so as to release Unit Operator from the duties and obligations of Unit Operator and terminate Unit Operator's rights as such for a period of six months after notice of intention to resign has been served by Unit Operator on all working interest owners and the AO and Land Commissioner and until all wells then drilled hereunder are placed in a satisfactory condition for suspension or abandonment, whichever is required by the AO as to Federal and Indian lands, and the Land Commissioner as to State Lands, and the Division as to Fee lands, unless a new Unit Operator shall have been selected and approved and shall have taken over and assumed the duties and obligations of Unit Operator prior to the expiration of said period.

Unit Operator shall have the right to resign in like manner and subject to like limitations as above provided at any time after a participating area established hereunder is in existence, but in all instances of resignation or removal, until a successor Unit Operator is selected and approved as hereinafter provided, the working interest owners shall be jointly responsible for performance of the duties of Unit Operator, and shall not later than 30 days before such resignation or removal becomes effective appoint a common agent to represent them in any action to be taken hereunder.

The resignation of Unit Operator shall not release the Unit Operator from any liability for any default by it hereunder occurring prior to the effective date of its resignation.

The Unit Operator may, upon default or failure in the performance of its duties or obligations hereunder, be subject to removal by the same percentage vote of the owners of working interests as herein provided for the selection of a new Unit Operator. Such removal shall be effective upon notice thereof to the AO and Land Commissioner.

The resignation or removal of Unit Operator under this agreement shall not terminate its right, title, or interest as the owner of working interest or other interest in unitized substances, but upon the resignation or removal of Unit Operator becoming effective, such Unit Operator shall deliver possession of all wells, equipment, materials, and appurtenances used in conducting the unit operations to the new duly qualified successor Unit Operator or to the common agent, if no such new Unit Operator is selected, to be used for the purpose of conducting unit operations hereunder. Nothing herein shall be construed as authorizing removal of any material, equipment, or appurtenances needed for the preservation of any wells.

6. SUCCESSOR UNIT OPERATOR. Whenever the Unit Operator shall tender his or its resignation as Unit Operator or shall be removed as hereinabove provided, or a change of Unit Operator is negotiated by the working interest owners, the owners of the working interests according to their respective acreage interests in all unitized land shall, pursuant to the Approval of the Parties requirements of the unit operating agreement, select a successor Unit Operator. Such selection shall not become effective until:

(a) a Unit Operator so selected shall accept in writing the duties and responsibilities of Unit Operator, and

(b) the selection shall have been approved by the AO.

If no successor Unit Operator is selected and qualified as herein provided, the AO at his election may declare this unit agreement terminated.

7. ACCOUNTING PROVISIONS AND UNIT OPERATING AGREEMENT. If the Unit Operator is not the sole owner of working interests, costs and expenses incurred by Unit Operator in conducting unit operations hereunder shall be paid and apportioned among and borne by the owners of working interests, all in accordance with the agreement or agreements entered into by and between the Unit Operator and the owners of working interests, whether one or more, separately or collectively. Any agreement or agreements entered into between the working interest owners and the Unit Operator as provided in this section, whether one or more, are herein referred to as the "unit operating agreement." Such unit operating agreement shall also provide the manner in which the working interest owners shall be entitled to receive their respective proportionate and allocated share of the benefits accruing hereto in conformity with their underlying operating agreements, leases, or other independent contracts, and such other rights and obligations as between Unit Operator and the working interest owners as may be agreed upon by Unit Operator and the working interest owners; however, no such unit operating agreement shall be deemed either to modify any of the terms and conditions of this unit agreement or to relieve the Unit Operator of any right or obligation established under this agreement, and in the case of any inconsistency or conflict between this agreement and the unit operating agreement, this agreement shall govern. Two copies of the unit operating agreement, executed pursuant to this section shall be filed in the proper BLM office prior to approval of this unit agreement.

8. RIGHTS AND OBLIGATIONS OF UNIT OPERATOR. Except as otherwise specifically provided herein, the exclusive right, privilege, and duty of exercising any and all rights of the parties hereto which are necessary or convenient for prospecting for, producing, storing, allocating, and distributing the unitized substances are hereby delegated to and shall be exercised by the Unit Operator as herein provided. Acceptable evidence of title to said rights shall be deposited with Unit Operator and, together with this agreement, shall constitute and define the rights, privileges, and obligations of Unit Operator. Nothing herein, however, shall be construed to transfer title to any land or to any lease or operating agreement, it being understood that under this agreement the Unit Operator, in its capacity as Unit Operator, shall exercise the rights of possession and use vested in the parties hereto only for the purposes herein specified.

9. DRILLING TO DISCOVERY. Within six months after the effective date hereof, the Unit Operator shall commence to drill an adequate test well at a location approved by the AO and Land Commissioner, unless on such effective date a well is being drilled in conformity with the terms hereof, and thereafter continue such drilling diligently until the Mancos formation has been tested with at least a 1-mile horizontal well or until at a lesser depth unitized substances shall be discovered which can be produced in paying quantities (to wit: quantities sufficient to repay the costs of drilling, completing, and producing operations, with a reasonable profit) or the Unit Operator shall at any time establish to the satisfaction of the AO and Land Commissioner that further drilling of said well would be unwarranted or impracticable, provided, however, that Unit Operator shall not in any event be required to drill the horizontal portion of said well to a length in excess of 5,280 feet. Until the discovery of unitized substances capable of being produced in paying quantities, the Unit Operator shall continue drilling one or more well(s) at a time, allowing not more than six months between the completion of one well and the commencement of drilling operations for the next well, until a well capable of producing unitized substances in paying quantities is completed to the satisfaction of the AO and Land Commissioner or until it is reasonably proved that the unitized land is incapable of producing unitized substances in paying quantities in the formations drilled hereunder. Nothing in this section shall be deemed to limit the right of the Unit Operator to resign as provided in Section 5, hereof, or as requiring Unit Operator to commence or continue any drilling during the period pending such resignation becoming effective in order to comply with the requirements of this section. The AO and Land Commissioner may modify any of the drilling requirements of this section by granting reasonable extensions of time when, in his opinion, such action is warranted.

Until the establishment of a participating area, the failure to commence a well subsequent to the drilling of the initial obligation well, or in the case of multiple well requirements, if specified, subsequent to the drilling of those multiple wells, as provided for in this (these) section(s), within the time allowed including any extension of time granted by the AO and Land Commissioner, shall cause this agreement to terminate automatically. Upon failure to continue drilling diligently any well other than the obligation well(s) commenced hereunder, the AO may, after 15 days' notice to the Unit Operator, declare this unit agreement terminated. Failure to commence drilling the initial obligation well, or the first of multiple obligation wells, on time and to drill it diligently shall result in the unit agreement approval being declared invalid *ab initio* by the AO. In the case of multiple well requirements, failure to commence drilling the required multiple wells beyond the first well, and to drill them diligently, may result in the unit agreement approval being declared invalid *ab initio* by the AO and Land Commissioner.

10. PLAN OF FURTHER DEVELOPMENT AND OPERATION. Within six months after completion of a well capable of producing unitized substances in paying quantities, the Unit Operator

shall submit for the approval of the AO and Land Commissioner an acceptable plan of development and operation for the unitized land which, when approved by the authorized officer, shall constitute the further drilling and development obligations of the Unit Operator under this agreement for the period specified therein. Thereafter, from time to time before the expiration of any existing plan, the Unit Operator shall submit for the approval of the AO and Land Commissioner a plan for an additional specified period for the development and operation of the unitized land. Subsequent plans should normally be filed on a calendar-year basis not later than March 1 of each year. Any proposed modification or addition to the existing plan should be filed as a supplement to the plan.

Any plan submitted pursuant to this section shall provide for the timely exploration of the unitized area, and for the diligent drilling necessary for determination of the area or areas capable of producing unitized substances in paying quantities in each and every productive formation. This plan shall be as complete and adequate as the AO and Land Commissioner may determine to be necessary for timely development and proper conservation of the oil and gas resources in the unitized area and shall:

(a) Specify the number and locations of any wells to be drilled and the proposed order and time for such drilling; and

(b) Provide a summary of operations and production for the previous year.

Plans shall be modified or supplemented when necessary to meet changed conditions or to protect the interests of all parties to this agreement. Reasonable diligence shall be exercised in complying with the obligations of the approved plan of development and operation. The AO and Land Commissioner are authorized to grant a reasonable extension of the six-month period herein prescribed for submission of the plan of development and operation where such action is justified. Upon failure by the Unit Operator to timely submit or adhere to an approved plan of development or operation without prior written authorization, the Land Commissioner, at its discretion, shall provide written notice, by certified mail, return receipt requested, to the post office address of Unit Operator as shown by its records, to the Unit Operator of such failure or default and of its intention to eliminate by subdivisions (as defined in Section 2(e) hereof) all State lands not then entitled to be in a participating area. Such written notice shall state that Unit Operator shall have a period of sixty (60) days from receipt of the notice within which to correct such failure or default. If Unit Operator does not correct such failure or default within the 60-day period, the Land Commissioner may issue an order to eliminate State lands not then included or entitled to be included in a participating area, effective as of the first day of the next month following the expiration of the 60 days.

After completion of a well capable of producing unitized substances in paying quantities, no further wells, except such as may be necessary to afford protection against operations not under this agreement and such as may be specifically approved by the AO and Land Commissioner, shall be drilled except in accordance with an approved plan of development and operation.

11. PARTICIPATION AFTER DISCOVERY. Upon completion of a well capable of producing unitized substances in paying quantities, or as soon thereafter as required by the AO, the Unit Operator shall submit for approval by the AO, a schedule, based on subdivisions of the public land survey or aliquot parts thereof, of only the land then regarded as reasonably proved to be productive of unitized substances in paying quantities. These lands shall constitute a participating area on approval of the AO and Land Commissioner, effective as of the date of completion of such well or the effective date of this unit agreement, whichever is later. The acreages of Federal, Indian, State, and non-Federal and non-Indian lands shall be based upon appropriate computations from the courses and distances shown on the

last approved public land survey as of the effective date of each initial participating area. The schedule shall also set forth the percentage of unitized substances to be allocated, as provided in Section 12, to each committed tract in the participating area so established, and shall govern the allocation of production commencing with the effective date of the participating area. A different participating area shall be established for each separate pool or deposit of unitized substances or for any group thereof which is produced as a single pool or zone, and any two or more participating areas so established may be combined into one, on approval of the AO and Land Commissioner. When production from two or more participating areas is subsequently found to be from a common pool or deposit, the participating areas shall be combined into one, effective as of such appropriate date as may be approved or prescribed by the AO and Land Commissioner. The participating area or areas so established shall be revised from time to time, subject to the approval of the AO and Land Commissioner, to include additional lands then regarded as reasonably proved to be productive of unitized substances in paying quantities or which are necessary for unit operations, or to exclude lands then regarded as not reasonably proved to be productive of unitized substances in paying quantities, and the schedule of allocation percentages shall be revised accordingly. The effective date of any revision shall be the first of the month in which the knowledge or information is obtained on which such revision is predicated. No land shall be excluded from a participating area on account of depletion of its unitized substances, except that any participating area established under the provisions of this unit agreement shall terminate automatically whenever all completions in the foundation on which the participating area is based are abandoned. It is the intent of this section that a participating area shall represent the area known or reasonably proved to be productive of unitized substances in paying quantities or which are necessary for unit operations; but, regardless of any revision of the participating area, nothing herein contained shall be construed as requiring any retroactive adjustment for production obtained prior to the effective date of the revision of the participating area.

In the absence of agreement at any time between the Unit Operator and the AO and Land Commissioner as to the proper definition or redefinition of a participating area, or until a participating area has, or areas have, been established, the portion of all payments affected thereby shall, except royalty due the United States and the Indians, be impounded in a manner mutually acceptable to the owners of committed working interests. Royalties due the United States and the Indians shall be determined by the AO and the amount thereof shall be deposited, as directed by the AO, until a participating area is finally approved and then adjusted in accordance with a determination of the sum due as Federal and Indian royalty on the basis of such approved participating area. Royalties due the State of New Mexico shall be determined by the Land Commissioner, and the amount thereof shall be deposited, as directed by the State, until a participating area is finally approved.

Whenever it is determined, subject to the approval of the AO and Land Commissioner, that a well drilled under this agreement is not capable of production of unitized substances in paying quantities and inclusion in a participating area of the land on which it is situated is unwarranted, production from such well shall, for the purpose of settlement among all parties other than working interest owners, be proportionately allocated on a surface acre basis to the land included in area designated as a Standard Spacing Unit pursuant to NMAC Title 19 for either vertical or horizontal wells, as applicable, unless all of such land is already within the participating area established for the pool or deposit from which such production is obtained. Settlement for working interest benefits from such a nonpaying unit well shall be made as provided in the unit operating agreement.

12. ALLOCATION OF PRODUCTION. All unitized substances produced from a participating area established under this agreement, except any part thereof used in conformity with good operating

practices within the unitized area for drilling, operating, and other production or development purposes, for repressuring or recycling in accordance with a plan of development and operations that has been approved by the AO and Land Commissioner, or unavoidably lost, shall be deemed to be produced equally on an acreage basis from the several tracts of the participating area established for such production. Each such tract shall have allocated to it such percentage of said production as the number of acres of such tract included in said participating area bears to the total acres of unitized land and unleased Federal land and unleased Indian land, if any, included in said participating area. There shall be allocated to the working interest owner(s) of each tract of unitized land in said participating area, in addition, such percentage of the production attributable to the unleased Federal and Indian land within the participating area as the number of acres of such unitized tract included in said participating area bears to the total acres of unitized land in said participating area, for the payment of the compensatory royalty specified in Section 17 of this agreement. Allocation of production hereunder for purposes other than for settlement of the royalty, overriding royalty, or payment out of production obligations of the respective working interest owners, including compensatory royalty obligations under Section 17, shall be prescribed as set forth in the unit operating agreement or as otherwise mutually agreed by the affected parties. It is hereby agreed that production of unitized substances from a participating area shall be allocated as provided herein, regardless of whether any wells are drilled on any particular part or tract of the participating area. The unit operator must set aside all funds attributable to unleased Federal and Indian acreage in an interest-earning escrow or trust account. If any gas produced from one participating area is used for repressuring or recycling purposes in another participating area, the first gas withdrawn from the latter participating area for sale during the life of this agreement, shall be considered to be the gas so transferred, until an amount equal to that transferred shall be so produced for sale and such gas shall be allocated to the participating area from which initially produced as such area was defined at the time that such transferred gas was finally produced and sold.

13. DEVELOPMENT OR OPERATION OF NONPARTICIPATING LAND OR FORMATIONS. Any operator may, with the approval of the AO and Land Commissioner, at such party's sole risk, costs, and expense, drill a well on the unitized land to test any formation provided the well is outside any participating area established for that formation, unless within 90 days of receipt of notice from said party of his intention to drill the well, the Unit Operator elects and commences to drill the well in a like manner as other wells are drilled by the Unit Operator under this agreement.

If any well drilled under this section by a non-unit operator results in production of unitized substances in paying quantities such that the land upon which it is situated may properly be included in a participating area, such participating area shall be established or enlarged as provided in this agreement and the well shall thereafter be operated by the Unit Operator in accordance with the terms of this agreement and the unit operating agreement.

If any well drilled under this section by a non-unit operator obtains production in quantities insufficient to justify the inclusion of the land upon which such well is situated in a participating area, such well may be operated and produced by the party drilling the same, subject to the conservation requirements of this agreement. The royalties in amount or value of production from any such well shall be paid as specified in the underlying lease and agreements affected.

14. ROYALTY SETTLEMENT. The United States and the Indians and any royalty owner who is entitled to take in kind a share of the substances now unitized hereunder shall hereafter be entitled to the right to take in kind its share of the unitized substances, and Unit Operator, or the non-unit operator in the case of the operation of a well by a non-unit operator as herein provided for in special cases, shall

make deliveries of such royalty share taken in kind in conformity with the applicable contracts, laws, and regulations. Settlement for royalty interest not taken in kind shall be made by an operator responsible therefore under existing contracts, laws, and regulations, or by the Unit Operator on or before the last day of each month for unitized substances produced during the preceding calendar month; provided, however, that nothing in this section shall operate to relieve the responsible parties of any land from their respective lease obligations for the payment of any royalties due under their leases.

If gas obtained from lands not subject to this agreement is introduced into any participating area hereunder, for use in repressuring, stimulation of production, or increasing ultimate recovery, in conformity with a plan of development and operation approved by the AO and Land Commissioner, a like amount of gas, after settlement as herein provided for any gas transferred from any other participating area and with appropriate deduction for loss from any cause, may be withdrawn from the formation into which the gas is introduced, royalty free as to dry gas, but not as to any products which may be extracted therefrom; provided that such withdrawal shall be at such time as may be provided in the approved plan of development and operation or as may otherwise be consented to by the AO and Land Commissioner as conforming to good petroleum engineering practice; and provided further, that such right of withdrawal shall terminate on the termination of this unit agreement.

Royalty due the United States and the Indians shall be computed as provided in 30 CFR Group 200 and paid in value or delivered in kind as to all unitized substances on the basis of the amounts thereof allocated to unitized Federal and Indian Land as provided in Section 12 at the rates specified in the respective Federal and Indian leases, or at such other rate or rates as may be authorized by law or regulation and approved by the AO; provided, that for leases on which the royalty rate depends on the daily average production per well, said average production shall be determined in accordance with the operating regulations as though each participating area were a single consolidated lease. Royalty due the State of New Mexico shall be determined by the pertinent State regulations, or by the Land Commissioner where authorized by law or regulation.

15. RENTAL SETTLEMENT. Rental or minimum royalties due on leases committed hereto shall be paid by the appropriate parties under existing contracts, laws, and regulations, provided that nothing herein contained shall operate to relieve the responsible parties of the land from their respective obligations for the payment of any rental or minimum royalty due under their leases. Rental or minimum royalty for lands of the United States and the Indians subject to this agreement shall be paid at the rate specified in the respective leases from the United States and the Indians unless such rental or minimum royalty is waived, suspended, or reduced by law or by approval of the Secretary or his duly authorized representative.

With respect to any lease on non-Federal and non-Indian land containing provisions which would terminate such lease unless drilling operations are commenced upon the land covered thereby within the time therein specified or rentals are paid for the privilege of deferring such drilling operations, the rentals required thereby shall, notwithstanding any other provision of this agreement, be deemed to accrue and become payable during the term thereof as extended by this agreement and until the required drilling operations are commenced upon the land covered thereby, or until some portion of such land is included within a participating area. Rentals on State of New Mexico lands subject to this agreement shall be paid at the rate specified in the respective leases, or by the Land Commissioner where authorized by law or regulation.

16. CONSERVATION. Operations hereunder and production of unitized substances shall be conducted to provide for the most economical and efficient recovery of said substances without waste, as defined by or pursuant to Federal, Tribal or State law or regulation.

17. DRAINAGE AND DILIGENCE.

(a) The Unit Operator shall take such measures as the AO deems appropriate and adequate to prevent drainage of unitized substances from unitized land by wells on land not subject to this agreement, which shall include the drilling of protective wells and which may include the payment of a fair and reasonable compensatory royalty, as determined by the AO as to Federal and Indian leases and the Land Commissioner as to State leases.

(b) Whenever a participating area approved under Section 11 of this agreement contains unleased Federal lands, the value of 16-2/3 percent of the production that would be allocated to such Federal lands under Section 12 of this agreement, if such lands were leased, committed and entitled to participation, shall be payable as compensatory royalties to the Federal Government. Parties to this agreement holding working interests in committed leases within the applicable participating area shall be responsible for such compensatory royalty payment on the volume of production reallocated from the unleased Federal lands to their unitized tracts under Section 12.

The value of such production subject to the payment of said royalties shall be determined pursuant to 30 CFR Part 206. Payment of compensatory royalties on the production reallocated from unleased Federal land to the committed tracts within the participating area shall fulfill the Federal royalty obligation for such production and said production shall be subject to no further Federal royalty assessment under Section 14 of this agreement. Payment of compensatory royalties as provided herein shall accrue from the date the committed tracts in the participating area that includes unleased Federal lands receive a production allocation, and shall be due and payable monthly by the last day of the calendar month next following the calendar month of actual production. If leased Federal lands receiving a production allocation from the participating area become unleased, compensatory royalties shall accrue from the date the Federal lands become unleased. Payment due under this provision shall end when the unleased Federal tract is leased or when production of unitized substances ceases within the participating area and the participating area is terminated, whichever occurs first.

(c) If leased Indian lands receiving a production allocation from the participating area become unleased, the value of 100 percent (8/8ths) of the production that would be allocated to such Indian lands under Section 12 of this agreement, if such lands were leased, committed and entitled to participation, shall be impounded in a manner mutually acceptable to the owners of committed working interests and the AO, accruing from the date the Indian lands become unleased. The value of such production subject to such impoundment shall be determined pursuant to 30 CFR Part 206. Impoundment of funds under this provision shall end when the unleased Indian tract is leased or when production of unitized substances ceases within the participating area and the participating area is terminated, whichever occurs first. When the unleased Indian tract is leased, the Indian mineral owner shall be paid the fraction of the accrued impounded funds corresponding to the royalty rate of the lease, and the remaining funds shall be released to the unit interest owners in accordance with the unit operating agreement.

(d) The AO, Commissioner of the Bureau of Indian Affairs, and Land Commissioner may require the drilling and production of such wells to insure reasonable diligence in the development and operation of the unitized area, or in lieu of drilling, require the payment of an amount as determined by the aforementioned respective agency officials to compensate the interest owners in full each month for the estimated loss of royalty.

18. LEASES AND CONTRACTS CONFORMED AND EXTENDED. The terms, conditions, and provisions of all leases, subleases, and other contracts relating to exploration, drilling, development or operation for oil or gas on lands committed to this agreement are hereby expressly modified and amended to the extent necessary to make the same conform to the provisions hereof, but otherwise to remain in full force and effect; and the parties hereto hereby consent that the Secretary shall and by his approval hereof, or by the approval hereof by his duly authorized representative, does hereby establish, alter, change, or revoke the drilling, producing, rental, minimum royalty, and royalty requirements of Federal and Indian leases committed hereto and the regulations in respect thereto to conform said requirements to the provisions of this agreement, and, without limiting the generality of the foregoing, all leases, subleases, and contracts are particularly modified in accordance with the following:

(a) The development and operation of lands subject to this agreement under the terms hereof shall be deemed full performance of all obligations for development and operation with respect to each and every separately owned tract subject to this agreement, regardless of whether there is any development of any particular tract of this unit area.

(b) Drilling and producing operations performed hereunder upon any tract of unitized lands will be accepted and deemed to be performed upon and for the benefit of each and every tract of unitized land, and no lease shall be deemed to expire by reason of failure to drill or produce wells situated on the land therein embraced.

(c) Suspension of drilling or producing operations on all unitized lands pursuant to direction or consent of the AO shall be deemed to constitute such suspension pursuant to such direction or consent as to each and every tract of unitized land. A suspension of drilling or producing operations limited to specified lands shall be applicable only to such lands.

(d) Each lease, sublease, or contract relating to the exploration, drilling, development, or operation for oil or gas of lands other than those of the United States and the Indians committed to this agreement which, by its terms might expire prior to the termination of this agreement, is hereby extended beyond any such term so provided therein so that it shall be continued in full force and effect for and during the term of this agreement.

(e) Any Federal lease committed hereto shall continue in force beyond the term so provided therein or by law as to the land committed so long as such lease remains subject hereto, provided that production of unitized substances in paying quantities is established under this unit agreement prior to the expiration date of the term of such lease, or in the event actual drilling operations are commenced on unitized land, in accordance with provisions of this agreement, prior to the end of the primary term of such lease and are being diligently prosecuted at that time, such lease shall be extended for two years, and so long thereafter as oil or gas is produced in paying quantities in accordance with the provisions of the Mineral Leasing Act, as amended.

(f) Any Indian lease committed hereto shall continue in force beyond the term so provided therein or by law as to the land committed so long as such lease remains subject hereto, provided that production of unitized substances in paying quantities is established under this Agreement prior to the expiration date of the term of such lease and such lease shall be extended for so long thereafter as oil or gas is produced in paying quantities in accordance with the provisions of the acts governing the leasing of Indian lands.

(g) Each sublease or contract relating to the operation and development of unitized substances from lands of the United States and the Indians committed to this agreement, which by its terms would expire prior to the time at which the underlying lease, as extended by the terms of Section 18.(e) and Section 18.(f) above, will expire is hereby extended beyond any such term so provided therein so that it shall be continued in full force and effect for and during the term of the underlying lease as such term is herein extended.

(h) The segregation of any Federal lease committed to this agreement is governed by the following provision in the fourth paragraph of Sec. 17(m) of the Mineral Leasing Act, as amended by the Act of September 2, 1960 (74 Stat. 781-784) (30 U.S.C. 226(m)):

"Any (Federal) lease heretofore or hereafter committed to any such (unit) plan embracing lands that are in part within and in part outside of the area covered by any such plan shall be segregated into separate leases as to the lands committed and the lands not committed as of the effective date of unitization: Provided, however, that any such lease as to the non-unitized portion shall continue in force and effect for the term thereof but for not less than two years from the date of such segregation and so long thereafter as oil or gas is produced in paying quantities."

If the public interest requirement is not satisfied, the segregation of a lease and/or extension of a lease pursuant to 43 CPR 3107.3-2 and 43 CPR 3107.4, respectively, shall not be effective.

(i) Any Indian lease committed in part to any such cooperative agreement (unit agreement) shall be segregated into a separate lease or leases as to the lands committed and lands not committed to the agreement.

(j) Any lease, other than a Federal or Indian lease, having only a portion of its lands committed hereto shall be segregated as to the portion committed and the portion not committed, and the provisions of such lease shall apply separately to such segregated portions commencing as of the effective date hereof. In the event any such lease provides for a lump-sum rental payment, (SI).ch payment shall be prorated between the portions so segregated in proportion to the acreage of the respective tracts.

Any lease embracing lands of the State of New Mexico of which only a portion is committed hereto shall be segregated as to the portion committed and as to the portion not committed and the terms of such leases shall apply separately as two separate leases as to such segregated portions, commencing as of the effective date hereof. Notwithstanding any of the provisions of this agreement to the contrary, any lease embracing lands of the State of New Mexico having only a portion of its lands committed hereto shall continue in full force and effect beyond the term provided therein as to all lands embraced within the unitized area and committed to this agreement, in accordance with the terms of this agreement. If oil and gas, or either of them, are discovered and are being produced in paying quantities from some part of the lands embraced in such lease which part is committed to this agreement at the expiration of the fixed term of such lease, such production shall not be considered as production from lands embraced in such lease which are not within the unitized area, and which are not committed thereto, and drilling or reworking operations upon some part of the lands embraced within the unitized area and committed to this agreement shall be considered as drilling and reworking operations only as to lands embraced within the unit agreement and not as to lands embraced within the lease and not committed to this unit agreement; provided, however, as to any lease embracing lands of the State of New Mexico having only a portion of

its lands committed hereto upon which oil and gas, or either of them, has been discovered is discovered upon that portion of such lands not committed to this agreement, and are being produced in paying quantities prior to the expiration of the fixed term of such lease, such production in paying quantities shall serve to continue such lease in full force and effect in accordance with its terms as to all of the lands embraced in said lease.

19. COVENANTS RUN WITH LAND. The covenants herein shall be construed to be covenants running with the land with respect to the interests of the parties hereto and their successors in interest until this agreement terminates, and any grant, transfer or conveyance of interest in land or leases subject hereto shall be and hereby is conditioned upon the assumption of all privileges and obligations hereunder by the grantee, transferee, or other successor in interest.

No assignment or transfer of any working interest, royalty, or other interest subject hereto shall be binding upon Unit Operator until the first day of the calendar month after Unit Operator is furnished with the original, photostatic, or certified copy of the instrument of transfer.

20. EFFECTIVE DATE AND TERM. This agreement shall become effective upon approval by the AO, Commissioner of the Bureau of Indian Affairs, and the Land Commissioner and shall automatically terminate five years from said effective date unless:

(a) Upon application by the Unit Operator such date of expiration is extended by the AO and Land Commissioner, or

(b) It is reasonably determined prior to the expiration of the fixed term or any extension thereof that the unitized land is incapable of production of unitized substances in paying quantities in the formations tested hereunder, and after notice of intention to terminate this agreement on such ground is given by the Unit Operator to all parties in interest at their last known addresses, this agreement is terminated with the approval of the AO, Commissioner of the Bureau of Indian Affairs, and the Land Commissioner, or

(c) A valuable discovery of unitized substances in paying quantities has been made or accepted on unitized land during said initial term or any extension thereof, in which event this agreement shall remain in effect for such term and so long thereafter as unitized substances can be produced in quantities sufficient to pay for the cost of producing same from wells on unitized land within any participating area established hereunder. Should production cease and diligent drilling or reworking operations to restore production or new production are not in progress within 60 days and production is not restored or should new production not be obtained in paying quantities on committed lands within this unit area, this agreement will automatically terminate effective the last day of the month in which the last unitized production occurred, or

(d) It is voluntarily terminated as provided in this agreement.

Except as noted herein, this agreement may be terminated at any time prior to the discovery of unitized substances which can be produced in paying quantities by not less than 75 per centum, on an acreage basis, of the working interest owners signatory hereto, with the approval of the AO and Land Commissioner. The Unit Operator shall give notice of any such approval to all parties hereto.

If the public interest requirement is not satisfied, the approval of this unit by the three agency officials shall be invalid.

21. RATE OF PROSPECTING, DEVELOPMENT, AND PRODUCTION. The AO and Land Commissioner are hereby vested with authority to alter or modify from time to time, in his discretion, the quantity and rate of production under this agreement when such quantity and rate are not fixed pursuant to Federal, Tribal or State law, or do not conform to any Statewide voluntary conservation or allocation program which is established, recognized, and generally adhered to by the majority of operators in such State. The above authority is hereby limited to alteration or modifications which are in the public interest. The public interest to be served and the purpose thereof, must be stated in the order of alteration or modification. Without regard to the foregoing, the AO and Land Commissioner are also hereby vested with the authority to alter or modify from time to time, in his discretion, the rate of prospecting and development and the quantity and rate of production under this agreement when such alteration or modification is in the interest of attaining the conservation objectives stated in this agreement and is not in violation of any applicable Federal, Tribal or State law.

Powers in this section vested in the AO and Land Commissioner shall only be exercised after notice to Unit Operator and opportunity for hearing to be held not less than 15 days from notice.

22. APPEARANCES. The Unit Operator shall, after notice to other parties affected, have the right to appear for and on behalf of any and all interests affected hereby before the Department of the Interior the New Mexico Land Commissioner and to appeal from orders issued under the regulations of said Department, or to apply for relief from any of said regulations, or in any proceedings relative to operations before the Department, or any other legally constituted authority; provided, however, that any other interested party shall also have the right, at its own expense, to be heard in any such proceeding.

23. NOTICES. All notices, demands, or statements required hereunder to be given or rendered to the parties hereto shall be in writing and shall be personally delivered to the party or parties, or sent by postpaid registered or certified mail, to the last-known address of the party or parties.

24. NO WAIVER OF CERTAIN RIGHTS. Nothing contained in this agreement shall be construed as a waiver by any party hereto of the right to assert any legal or constitutional right or defense as to the validity or invalidity of any law of the State where the unitized lands are located, or of the United States, or of [Name of specific Tribe/Indian Agency], or regulations issued thereunder in any way affecting such party, or as a waiver by any such party of any right beyond his or its authority to waive.

25. UNAVOIDABLE DELAY. All obligations under this agreement requiring the Unit Operator to commence or continue drilling, or to operate on, or produce unitized substances from any of the lands covered by this agreement, shall be suspended while the Unit Operator, despite the exercise of due care and diligence, is prevented from complying with such obligations, in whole or in part, by strikes, acts of God, Tribal, Federal, State, or municipal law or agencies, unavoidable accidents, uncontrollable delays in transportation, inability to obtain necessary materials or equipment in the open market, or other matters beyond the reasonable control of the Unit Operator, whether similar to matters herein enumerated or not.

26. NONDISCRIMINATION.

(a) In connection with the performance of work under this agreement, the Unit Operator agrees to comply with all the provisions of Section 202 (1) to (7) inclusive, of Executive Order 11246 (30 FR 12319), as amended, which are hereby incorporated by reference in this agreement. However, the Unit

Operator shall comply with the terms and conditions of the Indian leases while engaged in operations hereunder with respect to the employment of available, qualified Indian labor. Unit Operator shall employ Indian labor in all positions for which they are qualified, including oil field service contracts, and shall protect the Indian grazing rights and other Indian rights to the surface of the lands.

(b) Operator shall include the provisions of subparagraph (a) above in every subcontract or purchase order so that such provisions will be binding upon each subcontractor or vendor.

27. LOSS OF TITLE. In the event title to any tract of unitized land shall fail and the true owner cannot be induced to join in this unit agreement, such tract shall be automatically regarded as not committed hereto and there shall be such readjustment of future costs and benefits as may be required on account of the loss of such title. In the event of a dispute as to title to any royalty, working interest, or other interests subject thereto, payment or delivery on account thereof may be withheld without liability for interest until the dispute is finally settled; provided, that, as to Federal and Indian lands or leases, no payments of funds due the United States or the Indians shall be withheld, but such funds shall be deposited as directed by the AO, to be held as unearned money pending final settlement of the title dispute, and then applied as earned or returned in accordance with such final settlement.

Unit Operator as such is relieved from any responsibility for any defect or failure of any title hereunder.

28. NONJOINER AND SUBSEQUENT JOINER. If the owner of any substantial interest in a tract within the unit area fails or refuses to subscribe or consent to this agreement, the owner of the working interest in that tract may withdraw the tract from this agreement by written notice delivered to the proper BLM office, FIMO or BIA office, Land Commissioner, and the Unit Operator prior to the approval of this agreement by the AO, FIMO or BIA, and Land Commissioner. Any oil or gas interests in lands within the unit area not committed hereto prior to final approval may thereafter be committed hereto by the owner or owners thereof subscribing or consenting to this agreement, and, if the interest is a working interest, by the owner of such interest also subscribing to the unit operating agreement. After operations are commenced hereunder, the right of subsequent joinder, as provided in this section, by a working interest owner is subject to such requirements or approval(s), if any, pertaining to such joinder, as may be provided for in the unit operating agreement. After final approval hereof, joinder by a nonworking interest owner must be consented to in writing by the working interest owner committed hereto and responsible for the payment of any benefits that may accrue hereunder in behalf of such nonworking interest. A nonworking interest may not be committed to this unit agreement unless the corresponding working interest is committed hereto. Joinder to the unit agreement by a working interest owner, at any time, must be accompanied by appropriate joinder to the unit operating agreement, in order for the interest to be regarded as committed to this agreement. Except as may otherwise herein be provided, subsequent joinders to this agreement shall be effective as of the date of the filing with the AO, FIMO or BIA, and Land Commissioner of duly executed counterparts of all or any papers necessary to establish effective commitment of any interest and/or tract to this agreement.

29. COUNTERPARTS. This agreement may be executed in any number of counterparts, no one of which needs to be executed by all parties, or may be ratified or consented to by separate instrument in writing specifically referring hereto and shall be binding upon all those parties who have executed such a counterpart, ratification, or consent hereto with the same

force and effect as if all such parties had signed the same document, and regardless of whether or not it is executed by all other parties owning or claiming an interest in the lands within the above-described unit area.

30. INDIAN EMPLOYMENT. The Unit Operator shall comply with the terms and conditions of the leases on Indian lands with respect to the employment of available Indian labor while engaged in operations hereunder.

31. SURRENDER. Nothing in this agreement shall prohibit the exercise by any working interest owner of the right to surrender vested in such party by any lease, sublease, or operating agreement as to all or any part of the lands covered thereby, provided that each party who will or might acquire such working interest by such surrender or by forfeiture as hereafter set forth, is bound by the terms of this agreement.

If as a result of any such surrender, the working interest rights as to such lands become vested in any party other than the fee owner of the unitized substances, said party may forfeit such rights and further benefits from operations hereunder as to said land to the party next in the chain of title who shall be and become the owner of such working interest.

If as the result of any such surrender or forfeiture working interest rights become vested in the fee owner of the unitized substances, such owner may:

- (a) Accept those working interest rights subject to this agreement and the unit operating agreement; or
- (b) Lease the portion of such land as is included in a participating area established hereunder subject to this agreement and the unit operating agreement; or
- (c) Provide for the independent operation of any part of such land that is not then included within a participating area established hereunder.

If the fee owner of the unitized substances does not accept the working interest rights subject to this agreement and the unit operating agreement or lease such lands as above provided within six months after the surrendered or forfeited, working interest rights become vested in the fee owner; the benefits and obligations of operations accruing to such lands under this agreement and the unit operating agreement shall be shared by the remaining owners of the unitized working interests in accordance with their respective working interest ownerships, and such owners of working interests shall compensate the fee owner of unitized substances in such lands by paying sums equal to the rentals, minimum royalties, and royalties applicable to such lands under the lease in effect when the lands were unitized.

An appropriate accounting and settlement shall be made for all benefits accruing to or payments and expenditures made or incurred on behalf of such surrendered or forfeited working interests subsequent to the date of surrender or forfeiture, and payment of any moneys found to be owing by such an accounting shall be made as between the parties within 30 days.

The exercise of any right vested in a working interest owner to reassign such working interest to the party from whom obtained shall be subject to the same conditions as set forth in this section in regard to the exercise of a right to surrender.

32. TAXES. The working interest owners shall render and pay for their account and the account of the royalty owners all valid taxes on or measured by the unitized substances in and under or that may be produced, gathered and sold from the land covered by this agreement after its effective date, or upon the proceeds derived therefrom. The working interest owners on each tract shall and may charge the proper proportion of said taxes to royalty owners having interests in said-tract, and may currently retain and deduct a sufficient amount of the unitized substances or derivative products, or net proceeds thereof, from the allocated share of each royalty owner to secure reimbursement for the taxes so paid. No such taxes shall be charged to the United States or to the State of New Mexico or to any lessor who has a contract with his lessee which requires the lessee to pay such taxes.

33. NO PARTNERSHIP. It is expressly agreed that the relation of the parties hereto is that of independent contractors and nothing contained in this agreement, expressed or implied, nor any operations conducted hereunder, shall create or be deemed to have created a partnership association between the parties hereto or any of them.

34. SURFACE AND ENVIRONMENTAL PROTECTION STIPULATIONS. Nothing in this agreement shall modify or change either the special Federal or Indian lease stipulations relating to surface management or such special Federal or Indian lease stipulations relating to surface and environmental protection, attached to and made a part of, Federal or Indian oil and gas leases covering lands within the Unit Area. No surface locations for wells or miscellaneous surface including tank batteries, well pads, or other related infrastructure shall be placed within the Chaco Buffer Area (See attached Exhibit ___) that covers portions of Sections 4, 9, 13 and 14 of Township 23 North, Range 10 West.

IN WITNESS WHEREOF, the parties hereto have caused this agreement to be executed and have set opposite their respective names the date of execution.

Kurt Froistad
DJR Energy
1700 Lincoln Street
Suite 2800
Denver, CO 80203

Dear Kurt Froistad:

Your application of March 18, 2020, filed with the Bureau of Land Management (BLM) New Mexico State Office (NMSO), requests the designation of the **Ponderosa Federal/Indian Exploratory Unit** area, embracing **8,644.16 acres**, more or less, in San Juan County, New Mexico, as logically subject to exploration and development under the unitization provisions of the Mineral Leasing Act, as amended. This proposed unit agreement contains Allotted Indian Mineral lands.

In accordance with the guidelines established by the Onshore Energy and Mineral Lease Management Interagency Standard Operating Procedures (SOP), BLM is solely responsible for providing a technical review and designation for unit agreements that include Allotted lands.

Pursuant to public interest requirements and unit plan regulations at 43 CFR 3180, the land requested, as outlined on your plat marked Exhibit "A", **Ponderosa Federal/Indian Exploratory Unit**, San Juan County, New Mexico, is hereby designated as a logical unit area and has been assigned agreement number **NMNM 142119X**. This unit designation is for all oil and gas in the Mancos formation, as defined in Section 3 of the Unit Agreement, and is valid for a period of one year from the date of this letter.

The unit agreement submitted for the area designated will provide for the drilling of one (1) obligation well to test the **Mancos formation** with at least a one-mile horizontal well in the following location:

BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. B6
Submitted by: DJR Operating, LLC
Hearing Date: January 5, 2023
Case No. 23283

Name: Ponderosa Unit TBD

Surface Hole Location: SW ¼ SE ¼, Section 06, T. 23N, R. 09W

Bottom Hole Location: SW ¼ SE ¼, Section 08, T. 23N, R. 09W

As stated in Section 3 in the unit agreement, unitized substances are as follows:

All land now or hereafter committed to this agreement shall constitute land referred to herein as “unitized land” or “land subject to this agreement.” All oil and gas of the unitized lands in the Mancos Shale Group, including genetically related rocks from below the stratigraphic equivalent of the top of the Mancos Shale (base of Mesa Verde Group) identified at 3,755 feet Measured Depth to the stratigraphic equivalent of the base of the Mancos Shale identified at 5,568 feet Measured Depth as shown in the December Dream 1 well (API: 30-045-25862) located in T. 23N, R. 9W, Section 7, San Juan County, New Mexico are unitized under the terms of this agreement and herein are called “unitized substances”...

Participating areas within the Ponderosa Unit shall encompass only those lands that lie within the productive drainage areas of individual unit wells as determined by reasonable and established geologic and reservoir engineering analysis methods. This method is commonly referred to as a “divided” unit. Such wells must be capable of production of unitized substances in paying quantities.

All existing vertical and horizontal Gallup (Mancos) wells within the unit area shall be excluded from the terms of this agreement.

In the absence of any type of land requiring special provisions or of any objections not now apparent, a duly executed agreement identical to the one designated herein, will be considered for approval if submitted in approvable status within one (1) year from receipt of this letter. However, notice is hereby given that the right is reserved to deny final approval of any executed agreement submitted that, in our opinion, does not serve the public interest or does not have the full commitment of sufficient lands to afford effective control of operations in the unit area. All Allotted Indian Oil and Gas lands within the Ponderosa Unit Area must be officially leased before final approval shall be considered. Final approval of the proposed Ponderosa Unit Agreement will require final approval from the BLM, The Federal Mineral Indian Office, and the New Mexico State Land Office.

Inasmuch as this unit area contains State of New Mexico lands, we are sending a copy of this letter to the New Mexico State Land Office and we hereby request that you contact the State promptly in connection with this letter before soliciting joinders. The designation of this unit by BLM shall only become valid and effective upon official like designation by the New Mexico State Land Commissioner.

If conditions arise such that further modifications of said standard form are proposed, the unit designation process must be re-initiated, and two copies of the proposed modifications with

3

appropriate justification must be re-submitted to this office for preliminary approval and designation.

Please include a separate recapitulation table of the commitment status of the interests in each tract when the executed agreement is submitted for final approval.

In preparing Exhibits "A" and "B", the format of the sample exhibits of the model form shall be followed. A minimum of four (4) copies of the executed agreement shall be submitted with your request for final approval.

As provided in 43 CFR 3165.3(b), you may request an administrative review of this decision before the State Director. Per 43 CFR 3165.4, you may appeal any instructions, orders, or decisions issued by the BLM New Mexico State Office directly to the Interior Board of Land Appeals pursuant to the regulations found at 43 CFR 4. A copy of Form 1842-1, *Information on Taking Appeals to the Interior Board of Land Appeals*, is enclosed.

Sincerely,

James Glover

APPLICATION OF DJR OPERATING,
LLC TO AMEND ORDER NO. R-14194
AFFECTING THE PONDEROSA UNIT,
SAN JUAN COUNTY, NEW MEXICO.

CASE NO. 23283

SELF-AFFIRMED STATEMENT OF JACK ROSENTHAL

1. My name is Jack Rosenthal, and I am employed by DJR Operating, LLC. (“DJR”) as Vice President for Geosciences. I am familiar with the application filed by DJR in this case and have conducted a geologic study of the unit area.

2. I have not previously testified before the New Mexico Oil Conservation Division. My resume is attached as DJR Exhibit C-1. I believe my education and work experience as a petroleum geologist qualifies me to testify as an expert witness in petroleum geology.

3. DJR Exhibit C-2 is a subsea-level structure map on the top of the Gallup B formation with 20-foot contour intervals. This exhibit demonstrates that the formation gently dips to the northeast. The revised Ponderosa Unit Area is outlined in red. I do not observe any faults, pinch outs, or other geologic impediments to efficiently and effectively developing Ponderosa Unit Area with a unitized plan of operation.

4. Also depicted on the map are the locations of the type log well and well logs used to create a stratigraphic cross section from A to A’ and B to B’. Wells in these cross sections were chosen because they contain good logs and are representative of the geology underlying the unit area.

BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. C
Submitted by: DJR Operating, LLC
Hearing Date: January 5, 2023
Case No. 23283

5. **DJR Exhibit C-3** is a north-south stratigraphic cross-section using the wells depicted in Exhibit C-2 from A to A'. I have identified on the cross section the top and bottom of the unitized interval. This cross section demonstrates that the unitized interval is continuous across the revised unit area from a north to south direction.

6. **DJR Exhibit C-4** is a west-east stratigraphic cross-section using the wells depicted in Exhibits C-2 from B to B'. I have identified on the cross section the top and bottom of the unitized interval. This cross section demonstrates that the unitized interval is continuous across the revised unit area from a west to east direction.

7. DJR seeks to amend Order No. R-14194 to revise the definition of the Mancos formation to be consistent with the definition in the new proposed Ponderosa Unit Agreement as the Unitized Interval to be: "all oil and gas of the unitized lands in the Mancos Shale Group, including genetically related rocks from below the stratigraphic equivalent of the top of the Mancos Shale (base of Mesa Verde Group) identified at 3,755 feet Measured Depth to the stratigraphic equivalent of the base of the Mancos Shale identified at 5,568 feet Measured Depth as shown in the December Dream 1 well (API: 30-045-25862) located in Township 23 North, Range 9 West, Section 7, San Juan County, New Mexico are unitized under the terms of this agreement and herein are called 'unitized substances.'"

8. **DJR Exhibit C-5** is a type log of the December Dream 1 well with the unitized interval marked at the top and bottom of the Mancos formation.

9. In my opinion, approval of this application to incorporate these changes is in the best interests of conservation, the prevention of waste, and the protection of correlative rights.

10. **DJR Exhibits C-1 through C-5** were either prepared by me or compiled under my direction and supervision.

11. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

Jack Rosenthal

Date

Jack Rosenthal

Jack Rosenthal has more than 15 years of professional experience in the upstream oil and gas sector. Comprehensive exploration projects across the Rocky Mountain region have yielded expertise in resource play analysis, development planning and asset valuation geared towards value driven growth.

BUSINESS EXPERIENCE

DJR Energy, LLC

Vice President Geoscience and Investor (2/2019 – Present)

- Established the foundation for growth in the San Juan Basin with a detailed geologic interpretation and development strategy. DJR Energy's geoscience team has developed proprietary techniques for evaluating new plays while continuing to focus on analysis of growth opportunities via the drill bit and asset acquisitions.

Geoscience Manager (5/2017-2/2019)

- Directed DJR Energy's geologic evaluation of the San Juan Basin with a focus on the Gallup sand
- Coordinated the technical evaluation of numerous assets to build a prominent position in the San Juan Basin

DJ Resources Inc.

Geoscience Supervisor (12/2013-5/2017)

- Responsible for managing exploration projects and geologic work in Denver-Julesburg Basin
- Focused on identifying and mapping emerging plays to facilitate the evaluation of A&D opportunities in the Denver-Julesburg and other Rocky Mountain Basins (Powder River, Uinta, Sand Wash, North Park, Washakie)
- Led interdisciplinary teams of landmen, geologists and engineers to build detailed drilling plans and schedule to develop a 44,000+ acre lease position around Wattenberg Field

Geologist (04/2007-12/2013)

- Managed exploration work in the Denver-Julesburg Basin Niobrara and Codell play
- Evaluated geology and assisted in valuation of acquisitions totaling 200,000+ net acres
- Generated new unconventional play prospects based on extensive research and development of regional geologic framework in the Denver-Julesburg, Powder River and Uinta Basins

Encore Energy LLC

Geologist (06/2006-04/2007)

- Mapped conventional prospects in Denver-Julesburg basin
- Developed detailed stratigraphic correlations and framework for Cretaceous systems in the Denver-Julesburg basin

RETURN RECEIPT REQUESTED

TO: AFFECTED PARTIES

RE: Application of DJR Operating, LLC to amend Order No. R-14194 Affecting the Ponderosa Unit, San Juan County, New Mexico.

Ladies and Gentlemen:

This letter is to advise you that DJR Operating, LLC has filed the enclosed application. A hearing has been requested before a Division Examiner on January 5, 2023, and the status of the hearing can be monitored through the Division’s website at <https://www.emnrd.nm.gov/ocd/>.

During the COVID-19 Public Health Emergency, state buildings are closed to the public and hearings will be conducted remotely beginning at 8:15 a.m. To participate in the electronic hearing, see the instructions posted on the OCD Hearings website: <https://www.emnrd.nm.gov/ocd/hearing-info/>.

You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date. Parties appearing in cases are required by Division Rule 19.15.4.13.B to file a Pre-hearing Statement four business days in advance of a scheduled hearing. This statement must be filed online or in person at the Division’s Santa Fe office and should include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this matter, please contact Mona Binion at (303) 407-7399 or mbinion@djrlc.com.

Sincerely,

Adam G. Rankin

BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. E
Submitted by: DJR Operating, LLC
Hearing Date: January 5, 2023
Case No. 23283

**STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION
SANTA FE, NEW MEXICO**

The State of New Mexico, Energy Minerals and Natural Resources Department, Oil Conservation Division ("Division") hereby gives notice that the Division will hold public hearings before a hearing examiner on the following case. During the COVID-19 Public Health Emergency, state buildings are closed to the public and Division hearings will be conducted remotely. The public hearing for the following case will be electronic and conducted remotely. The hearing will be conducted on Thursday, January 5, 2023, beginning at 8:15 a.m. To participate in the electronic hearing, see the instructions posted below. The docket may be viewed at <https://www.emnrd.nm.gov/ocd/hearing-info/> or obtained from Marlene Salvidrez, at Marlene.Salvidrez@emnrd.nm.gov. Documents filed in the case may be viewed at <https://ocdimage.emnrd.nm.gov/Imaging/Default.aspx>. If you are an individual with a disability who needs a reader, amplifier, qualified sign language interpreter, or other form of auxiliary aid or service to attend or participate in a hearing, contact Marlene Salvidrez at Marlene.Salvidrez@emnrd.nm.gov, or the New Mexico Relay Network at 1-800-659-1779, no later than December 25, 2022.

Persons may view and participate in the hearings through the following link:

Case No. 23283.: Application of DJR Operating, LLC to amend Order No. R-14194 Affécting the Ponderosa Unit, San Juan County, New Mexico. Applicant seeks an order amending Order No. R-14194 to reduce the geographic area of the proposed Ponderosa Unit, modify the definition of the Unitized Interval, and reflect that the proposed Unit Agreement is U.S. Bureau of Land Management Federal Exploratory Unit Agreement "Divided" type model form that no longer provides for a single participating area. The proposed amendments will reduce the unit area to include approximately 8,644.16 acres, more or less, of Federal, Allotted Indian, and State Trust lands in all or parts of the following Sections: Sections 5 through 8 in Township 23 North, Range

9 West; Sections 1 through 4, and Sections 9 through 14 in Township 23 North, Range 10 West; and Section 31 in Township 24 North, Range 9 West, all in San Juan County, New Mexico. Applicant also seeks to revise the definition of the Mancos formation to be consistent with the definition in the new proposed Ponderosa Unit Agreement as the Unitized Interval to be all oil and gas of the unitized lands in the Mancos Shale Group, including genetically related rocks from below the stratigraphic equivalent of the top of the Mancos Shale (base of Mesa Verde Group) identified at 3,755 feet Measured Depth to the stratigraphic equivalent of the base of the Mancos Shale identified at 5,568 feet Measured Depth as shown in the December Dream 1 well (API: 30-045-25862) located in Township 23 North, Range 9 West, Section 7, San Juan County, New Mexico are unitized under the terms of this agreement and herein are called "unitized substances." In addition, DJR seeks to amend Order No. R-14194 to reflect that the unit will be governed by a U.S. Bureau of Land Management Federal Exploratory Unit Agreement "Divided" type model form that no longer provides for a single participating area. The subject acreage is located approximately 4 miles southwest of Nageezi, New Mexico.
