**APPLICATION OF MATADOR PRODUCTION
COMPANY FOR APPROVAL OF AN
OVERLAPPING HORIZONTAL WELL SPACING
UNIT AND COMPULSORY POOLING, EDDY
COUNTY, NEW MEXICO.**

CASE NO. 22912
(formerly Case No. 22490)

APPLICATION

Matador Production Company, (“Matador”), through its undersigned attorneys, hereby files this application with the Oil Conservation Division for an order (a) approving a 390.36 acre, more or less, overlapping horizontal well spacing unit in the Bone Spring formation comprised of the N/2 SW/4 and N/2 SE/4 of Sections 1 and 2, Township 21 South, Range 28 East, and Lot 17 and NE/4 SW/4 of Section 6, Township 21 South, Range 29 East, NMPM, Eddy County, New Mexico, and (b) pooling all uncommitted mineral interests in this overlapping horizontal well spacing unit. In support of this application, Matador states:

1. An affiliate of Matador Production Company (OGRID No. 228937) is a working interest owner in the proposed horizontal spacing unit and has the right to drill thereon.
2. Matador seeks to dedicate the above-referenced horizontal spacing unit to the proposed **Simon Camamile 0206 Fed Com #115H** and **#125H** wells to be drilled from a surface location within SW/4 SW/4 of Section 2, T-21-S, R-28-E to a bottom hole location within NE/4 SW/4 of Section 6, T-21-S, R-29-E.
3. This 390.36-acre horizontal well spacing unit will overlap a proposed 780.68 acre, more or less, horizontal well spacing unit in the Bone Spring formation comprised of S/2 of Sections 1 and 2, Township 21 South, Range 28 East, and Lots 17-18, NE/4 SW/4 and SE/4 SW/4

**BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. B
Submitted by: Matador Production Company
Hearing Date: July 6, 2023
Case No. 22912**

of Section 6, Township 21 South, Range 29 East to be dedicated to the proposed Simon Camamile 0206 Fed Com #136H well.

4. Matador has sought and been unable to obtain voluntary agreement for the development of these lands from all the mineral interest owners in the subject spacing unit.

5. Approval of this overlapping horizontal well spacing unit and the pooling of interests will avoid the drilling of unnecessary wells, will prevent waste, and will protect correlative rights.

WHEREFORE, Matador requests that this application be set for hearing before an Examiner of the Oil Conservation Division on July 7, 2022, and, after notice and hearing as required by law, the Division enter an order:

- A. Approving the overlapping horizontal well spacing unit and pooling all uncommitted interests therein;
- B. Designating Matador Production Company operator of this spacing unit and the horizontal well to be drilled thereon;
- C. Authorizing Matador to recover its costs of drilling, equipping and completing the well;
- D. Approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures; and
- E. Imposing a 200% penalty for the risk assumed by Matador in drilling and completing the well against any working interest owner who does not voluntarily participate in the drilling of the well.

Respectfully submitted,

HOLLAND & HART LLP

**ATTORNEYS FOR MATADOR PRODUCTION
COMPANY**

CASE _____: **Application of Matador Production Company for Approval of an Overlapping Horizontal Well Spacing Unit and Compulsory Pooling, Lea County, New Mexico.** Applicant in the above-styled cause seeks an order (a) approving a 390.36 acre, more or less, overlapping horizontal well spacing unit in the Bone Spring formation comprised of the N/2 SW/4 and N/2 SE/4 of Sections 1 and 2, Township 21 South, Range 28 East, and Lot 17 and NE/4 SW/4 of Section 6, Township 21 South, Range 29 East, NMPM, Lea County, New Mexico, and (b) pooling all uncommitted mineral interests in this overlapping horizontal well spacing unit. The above-referenced unit will be dedicated to the to the proposed **Simon Camamile 0206 Fed Com #115H** and **#125H** wells to be drilled from a surface location within the SW/4 SW/4 of Section 2, T-21-S, R-28-E to a bottom hole location within NE/4 SW/4 of Section 6, T-21-S, R-29-E. This 390.36-acre horizontal well spacing unit will overlap a proposed 780.68 acre, more or less, horizontal well spacing unit in the Bone Spring formation comprised of S/2 of Sections 1 and 2, Township 21 South, Range 28 East, and Lots 17-18, NE/4 SW/4 and SE/4 SW/4 of Section 6, Township 21 South, Range 29 East to be dedicated to the proposed Simon Camamile 0206 Fed Com #136H well. Also, to be considered will be the cost of drilling and completing the well, the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of Matador Production Company as operator, and a 200% charge for risk involved in drilling and completing the well. Said area is located approximately 12 miles Northeast of Carlsbad, New Mexico.

ENERGY, MINERALS, AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION**

**APPLICATION OF MATADOR PRODUCTION COMPANY FOR APPROVAL OF
OVERLAPPING SPACING UNITS AND COMPULSORY POOLING, EDDY COUNTY,
NEW MEXICO.**

CASE NOS. 22912

SELF AFFIRMED STATEMENT OF CLAY WOOTEN (Landman)

1. My name is Clay Wooten. I work for MRC Energy Company, an affiliate of Matador Production Company (“Matador”), as a Landman.

2. I have previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum land matters. My credentials as a petroleum landman have been accepted by the Division and made a matter of public record. I am familiar with the application filed by Matador in this case, and I am familiar with the status of the lands in the subject area.

3. In this case, Matador seeks an order pooling a standard horizontal spacing unit in the Bone Spring formation [WC-015 G-05 S202935P; Bone Spring pool (Pool Code 97995)] underlying irregular Sections 1 and 2, Township 21 South, Range 28 East, and the W2 equivalent of irregular Section 6, Township 21 South, Range 29 East, NMPM, Eddy County, New Mexico.

4. In particular, Matador seeks an order pooling a 390.36 acre, more or less, well spacing unit in the Bone Spring formation comprised of N/2 SW/4 and N/2 SE/4 of Sections 1 and 2, Township 21 South, Range 28 East, and Lot 17 and NE/4 SW/4 of Section 6, Township 21 South, Range 29 East, NMPM, Eddy County, New Mexico. This proposed spacing unit will be initially dedicated to the following proposed wells:

- i. **Simon Camamile 0206 Fed Com #115H and #125H** wells to be drilled from a surface location within SW/4 SW/4 of Section 2, T-

**BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. C**

**Submitted by: Matador Production Company
Hearing Date: July 6, 2023
Case No. 22912**

21-S, R-28-E to a bottom hole location within NE/4 SW/4 of Section 6, T-21-S, R-29-E.

- b. This 390.36 acre horizontal well spacing unit will overlap the following existing horizontal well spacing units covering portions of the subject acreage:
- i. COG Operating LLC's Dump Yard 2 State #1H (API 30-015-42433), which is targeting the Second Bone Spring of the Bone Spring formation at an approximate TVD of 8,400', and which has a spacing unit comprised of Lots 4, 5, 12 and 13, NW/4SW/4 and SW4/SW4 of Section 2, Township 21 South, Range 28 East, Eddy County, New Mexico; and
 - ii. COG Operating LLC's Dump Yard 2 State #2H (API 30-015-42512), which is targeting the Second Bone Spring of the Bone Spring formation at an approximate TVD of 8,315', and which has a spacing unit comprised of Lots 3, 6, 11 and 14, NE/4SW/4 and SE4/SW4 of Section 2, Township 21 South, Range 28 East, Eddy County, New Mexico.
 - iii. COG Operating LLC's Running Buffalo 1 Federal Com #1H (API 30-015-41538), which is targeting the Second Bone Spring of the Bone Spring formation at an approximate TVD of 8,630', and which has a spacing unit comprised of Lots 1, 8, 9 and 16, and NE4/SE4 of Section 1, Township 21 South, Range 28 East, Eddy County, New Mexico.

5. **Matador Exhibit C-1** shows a map of Matador's proposed spacing unit and the above-referenced overlapping spacing units.

6. **Matador Exhibit C-2** contains a copy of the notice that Matador sent to the known working interest owners in COG Operating's existing spacing units and the proposed spacing unit in Matador's current application. Matador also mailed a copy of the notice to the Bureau of Land Management and New Mexico State Land Office. Matador has not received written notice of any objection to the notice of overlapping spacing unit.

7. **Matador Exhibit C-3** contains draft Form C-102's for the initial wells in this proposed spacing unit. These forms reflect that the wells comply with statewide setback

requirements and we understand will be assigned to the WC-015 G-05 S202935P; Bone Spring pool (Pool Code 97995).

8. **Matador Exhibit C-4** is a map that identifies the series of government lots and quarter-quarter sections forming irregular Sections 1 and 2, and the W2 equivalent of irregular Section 6. The laterals for each of the proposed wells in this application (and other companion applications) are also identified on this map.

9. **Matador Exhibit C-5** contains a tract map for this proposed spacing unit. The acreage in this proposed spacing unit is comprised of federal and state lands. There are no ownership depth severances in the Bone Spring formation underlying this acreage.

10. **Matador Exhibit C-6** identifies the working interest owners that Matador is seeking to pool along with their respective ownership interest in the proposed horizontal spacing unit.

11. **Matador Exhibit C-7** includes the list of overriding royalty owners that Matador seeks to pool in this case.

12. **Matador Exhibit C-8** contains a sample of the well proposal letters and AFEs sent to the working interest owners Matador seeks to pool. **Matador Exhibit C-8** also contains a sample of a follow up letter to the well proposals with updated AFE amounts for the **Simon Camamile 0206 Fed Com #115H**, among other wells. The costs reflected in the updated AFE is consistent with what other operators have incurred for drilling similar horizontal wells in the area in this formation.

13. Matador has reviewed public records and conducted online computer searches in an effort to locate contact information for all the mineral owners that it seeks to pool. All working interest owners Matador seeks to pool were locatable. As reflected in Matador Exhibit C-9,

Matador has been able to contact each of the working interest owners that Matador seeks to pool in this case.

14. **Matador Exhibit C-9** contains a summary of the contacts with the uncommitted working interest owners Matador seeks to pool. In my opinion, Matador has undertaken good faith efforts to reach agreement with the uncommitted working interest owners.

15. Matador requests that the overhead and administrative costs for the proposed wells be initially set at \$8,000 per month while drilling and \$800 per month while producing, and that these rates be adjusted annually pursuant to the COPAS form entitled "Accounting Procedure-Joint Operations." These costs and annual adjustments are consistent with what other operators are charging for similar wells in this area.

16. Matador has provided the law firm of Holland & Hart LLP with the names and addresses (where available) of the parties Matador seeks to pool and instructed that they be notified of this hearing.

17. **Matador Exhibits C-1 through C-9** were either prepared by me or compiled under my direction and supervision.

18. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

Clay Wooten

Re: Notice of Overlapping Spacing Unit
(WC-015 G-05 S202935P; BONE SPRING [97995])
Matador's Simon Camamile 0206 Fed Com #115H and #125H

To Whom It May Concern:

Matador Production Company has proposed the above-referenced two wells for the initial development of the Bone Spring formation under the N/2 SW/4 and N/2 SE/4 of Sections 1 and 2, Township 21 South, Range 28 East, and Lot 17 and NE/4 SW/4 of Section 6, Township 21 South, Range 29 East, NMPM, Eddy County, New Mexico.

This letter is to advise you that this proposed development plan will require the formation of the 390.36 acre, more or less, spacing unit comprised of the N/2 SW/4 and N/2 SE/4 of Sections 1 and 2, Township 21 South, Range 28 East, and Lot 17 and NE/4 SW/4 of Section 6, Township 21 South, Range 29 East, NMPM, Eddy County, New Mexico, which will initially be dedicated to:

- (i) Matador's Simon Camamile 0206 Fed Com #115, to be drilled from a surface location within SW/4 SW/4 of Section 2, T-21-S, R-28-E to a bottom hole location within NE/4 SW/4 of Section 6, T-21-S, R-29-E. This well is targeting the First Bone Spring of the Bone Spring formation, with an approximate TVD of 7,450'; and
- (ii) Matador's Simon Camamile 0206 Fed Com #125, to be drilled from a surface location within SW/4 SW/4 of Section 2, T-21-S, R-28-E to a bottom hole location within NE/4 SW/4 of Section 6, T-21-S, R-29-E. This well is targeting the Second Bone Spring of the Bone Spring formation, with an approximate TVD of 8,300'.

Matador's proposed 390.36-acre spacing unit will overlap the following three existing spacing units and wells:

- (i) COG Operating LLC's Dump Yard 2 State #1H (API 30-015-42433), which is targeting the Second Bone Spring of the Bone Spring formation at an approximate TVD of 8,400', and which has a spacing unit comprised of Lots 4, 5, 12 and 13, NW/4SW/4 and SW4/SW4 of Section 2, Township 21 South, Range 28 East, Eddy County, New Mexico;
- (ii) COG Operating LLC's Dump Yard 2 State #2H (API 30-015-42512), which is targeting the Second Bone Spring of the Bone Spring formation at an approximate TVD

of 8,315', and which has a spacing unit comprised of Lots 3, 6, 11 and 14, NE/4SW/4 and SE4/SW4 of Section 2, Township 21 South, Range 28 East, Eddy County, New Mexico; and

- (iii) COG Operating LLC's Running Buffalo 1 Federal Com #1H (API 30-015-41538), which is targeting the Second Bone Spring of the Bone Spring formation at an approximate TVD of 8,630', and which has a spacing unit comprised of Lots 1, 8, 9 and 16, and NE4/SE4 of Section 1, Township 21 South, Range 28 East, Eddy County, New Mexico.

Pursuant to NMAC 19.15.16.15.B(9) and 19.15.15.12.B, you have a right to object the overlapping spacing unit by delivering a written statement of objection to our office within twenty (20) days of the mailing of this notice. If no objection is received within this 20-day period, we will proceed with obtaining any remaining regulatory approvals for the proposed spacing unit.

If you have any questions about this matter, please contact me at your convenience.

Sincerely,

Clay Wooten

Re: Simon Camamile 0206 Fed Com #111H, #112H, #113H, #114H, #115H, #116H, #121H, #122H, #123H, #124H, #125H, & #126H (the "Wells")
Participation Proposal
Sections 1 & 2, Township 21 South, Range 28 East; and Section 6, Township 21 South, Range 29 East, Eddy County, New Mexico

Dear Sir/Madam:

MRC Permian Company ("MRC") hereby proposes the drilling of the following Matador Production Company's Simon Camamile 0206 Fed Com #111H, Simon Camamile 0206 Fed Com #112H, Simon Camamile 0206 Fed Com #113H, Simon Camamile 0206 Fed Com #114H, Simon Camamile 0206 Fed Com #115H, Simon Camamile 0206 Fed Com #116H, Simon Camamile 0206 Fed Com #121H, Simon Camamile 0206 Fed Com #122H, Simon Camamile 0206 Fed Com #123H, Simon Camamile 0206 Fed Com #124H, Simon Camamile 0206 Fed Com #125H & Simon Camamile 0206 Fed Com #126H located in Sections 1 & 2, Township 21 South, Range 28 East; and Section 6, Township 21 South, Range 29 East, Eddy County, New Mexico.

In connection with the above, please note the following:

- The estimated cost of drilling, testing, completing, and equipping of each Well is itemized on the twelve (12) enclosed Authority for Expenditures ("AFE") dated October 8, 2021.
- **Simon Camamile 0206 Fed Com #111H:** to be drilled from a legal location with a proposed surface hole location within Lot 5 of Section 2-21S-28E and a proposed bottom hole location within Lot 3 of Section 6-21S-29E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~7,714' TVD) to a Measured Depth of approximately 21,204'.
- **Simon Camamile 0206 Fed Com #112H:** to be drilled from a legal location with a proposed surface hole location within Lot 5 of Section 2-21S-28E and a proposed bottom hole location within Lot 6 of Section 6-21S-29E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~7,714' TVD) to a Measured Depth of approximately 21,204'.
- **Simon Camamile 0206 Fed Com #113H:** to be drilled from a legal location with a proposed surface hole location within Lot 13 of Section 2-21S-28E and a proposed bottom hole location within Lot 11 of Section 6-21S-29E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~7,714' TVD) to a Measured Depth of approximately 21,204'.

- **Simon Camamile 0206 Fed Com #114H:** to be drilled from a legal location with a proposed surface hole location within Lot 13 of Section 2-21S-28E and a proposed bottom hole location within Lot 14 of Section 6-21S-29E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~7,714' TVD) to a Measured Depth of approximately 21,204'.
- **Simon Camamile 0206 Fed Com #115H:** to be drilled from a legal location with a proposed surface hole location within the SW/4SW/4 of Section 2-21S-28E and a proposed bottom hole location within the NE/4SW/4 of Section 6-21S-29E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~7,714' TVD) to a Measured Depth of approximately 21,204'.
- **Simon Camamile 0206 Fed Com #116H:** to be drilled from a legal location with a proposed surface hole location within the SW/4SW/4 of Section 2-21S-28E and a proposed bottom hole location within the SE/4SW/4 of Section 6-21S-29E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~7,714' TVD) to a Measured Depth of approximately 21,204'.
- **Simon Camamile 0206 Fed Com #121H:** to be drilled from a legal location with a proposed surface hole location within Lot 5 of Section 2-21S-28E and a proposed bottom hole location within Lot 3 of Section 6-21S-29E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~7,714' TVD) to a Measured Depth of approximately 21,204'.
- **Simon Camamile 0206 Fed Com #122H:** to be drilled from a legal location with a proposed surface hole location within Lot 5 of Section 2-21S-28E and a proposed bottom hole location within Lot 6 of Section 6-21S-29E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~7,714' TVD) to a Measured Depth of approximately 21,204'.
- **Simon Camamile 0206 Fed Com #123H:** to be drilled from a legal location with a proposed surface hole location within Lot 13 of Section 2-21S-28E and a proposed bottom hole location within Lot 11 of Section 6-21S-29E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~7,714' TVD) to a Measured Depth of approximately 21,204'.
- **Simon Camamile 0206 Fed Com #124H:** to be drilled from a legal location with a proposed surface hole location within Lot 13 of Section 2-21S-28E and a proposed bottom hole location within Lot 14 of Section 6-21S-29E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~7,714' TVD) to a Measured Depth of approximately 21,204'.
- **Simon Camamile 0206 Fed Com #125H:** to be drilled from a legal location with a proposed surface hole location within the SW/4SW/4 of Section 2-21S-28E and a proposed bottom hole location within the NE/4SW/4 of Section 6-21S-29E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~7,714' TVD) to a Measured Depth of approximately 21,204'.
- **Simon Camamile 0206 Fed Com #126H:** to be drilled from a legal location with a proposed surface hole location within the SW/4SW/4 of Section 2-21S-28E and a proposed bottom hole location within the SE/4SW/4 of Section 6-21S-29E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~7,714' TVD) to a Measured Depth of approximately 21,204'.

MRC reserves the right to modify the locations and drilling plans described above in order to address topography, cultural or environmental concerns, among other reasons. MRC will advise you of any such modifications.

MRC requests that you indicate your election to participate in the drilling and completion of the Wells in the space provided below, sign and return one (1) copy of this letter to the undersigned.

MRC is proposing to drill the Wells under the terms of the modified 1989 AAPL form of Operating Agreement dated October 28, 2021, by and between Matador Production Company, as Operator, and MRC Permian Company et al, as Non-Operators, covering all of Sections 1 & 2, Township 21 South, Range 28 East; and the W/2 of Section 6, Township 21 South, Range 29 East, Eddy County, New Mexico, and has the following general provisions:

- 100/300/300 Non-consenting penalty
- \$8,000/\$800 Drilling and Producing rate
- Matador Production Company named as Operator

If your election is to participate in the drilling and completion of the Well, please sign and return a copy of the enclosed AFE within thirty (30) days of receipt of this notice. Please be aware that the enclosed AFE is only an estimate of costs to be incurred and by electing to participate in the Well, each working interest owner shall be responsible for its proportionate share of all costs incurred.

Thank you for your consideration of this proposal. Please contact me if you have any questions.

Sincerely,

MRC PERMIAN COMPANY

Nick Farmer

EOG Resources, Inc. hereby elects to:

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Simon Camamile 0206 Fed Com #111H** well.
_____ Not to participate in the **Simon Camamile 0206 Fed Com #111H**

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Simon Camamile 0206 Fed Com #112H** well.
_____ Not to participate in the **Simon Camamile 0206 Fed Com #112H**

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Simon Camamile 0206 Fed Com #113H** well.
_____ Not to participate in the **Simon Camamile 0206 Fed Com #113H**

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Simon Camamile 0206 Fed Com #114H** well.
_____ Not to participate in the **Simon Camamile 0206 Fed Com #114H**

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Simon Camamile 0206 Fed Com #115H** well.
_____ Not to participate in the **Simon Camamile 0206 Fed Com #115H**

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Simon Camamile 0206 Fed Com #116H** well.
_____ Not to participate in the **Simon Camamile 0206 Fed Com #116H**

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Simon Camamile 0206 Fed Com #121H** well.
_____ Not to participate in the **Simon Camamile 0206 Fed Com #121H**

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Simon Camamile 0206 Fed Com #122H** well.
_____ Not to participate in the **Simon Camamile 0206 Fed Com #122H**

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Simon Camamile 0206 Fed Com #123H** well.
_____ Not to participate in the **Simon Camamile 0206 Fed Com #123H**

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Simon Camamile 0206 Fed Com #124H** well.
_____ Not to participate in the **Simon Camamile 0206 Fed Com #124H**

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Simon Camamile 0206 Fed Com #125H** well.
_____ Not to participate in the **Simon Camamile 0206 Fed Com #125H**

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Simon Camamile 0206 Fed Com #126H** well.
_____ Not to participate in the **Simon Camamile 0206 Fed Com #126H**

Dear Sir/Madam:

Reference is made to the previous proposals for the Simon Camamile 0206 Fed Com #111H, Simon Camamile 0206 Fed Com #112H, Simon Camamile 0206 Fed Com #113H, Simon Camamile 0206 Fed Com #114H, Simon Camamile 0206 Fed Com #115H, Simon Camamile 0206 Fed Com #116H, Simon Camamile 0206 Fed Com #201H, Simon Camamile 0206 Fed Com #202H, Simon Camamile 0206 Fed Com #203H, Simon Camamile 0206 Fed Com #204H, Simon Camamile 0206 Fed Com #205H, Simon Camamile 0206 Fed Com #206H, and Simon Camamile 0206 Fed Com #226H ("Wells"), dated November 11, 2021 and November 22, 2021. This notice is being provided due to a recent revision of costs attributed to increased service cost estimates and materials, enclosed for further handling is our updated and revised Authority for Expenditures ("AFE") dated December 15, 2022. Additionally, attached is an updated Joint Operating Agreement ("JOA") dated November 21, 2022.

MRC reserves the right to modify the locations and drilling plans described above in order to address topography, cultural or environmental concerns, among other reasons. MRC will advise you of any such modifications.

Please contact me if you have any questions.

Sincerely,

MRC PERMIAN COMPANY

The costs on this AFE are estimates only and they may be modified as a result of any specific items or conditions of the project. Tubing completion approval shall be given by the AFE only. This approval is for one year after the well has been completed. In exercising this AFE, the Participant agrees to pay all costs incurred in carrying out the AFE, including, but not limited to, the costs of the applicable permit, operating agreement, regulatory order or other agreements covering this well. Participants who are covered by a wellbore completion or production sharing agreement shall be deemed to have approved this AFE by their execution of such agreement. Participants who are not covered by a wellbore completion or production sharing agreement shall be deemed to have approved this AFE by their execution of this AFE. Participants who are not covered by a wellbore completion or production sharing agreement shall be deemed to have approved this AFE by their execution of this AFE.

Exhibit C-9

Summary of Communications - Simon Camamile

Working Interest Owner:

1. EOG Resources, LLC

In addition to sending well proposals, Matador has had a discussion with EOG Resources, LLC regarding their interest and continue to discuss voluntary joinder.

2. Oxy Y-1 Company

In addition to sending well proposals, Matador has had discussions with Oxy Y-1 Company regarding their interest and continue to discuss voluntary joinder.

3. Sharbro Energy, LLC

In addition to sending well proposals, Matador has had a discussion with Sharbro Energy, LLC regarding their interest and continue to discuss voluntary joinder.

**STATE OF NEW MEXICO

**APPLICATION OF MATADOR
PRODUCTION COMPANY FOR
COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO.**

CASE NOS. 22912, 22989 and 22991

AFFIDAVIT OF ANDREW PARKER

Andrew Parker, of lawful age and being first duly sworn, declares as follows:

1. My name is Andrew Parker. I work for MRC Energy Company, an affiliate of Matador Production Company ("Matador"), as a Senior Vice President of Geoscience.
2. I have previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum geology. My credentials as a petroleum geologist have been accepted by the Division and made a matter of record.
3. I am familiar with the applications filed by Matador in these cases, and I have conducted a geologic study of the lands in the subject area.
4. **Matador Exhibit D-1** is a locator map outlining the horizontal spacing units with a black box shaded in yellow, with the larger area identified in a red box.
5. In these cases, Matador intends to develop the First Bone Spring, Second Bone Spring, and Third Bone Spring of the Bone Spring formation, respectively.
6. **Matador Exhibit D-2** is a subsea structure map prepared off the top of the Bone Spring formation. The contour interval is 50 feet. The structure map shows the Bone Spring formation gently dipping to the east. The structure appears consistent across the proposed wellbore paths. I do not observe any faulting, pinchouts, or other geologic impediments to horizontal drilling.

BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. D

Submitted by: Matador Production Company
Hearing Date: July 6, 2023
Case No. 22912

7. Also included on Matador Exhibit D-2 is a line of cross section from A to A'.

8. **Matador Exhibit D-3** is a structural cross-section prepared displaying open-hole logs run over the Bone Spring formation from the six representative wells denoted from A to A'. For each well in the cross-section, the following logs are included: gamma ray, caliper, porosity, and resistivity, where available. The proposed target intervals for each of the respective proposed wells is labeled and marked with a yellow shaded area. The logs in the cross-section demonstrate that each of the targeted intervals, within the Bone Spring formation, are consistent in thickness, across the entirety of the proposed spacing units.

9. In my opinion, the laydown orientation is the preferred orientation for development in this area for Bone Spring wells because the maximum horizontal stress is north-south in this area.

10. Based on my geologic study of the area, I have not identified any geologic impediments to drilling horizontal wells within the Bone Spring formation in the area of the spacing units proposed in these cases.

11. In my opinion, each quarter-quarter section will be productive and contribute more-or-less equally to production from each horizontal spacing unit.

12. In my opinion, horizontal drilling will be the most efficient method to develop this acreage, to prevent the drilling of unnecessary wells, and to result in the greatest ultimate recovery.

13. Approving Matador's applications will be in the best interest of conservation, the prevention of waste, and protection of correlative rights.

14. **Matador Exhibits D-1 through D-3** were either prepared by me or compiled under my direction and supervision.

FURTHER AFFIANT SAYETH NOT.

**Re: Application of Matador Production Company for Approval of an Overlapping
Horizontal Well Spacing Unit and Compulsory Pooling, Eddy County, New
Mexico: Simon Camamile 0206 Fed Com #115H and #125H**

Ladies & Gentlemen:

This letter is to advise you that Matador Production Company has filed the enclosed application with the New Mexico Oil Conservation Division.

During the COVID-19 Public Health Emergency, state buildings are closed to the public and hearings will be conducted remotely. The hearing has been requested on July 7, 2022 beginning at 8:15 a.m., until it is concluded. To participate in the electronic hearing, see the instructions posted on the OCD Hearings website: <https://www.emnrd.nm.gov/ocd/hearing-info/>.

You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date. Parties appearing in cases are required by Division Rule 19.15.4.13.B to file a Pre-hearing Statement four business days in advance of a scheduled hearing. This statement must be filed online or in person at the Division's Santa Fe office and should include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this matter, please contact Nick Farmer at (405) 397-8040 or at nick.farmer@matadorresources.com.

Sincerely,

A handwritten signature in blue ink that reads "Michael H. Feldewert".

Michael H. Feldewert

BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. F
Submitted by: Matador Production Company
Hearing Date: July 6, 2023
Case No. 22912

STATE OF NEW MEXICO
ENERGY, MINERALS AND
NATURAL RESOURCES
DEPARTMENT
OIL CONSERVATION
DIVISION
SANTA FE, NEW MEXICO

The State of New Mexico, Energy Minerals and Natural Resources Department, Oil Conservation Division ("Division") hereby gives notice that the Division will hold public hearings before a hearing examiner on the following case. During the COVID-19 Public Health Emergency, state buildings are closed to the public and Division hearings will be conducted remotely. The public hearing for the following case will be electronic and conducted remotely. The hearing will be conducted on Thursday, July 7, 2022, beginning at 8:15 a.m. To participate in the electronic hearing, see the instructions posted below. The docket may be viewed at <https://www.emnrd.nm.gov/ocd/hearing-info/> or obtained from Marlene Salvidrez, at Marlene.Salvidrez@state.nm.us. Documents filed in the case may be viewed at <https://ocdimage.emnrd.nm.gov/imaging/Default.aspx>. If you are an individual with a disability who needs a reader, amplifier, qualified sign language interpreter, or other form of auxiliary aid or service to attend or participate in a hearing, contact Marlene Salvidrez at Marlene.Salvidrez@state.nm.us, or the New Mexico Relay Network at 1-800-659-1779, no later than June 27, 2022.

Persons may view and participate in the hearings through the following link:
