**APPLICATION OF V-F PETROLEUM INC.
FOR COMPULSORY POOLING,
EDDY COUNTY, NEW MEXICO**

Case No. 23728

APPLICATION

V-F Petroleum Inc. (“V-F Petroleum” or “Applicant”), OGRID No. 24010, through its undersigned attorneys, hereby files this Application with the Oil Conservation Division (“Division”) pursuant to the provisions of NMSA 1978, Section 70-2-17, seeking an order pooling all uncommitted mineral interests in the Bone Spring formation, designated as an oil pool, underlying a standard 324.84-acre, more or less, spacing and proration unit comprised of Lots 1 through 4 (N/2 N/2 equivalent) of Sections 4 and 5, Township 19 South, Range 28 East, NMPM, Eddy County, New Mexico. Sections 4 and 5 are irregular Sections which contain correction lots.

In support of its Application, V-F Petroleum states the following:

1. V-F Petroleum is a working interest owner in the proposed horizontal spacing and proration unit (“HSU”) and has a right to drill a well thereon.
2. V-F Petroleum proposes and dedicates to the HSU the **Courtman 4 State Com #222H Well** and the **Courtman 4 State Com #232H Well** as initial wells to be drilled to a sufficient depth to test the Bone Spring formation.
3. V-F Petroleum proposes the **Courtman 4 State Com #222H Well**, an oil well, to be horizontally drilled from a surface location in Lot 1 (NE/4 NE/4 equivalent) of Section 4 to a bottom hole location in Lot 4 (NW/4 NW/4 equivalent) of Section 5.

4. V-F Petroleum proposes the **Courtman 4 State Com #232H Well**, an oil well, to be horizontally drilled from a surface location in Lot 1 (NE/4 NE/4 equivalent) of Section 4 to a bottom hole location in Lot 4 (NW/4 NW/4 equivalent) of Section 5.

5. The proposed wells are orthodox in their locations, and the take points and completed intervals comply with setback requirements under the statewide rules.

6. V-F Petroleum has sought in good faith but has been unable to obtain a voluntary agreement from all interest owners to participate in the drilling of the wells or the commitment of their interests to the wells for their development within the proposed HSU.

7. The pooling of all interests in the Bone Spring formation within the proposed HSU will avoid the drilling of unnecessary wells, prevent waste, and protect correlative rights.

8. In order to provide for its just and fair share of the oil and gas underlying the subject lands, V-F Petroleum requests that all uncommitted interests in this HSU be pooled and that V-F Petroleum be designated the operator of the proposed horizontal wells and HSU.

WHEREFORE, V-F Petroleum requests that this Application be set for hearing on September 7, 2023, before an Examiner of the Oil Conservation Division, and after notice and hearing as required by law, the Division enter an order:

A. Establishing a standard 324.84-acre, more or less, spacing and proration unit comprised of Lots 1 through 4 (N/2 N/2 equivalent) of Sections 4 and 5, Township 19 South, Range 28 East, NMPM, Eddy County, New Mexico;

B. Pooling all uncommitted mineral interests in the Bone Spring formation underlying the proposed HSU.

C. Approving the **Courtman 4 State Com #222H Well** and the **Courtman 4 State Com #232 Well** as the wells for the HSU.

D. Designating V-F Petroleum as operator of this HSU and the horizontal wells to be drilled thereon;

E. Authorizing V-F Petroleum to recover its costs of drilling, equipping, and completing the wells;

F. Approving actual operating charges and costs of supervision, to the maximum extent allowable, while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures; and

G. Setting a 200% charge for the risk assumed by V-F Petroleum in drilling and completing the wells in the event a working interest owner elects not to participate in the wells.

Respectfully submitted,

ABADIE & SCHILL, PC

Application of V-F Petroleum Inc. for Compulsory Pooling, Eddy County, New Mexico.

Applicant in the above-styled cause seeks an order from the Division pooling all uncommitted mineral interests in the Bone Spring formation, designated as an oil pool, underlying a standard 324.84-acre, more or less, spacing and proration unit comprised of Lots 1 through 4 (N/2 N/2 equivalent) of Sections 4 and 5, Township 19 South, Range 28 East, NMPM, Eddy County, New Mexico. Sections 4 and 5 are irregular Sections which contain correction lots. The proposed wells to be dedicated to the horizontal spacing unit are the **Courtman 4 State Com #222H Well**, an oil well, to be horizontally drilled from a surface location in Lot 1 (NE/4 NE/4 equivalent) of Section 4 to a bottom hole location in Lot 4 (NW/4 NW/4 equivalent) of Section 5; and the **Courtman 4 State Com #232 Well**, an oil well, to be horizontally drilled from a surface location in Lot 1 (NE/4 NE/4 equivalent) of Section 4 to a bottom hole location in Lot 4 (NW/4 NW/4 equivalent) of Section 5. The wells will be orthodox, and the take points and completed intervals will comply with the setback requirements under the Division's Statewide Rules; also to be considered will be the cost of drilling and completing the wells and the allocation of the costs thereof; actual operating costs and charges for supervision; the designation of the Applicant as Operator of the wells and unit; and a 200% charge for the risk involved in drilling and completing the wells. The wells and lands are located approximately 18.5 miles southeast of Artesia, New Mexico.

APPLICANT’S STATEMENT OF THE CASE

In Case No. 23728, V-F Petroleum seeks an order pooling all uncommitted mineral interests in the Bone Spring formation, designated as an oil pool, underlying a standard 324.84-acre, more or less, spacing and proration unit comprised of Lots 1 through 4 (N/2 N/2 equivalent) of Sections 4 and 5, Township 19 South, Range 28 East, NMPM, Eddy County, New Mexico. V-F Petroleum proposes and dedicates to the unit the **Courtman 4 State Com #222H Well** and the **Courtman 4 State Com #232H Well** as initial wells to be drilled to a sufficient depth to test the Bone Spring formation.

V-F Petroleum proposes the **Courtman 4 State Com #222H Well**, an oil well, to be horizontally drilled from a surface location in Lot 1 (NE/4 NE/4 equivalent) of Section 4 to a bottom hole location in Lot 4 (NW/4 NW/4 equivalent) of Section 5.

V-F Petroleum proposes the **Courtman 4 State Com #232H Well**, an oil well, to be horizontally drilled from a surface location in Lot 1 (NE/4 NE/4 equivalent) of Section 4 to a bottom hole location in Lot 4 (NW/4 NW/4 equivalent) of Section 5.

All the wells proposed herein are orthodox in their location, and the take points and completed intervals comply with setback requirements under the statewide rules.

APPLICANT’S PROPOSED EVIDENCE

WITNESS	ESTIMATED TIME	EXHIBITS
Landman: Sean Johnson See Landman Statement Exhibit A for credentials	Approx. 30 min	Approx. 6

Geologist: Jason Lodge Approx. 30 min
See Geology Statement Exhibit B for credentials

Approx. 5

PROCEDURAL MATTERS

Permian Resources Operating, LLC (“Permian Resources”) made an entry of appearance in this case and objected to the case going forward by affidavit. Consequently, the Division set a hearing date for October 19, 2023, pursuant to the Pre-hearing Order dated September 7, 2023. Witnesses will be available at the time of the hearing to address questions.

MATERIAL FACTS NOT IN DISPUTE

1. V-F Petroleum is a majority Working Interest (“WI”) owner in the proposed unit with individual ownership of 57.7% interest in the unit. See Unit Recapitulation in V-F Petroleum’s Exhibit A-2, included in the Hearing Packet. With owners supporting V-F Petroleum through JOA Joinder, V-F Petroleum controls approximately 64.6% interest in the proposed unit. See *id.*

2. V-F Petroleum has experience as an operator drilling horizontal wells comparable to the Courtman 4 State Com #222H and #232H Wells in this general area of development.

3. V-F Petroleum’s witnesses have been recognized as expert witnesses by the Division, and their credentials have been accepted as a matter of record.

4. The laydown orientation is the preferred orientation of the proposed unit given the nature of the geology.

LIST OF DISPUTED FACTS AND ISSUES

Relevant disputed facts and issues were addressed and ruled on by the Division at the Status Conference held on October 5, 2023, which allowed V-F Petroleum to go forward with the hearing

of its application for compulsory pooling on October 19, 2023. V-F Petroleum is not aware of additional disputed facts and/or issues besides those previously addressed.

**STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION**

**APPLICATION OF V-F PETROLEUM INC.
FOR COMPULSORY POOLING,
EDDY COUNTY, NEW MEXICO**

Case No. 23728

SELF-AFFIRMED STATEMENT OF SEAN JOHNSON

I, being duly sworn on oath, state the following:

1. I am over the age of eighteen years and have the capacity to execute this Statement, which is based on my personal knowledge.

2. I am employed as a Landman with V-F Petroleum Inc., (“V-F Petroleum”), and I am familiar with the subject application and the lands involved.

3. I graduated in 2009 from Texas Tech University with a bachelor’s degree in Energy Commerce. I have worked at V-F Petroleum for approximately 1 year, and I have been working in New Mexico for (12) Twelve years. I have previously testified before the New Mexico Oil Conservation Division (“Division”), and my credentials as a petroleum landman have been accepted by the Division as a matter of record.

4. This Statement is submitted in connection with the filing by V-F Petroleum of the above-referenced compulsory pooling applications pursuant to 19.15.4.12.A(1).

5. V-F Petroleum seeks an order pooling all uncommitted mineral interest in the Bone Spring formation (Travis; Bone Springs; Pool Code: [97257]) underlying a standard 324.84-acre, more or less, spacing and proration unit comprised of Lots 1 through 4 (N/2 N/2 equivalent) of Sections 4 and 5, Township 19 South, Range 28 East, NMPM, Eddy County, New Mexico.

6. Under Case No. 23728, V-F Petroleum seeks to dedicate to the HSU two initial oil wells: the **Courtman 4 State Com #222H Well** and the **Courtman 4 State Com #232H Well**.

7. The **Courtman 4 State Com #222H Well**, an oil well, API No. pending, is to be horizontally drilled from a surface location in Lot 1 (NE/4 NE/4 equivalent) (1,310' FNL, 250' FEL) of Section 4 to a bottom hole location in Lot 4 (NW/4 NW/4 equivalent) (810' FNL, 100' FWL) of Section 5; approximate TVD of 7,255'; approximate TMD of 17,225'; FTP in Section 4: 810' FNL, 100' FEL; LTP in Section 5: 810' FNL, 100' FWL.

8. The **Courtman 4 State Com #232H Well**, an oil well, API No. pending, is to be horizontally drilled from a surface location in Lot 1 (NE/4 NE/4 equivalent) (1,285' FNL, 250' FEL) of Section 4 to a bottom hole location in Lot 4 (NW/4 NW/4 equivalent) (750' FNL, 100' FWL) of Section 5; approximate TVD of 8,355'; approximate TMD of 18,325'; FTP in Section 4: 750' FNL, 100' FEL; LTP in Section 5: 750' FNL, 100' FWL.

9. The proposed C-102 for each well is attached as **Exhibit A-1**.

10. A general location plat and a plat outlining the unit being pooled is attached hereto as **Exhibit A-2**, which show the location of the proposed wells within the unit. The well locations are orthodox, and they meet the Division's setback requirements.

11. The parties being pooled and the nature of their interests, are listed on **Exhibit A-2** attached hereto. **Exhibit A-2** includes information regarding the working interest owners, and the record title owners to be pooled.

12. There are no depth severances in the Bone Spring formation in this acreage.

13. A good faith review of records did not reveal any overlapping units.

14. I provided the law firm of Abadie & Schill P.C. a list of names and addresses for the uncommitted interest owners shown on **Exhibit A-2**. In compiling these addresses, I

conducted a diligent search of the public records in Eddy County, New Mexico, where the wells are located, and of phone directories and did computer searches to locate the contact information for parties entitled to notification. All the owners were locatable. Three letters to Working Interest owners are still listed as In Transit: White, Theodore P. whose wife is Marianne White; Pamela Ann Evans; and Anne S. Johnson; however, V-F Petroleum has been in contact with these owners, as shown in Exhibit A-4. V-F Petroleum published notice in the Carlsbad Current-Argus, a newspaper of general circulation in Eddy County, New Mexico, to account for any unlocatable parties and cover any contingencies regarding notice.

15. V-F Petroleum has made a good faith effort to negotiate with the interest owners, but has been unable to obtain, voluntary agreement from all interest owners to participate in the drilling of the wells or in the commitment of their interests to the wells for their development within the proposed horizontal spacing unit. **Exhibit A-4** provides a chronology and history of contacts with the owners.

16. V-F Petroleum has made good faith effort to contact the interest owners being pooled, but said owners have failed or refused to voluntarily commit their interest in the wells. However, V-F Petroleum has been in ongoing discussions with some of the interest owners to voluntarily enter into a Joint Operating Agreement. If a mutually agreeable Joint Operating Agreement is reached between V-F Petroleum and another interest owner or owners, V-F Petroleum requests that the voluntary agreement become operative and supersede the Division's order for said parties, except to the extent the Division deems it necessary to maintain spacing criteria for the purpose of conservation, the prevention of waste, and protection of correlative rights.

17. **Exhibit A-3** is a sample proposal letter and the AFEs for the proposed wells. The estimated cost of the wells set forth in the AFEs is fair, reasonable, and comparable to the costs of other wells of similar depths and lengths drilled in this area of New Mexico.

18. V-F Petroleum requests overhead and administrative rates of \$8,500/month for drilling each well and \$850/month for producing each well. These rates are fair and comparable to the rates charged by other operators for wells of this type in this area of southeastern New Mexico. V-F Petroleum requests that these rates be adjusted periodically as provided in the COPAS Accounting Procedure.

19. V-F Petroleum is knowledgeable and has current, localized experience in the immediate area drilling horizontal wells comparable to the Courtman 4 State Com 222H and 232H.

20. V-F Petroleum requests the maximum cost, plus 200% risk charge be assessed against non-consenting working interest owners.

21. V-F Petroleum requests that it be designated operator of the unit and wells.

22. The Exhibits to this Statement were prepared by me or compiled from V-F Petroleum's company business records under my direct supervision.

23. The granting of this Application is in the best interests of conservation, the prevention of waste, and the protection of correlative rights, and will avoid the drilling of unnecessary wells.

24. The foregoing is correct and complete to the best of my knowledge and belief.

[Signature page follows]

**RE: Horizontal Well Proposals -2nd and 3rd Bonespring Formation;
N2N2 of Sections 4 and 5, T-19 South, R-28 East
Eddy County, New Mexico**

Courtman 4 State Com #222H Well; 2nd Bone Spring

SL: 990' FNL & 100' FEL of Section 4, T-19 South, R-28 East, Eddy County, NM
(or approved location in Unit letter A)
BHL: 810' FNL & 100' FWL of Section 5, T-19 South, R-28 East, Eddy County, NM

Courtman 4 State Com #232H Well; 3rd Bone Spring

SL: 930' FNL & 100' FEL of Section 4, T-19 South, R-28 East, Eddy County, NM
(or approved location in Unit letter A)
BHL: 750' FNL & 100' FWL of Section 5, T-19 South, R-28 East, Eddy County, NM

Ladies and/or Gentlemen:

Please be advised that V-F Petroleum Inc. (“V-F”) hereby proposes to drill, complete and equip each of the above referenced horizontal wells at the locations so indicated, to respectively test the 2nd and 3rd Bonespring formation as herein articulated. Please note that the first take point and last take point of each respective well will be located at a legal or approved location.

The projected total vertical depth of the above stated **Courtman 4 State Com #222H Well** in order to test the 2nd Bone Spring formation is estimated to be 7,255 feet with an approximate total measured depth of 17,225 feet. The costs to drill, complete and equip said well are estimated at **\$8,765,700.00** as indicated on the enclosed AFE.

The projected total vertical depth of the above stated **Courtman 4 State Com #232H Well** in order to test the 3rd Bone Spring formation is estimated to be 8,355 feet with an approximate total measured depth of 18,325 feet. The costs to drill, complete and equip said well are estimated at **\$9,141,600.00** as indicated on the enclosed AFE.

For those who elect to participate in the captioned horizontal wells, V-F has enclosed an A.A.P.L. Form 610 – 1989 Model Form Operating Agreement, Horizontal Modifications (“Operating Agreement”), designating V-F Petroleum Inc. as Operator, covering the N2N2 of Sections 4 and 5, T-19 South, R-28 East, N.M.P.M, Eddy County, New Mexico, containing approximately 324.84 acres, more or less, further limited in depths as described on Exhibit A to the Operating Agreement (“Contract Area”) with the following general provisions:

Courtman 4 State Com 222H and 232H
Gahr Energy Company, et al
June 14, 2023
Page 2 of 3

- 100/300 Non-Consenting Penalty;
- \$8,500/\$850 Drilling and Producing Rate; and
- V-F Petroleum Inc. named Operator.

In the interest of time, if we do not reach an agreement within 30 days of the date of this letter, V-F will apply to the New Mexico Oil Conservation Division for compulsory pooling of your interest into a horizontal spacing unit for the proposed wells.

Please indicate your intention to either **participate or not participate** in the drilling, completion and equipping of each of the above referenced wells by placing an "X" in the appropriate spaces provided below, and return one (1) executed copy of this letter, one (1) executed AFE for each well you have elected **to participate**, one original (1) Joint Operating Agreement body signature page, and one (1) original executed and notarized memorandum H signature page of the enclosed Joint Operating Agreement. If you should desire not to participate in the drilling and completion of the wells herein proposed, V-F is willing to discuss an alternative proposal to acquire your oil and gas interests in this area. Should you have any questions regarding this matter, please do not hesitate in contacting Sean Johnson, Land Manager for V-F Petroleum Inc. by phone at (432) 683-3344 or by email at sean@vfpetroleum.com.

Best Regards,

Sean Johnson, CPL
V-F Petroleum Inc.

Exhibit A-4 "Communication Summary"

Valid and diligent efforts have been made to all parties that V-F Petroleum Inc. ("V-F") seeks to compulsory pool. All AFEs, election letters, and JOAs were sent certified mail. Contact by V-F was undertaken and communication was established by phone and email multiple times for locatable parties and diligence search efforts for those others. Some parties received their information to a P.O. Box but refused to pick up from the P.O. Box. Communication was had inquiring around acquiring acreage, development plans, or signing provided JOA for voluntary joinder to participate and providing technical answers to questions for further non-op evaluations. Some parties indicated that they were not adverse to our pooling application, but want to be pooled and repropose to under order. Most all parties that are being pooled have communicated they are wanting to participate and will sign a JOA, just waiting on signature pages.

EOG Resources Inc.- Multiple phone calls, in person discussion, and multiple deal offers proposed to EOG. Follow ups on status of offer 7/6/23, 7/7/23, 7/18/23, 8/10/23, 9/6/23 and multiple phone conversations. Indication wants to work some type of deal, still working through details.

Read & Stevens, Inc. (Permian Resources Operating, LLC)- Discussions on which direction they want to go, ie, sign, JOA, joining in wells, entertain alternative idea 8/2/23. Responded back they are developing section 5 and 6 N2N2, currently VF shows Permian Resources with ZERO interest in their proposal to even have right to develop their wells. Follow up on 8/8, 8/9, 8/14, 8/24 on potential trade discussion. In person meeting held on 8/23 to discuss.

Andersen-Malone, LLC- Stated signed JOA is in the mail prior to hearing, have not currently received.

Pamela Evans, Anne S. Johnson, Eaton Family Trust, Theodore P. White et ux- Multiple phone call attempts on numbers associated with each party, unsuccessful., will continue to reach out.

Gilbert Eaton- Received signed elections back to not participate, ok to be compulsory pooled

Hanagan Investments, LLC- Offer made to work a deal, still pending a decision.

Slash Exploration Limited Partnership- Discussed and met in person. Indicated will participate, and will be returning the JOA signed. Still awaiting signed JOA.

Charles F. Malone Living Trust, Jane M. Stockton, Katherine Ann Malone, Charles F. Malone, Jr- Spoke with Charles F. Malone, Jr. and Jane above that indicates that speaks on behalf of all interest. JOA was sent to distribute out, communication began 6/23,6/26,7/7 and phone call with both Charles and Jane during this time frame as well.

Santo Legado- Stated they will await to elect under the pooling order

MRC- Stated they are sitting back until V-F and Permian development plays out

Yates Energy awaiting responses back on decisions

Marathon Oil Company and Permian indicated multiple times after follow up 6/23, 8/4, and 8/7 that they were reviewing and revert with decision, still to date no decision has been made.

**STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION**

**APPLICATION OF V-F PETROLEUM, INC.
FOR COMPULSORY POOLING,
EDDY COUNTY, NEW MEXICO**

CASE NO. 23728

**SELF-AFFIRMED STATEMENT
OF JASON LODGE**

1. I am a geologist with V-F Petroleum, Inc. (“V-F”). I am over 18 years of age, have personal knowledge of the matters addressed herein, and am competent to provide this Self-Affirmed Statement. I have previously testified before the New Mexico Oil Conservation Division (“Division”), and my credentials as an expert in petroleum geology matters were accepted and made a matter of record.

2. I am familiar with the geological matters that pertain to the above-referenced case.

3. This affidavit is submitted in connection with the filing by V-F of the above referenced compulsory pooling.

4. **Exhibit B-1** is a location map of the proposed horizontal spacing unit (“Unit”) that is outlined by a dark blue rectangle. The planned wellbore path for the proposed **Courtman 4 State Com #222H** is represented by a green dashed line, and the planned wellbore path for the proposed **Courtman 4 State Com #232H** well is represented by a red dashed line. Existing producing wells in the targeted intervals are represented by green and red solid lines. Green wells are horizontals that produce from the 2nd Bone Spring formation, and red wells are horizontals that produce from the 3rd Bone Spring formation.

5. **Exhibit B-2** is a subsea structure map with a contour interval of 100 feet that is representative of the 2nd Bone Spring Sand target interval. The data points are indicated by red crosses along with their corresponding subsea values posted above in blue. The planned wellbore

**EXHIBIT
B**

path for the 2nd Bone Spring Sand well is depicted by a green dashed line. The map demonstrates the formation is dipping to the southeast in this area. I do not observe any faulting, pinch-outs, or geologic impediments to developing the targeted interval with horizontal wells. Also identified on this exhibit are five wells that were used to construct a structural cross-section from A to A'. I used these particular well logs because they penetrate the targeted intervals, are of good quality, and are representative of the geology in the area.

6. **Exhibit B-3** is a subsea structure map with a contour interval of 100 feet that is representative of the 3rd Bone Spring Sand target interval. The data points are indicated by red crosses along with their corresponding subsea values posted above in blue. The planned wellbore path for the 3rd Bone Spring Sand well is depicted by a red dashed line. The map demonstrates the formation is dipping to the southeast in this area. I do not observe any faulting, pinch-outs, or geologic impediments to developing the targeted interval with horizontal wells. As with **Exhibit B-2**, the same path of the five well structural cross section A to A' is included.

7. **Exhibit B-4** is a structural cross-section using the representative Wells identified on **Exhibits B-2 and B-3**. It contains gamma ray, resistivity and porosity logs. The proposed landing zones for the Wells is labeled on the exhibit. This cross-section demonstrates the target interval is continuous across the Unit.

8. **Exhibit B-5** is a gun barrel representation of the Unit depicting vertical and horizontal distances between each planned well.

9. In my opinion, a laydown orientation for the Wells is appropriate to properly develop the subject acreage because of consistent rock properties throughout the Unit and the preference to be perpendicular to the inferred maximum horizontal stress of the area. Laydown

orientation is also supported by a study of the production of stand-up vs laydown orientation in the area, with production results greatly favoring a laydown orientation.

10. Based on my geologic study of the area, the targeted intervals underlying the Unit is suitable for development by horizontal wells and the tracts comprising the Unit will contribute more or less equally to the production of the wells.

11. In my opinion, the granting of V-F's application will serve the interests of conservation, the protection of correlative rights, and the prevention of waste.

12. The attached exhibits were either prepared by me or under my supervision or were compiled from company business records.

13. I understand this Self-Affirmed Statement will be used as written testimony in this case. I affirm my testimony above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date identified next to my signature below.

SELF-AFFIRMED STATEMENT OF NOTICE

I, Darin C. Savage, attorney and authorized representative of V-F Petroleum Inc. (“V-F Petroleum”), the Applicant herein, being first duly sworn, upon oath, states the following:

1. Notice of the applications and hearing in the above-reference cases was timely sent by certified mail, return receipt requested, through the United States Postal Service on August 17, 2023, to all uncommitted interest owners sought to be pooled in this proceeding. See Exhibit C-2, attached hereto. Copies of notice letters and evidence of mailing to parties are attached hereto as Exhibits C-1 and C-2.

2. Notice was sent to the Carlsbad Current Argus, a newspaper of general circulation in Eddy County, New Mexico, and timely published in said newspaper on August 20, 2023. See Exhibit C-3.

[Signature page follows]

Signature page of Self-Affirmed Statement of Darin C. Savage:

I understand that this Self-Affirmed Statement will be used as written testimony before the Division in Case No. 23728 and affirm that my testimony herein is true and correct, to the best of my knowledge and belief and made under penalty of perjury under the laws of the State of New Mexico.

Re: Application of V-F Petroleum Inc., for a horizontal spacing unit and compulsory pooling, Eddy County, New Mexico
Courtman 4 State Com 222H Well (Case No. 23728)
Courtman 4 State Com 232H Well (Case No. 23728)

Case No. 23728:

Dear Interest Owners:

This letter is to advise you that V-F Petroleum Inc. (“V-F Petroleum”), has filed the enclosed application, Case No. 23728, with the New Mexico Oil Conservation Division (“Division”) for the compulsory pooling of a unit in the Bone Spring formation.

In Case No. 23728, V-F Petroleum seeks to pool the Bone Spring formation underlying a standard 324.84-acre, more or less, spacing and proration unit comprised of Lots 1 through 4 (N/2 N/2 equivalent) of Sections 4 and 5, Township 19 South, Range 28 East, NMPM, Eddy County, New Mexico, dedicated to the above-referenced **Courtman 4 State Com 222H** and **Courtman 4 State Com 232H Wells**.

A hearing has been requested before a Division Examiner on September 7, 2023, and the status of the hearing can be monitored through the Division’s website. Division hearings will commence at 8:15 a.m., traditionally in Porter Hall at the Oil Conservation Division’s Santa Fe Offices located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. However, under current Division policies, the hearing will be conducted remotely online.

EXHIBIT
C-1

For information about remote access and status of the case, you can visit the Division's website at: <https://www.emnrd.nm.gov/ocd/hearing-info/> or call (505) 476-3441.

You are being notified as an interest owner (subject to title examination) and are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 19.15.4.13.B NMAC to file a Pre-hearing Statement at least four business days in advance of a scheduled hearing, but in no event later than 5 p.m. mountain time on the Thursday preceding the scheduled hearing date. This statement must be filed at the Division's Santa Fe office at the above specified address and should include: The names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this matter, please contact Sean Johnson at (432) 683-3344 or at sean@vfpetroleum.com.

Sincerely,

A handwritten signature in black ink, appearing to read 'Darin C. Savage', written over a horizontal line.

DURANGO, CO 81301-7485

I, a legal clerk of the Carlsbad Current Argus, a newspaper published daily at the City of Carlsbad, in said county of Eddy, state of New Mexico and of general paid circulation in said county; that the same is a duly qualified newspaper under the laws of the State wherein legal notices and advertisements may be published; that the printed notice attached hereto was published in the regular and entire edition of said newspaper and not in supplement thereof in editions dated as follows:

08/20/2023

Legal Clerk

Subscribed and sworn before me this August 20, 2023:

State of WI, County of Brown
NOTARY PUBLIC

My commission expires

CASE No. 23728: Notice -- to all parties and persons having any right, title, interest or claim in this case, including owners of working interest, overriding royalty interest, and record title, among others, whether such parties or persons are listed herein or not, as well as notice to all known and unknown heirs, devisees, assigns and successors of such affected parties and persons, which based on reasonable diligence include COG OPERATING, LLC; MARATHON OIL PERMIAN LLC; EOG RESOURCES INC.; READ & STEVENS, INC. (PERMIAN RESOURCES OPERATING, LLC); PAMELA ANN EVANS; EATON FAMILY TRUST; ANDERSEN-MALONE, LLC; RED RIVER ENERGY PARTNERS, LLC; WHITE, THEODORE P., WHOSE WIFE IS MARIANNE WHITE; HANAGAN INVESTMENT, LLC, A NEW MEXICO LIMITED LIABILITY COMPANY; DML REVOCABLE TRUST DATED 1/10/2007, DAN M. LEONARD, TRUSTEE; SLASH EXPLORATION LIMITED PARTNERSHIP; EATON, GILBERT J. (SSP); CHARLES F. MALONE LIVING TRUST, DATED 8/01/1987; JANE M. STOCKTON; KATHERINE ANN MALONE; CHARLES F. MALONE; ANNE S. JOHNSON; YATES ENERGY CORPORATION; JALAPENO CORPORATION; MARATHON OIL PERMIAN LLC; MARATHON OIL COMPANY; SANTO LEGADO, LLC; SHARBRO ENERGY, LLC; and MRC DELAWARE RESOURCES, LLC -- of V-F Petroleum, Inc.'s application for approval of a compulsory pooling underlying a standard spacing unit, Eddy County, New Mexico. The State of New Mexico, through its Oil Conservation Division, hereby gives notice that the Division Examiner will conduct a public hearing at 8:15 a.m. on September 7, 2023, traditionally held at 1220 S. St. Francis, Santa Fe, New Mexico, 87505. However, under current Division policies, the hearing will be conducted remotely online. For information about remote access and the status of the case, you can visit the Division's website at: <https://www.emnrd.nm.gov/ocd/hearing-info/> or call (505) 476-3441. V-F Petroleum, Inc., (Corporate office at 500 W. Texas Ave., Suite 350, Midland, TX 79701) seeks an order from the Division pooling all uncommitted mineral interests in the Bone Spring formation, designated as an oil pool, underlying a standard 324.84-acre, more or less, spacing and proration unit comprised of Lots 1 through 4 (N/2 N/2 equivalent) of Sections 4 and 5, Township 19 South, Range 28 East, NMPM, Eddy County, New Mexico. Sections 4 and 5 are irregular Sections which contain correction lots. The proposed wells to be dedicated to the horizontal spacing unit are the Courtman 4 State Com #222H Well, an oil well, to be horizontally drilled from a surface location in Lot 1 (NE/4 NE/4 equivalent) of Section 4 to a bottom hole location in Lot 4 (NW/4 NW/4 equivalent) of Section 5; and the Courtman 4 State Com #232H Well, an oil well, to be horizontally drilled from a surface location in Lot 1 (NE/4 NE/4 equivalent) of Section 4 to a bottom hole location in Lot 4 (NW/4 NW/4 equivalent) of Section 5. The wells will be orthodox, and the take points and completed intervals will comply with the setback requirements under the Division's Statewide Rules; also to be considered will be the cost of drilling and completing the wells and the allocation of the costs thereof; actual operating costs and charges for supervision; the designation of the Applicant as Operator of the wells and unit; and a 200% charge for the risk involved in drilling and completing the wells. The wells and lands are located approximately 18.5 miles southeast of Artesia, New Mexico. #5803492, Current Argus, August 20, 2023
