APPLICANT'S STATEMENT OF THE CASE

In Case No. 24078, Devon seeks an order pooling all uncommitted mineral interests in the Wolfcamp formation, designated as a gas pool, underlying a standard 640-acre, more or less, spacing and proration unit comprised of the N/2 of Sections 11 and 10, Township 22 South, Range 27 East, NMPM, Eddy County, New Mexico.

Devon proposes and dedicates to the unit the **Atlatl 11-10 Fed Com 621H Well**, and the **Atlatl 11-10 Fed Com 622H Well**, as the initial wells, to be drilled to a sufficient depth to test the Wolfcamp formation.

Devon proposes the **Atlatl 11-10 Fed Com 621H Well**, a gas well, to be horizontally drilled from a surface location in NE/4 NE/4 (Unit A) of Section 11, Township 22 South, Range 27 East to a bottom hole location in NW/4 NW/4 (Unit D) of Section 10, Township 22 South, Range 27 East.

Devon proposes **Atlatl 11-10 Fed Com 622H Well**, a gas well, to be horizontally drilled from a surface location in NE/4 NE/4 (Unit A) of Section 11, Township 22 South, Range 27 East to a bottom hole location in SW/4 NW/4 (Unit E) of Section 10, Township 22 South, Range 27 East.

The **Atlatl 11-10 Fed Com 621H Well** and **Atlatl 11-10 Fed Com 622H Well** are unorthodox in their locations, as their take points do not comply with setback requirements under special Division rules for the Purple Sage; Wolfcamp Pool, which are set out in Order No. R-14262. Thus, Devon will be applying to the Division for administrative approval of the nonstandard well locations.

A review of records shows certain overlapping units. First, Devon references Order No. R-8761 which pooled owners in all or part of the Wolfcamp underlying a spacing unit that covers

the W/2 of Section 11, involving gas well Chase 11 Federal Com #001 (API No. 30-015-25998) and Communization Agreement (“CA”) NMNM 82109 also covering the W/2 of Section 11 for said well. Secondly, there is CA NMNM 109712 which covers the E/2 of Section 10 involving COG Oil & Gas LP as operator that also may involve part of the Wolfcamp formation. Devon seeks approval for these overlapping units to the extent that they impact Devon’s proposed unit herein.

APPLICANT’S PROPOSED EVIDENCE

WITNESS	ESTIMATED TIME	EXHIBITS
Landman: Jake Nourse	Approx. 10 min	Approx. 6
Geologist: Joe Dixon	Approx. 10 min	Approx. 5

PROCEDURAL MATTERS

Devon requests that, for purposes of the hearings, Case Nos. 24078 be consolidated with Case No. 24079 as they involve units within the same sections. No protests or objections have been filed and Devon does not anticipate any at this time; consequently, Devon plans to conduct the hearing by self-affirmed statement.

Respectfully submitted,

ABADIE & SCHILL, PC
