ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT  
OIL CONSERVATION DIVISION**

**APPLICATION OF DEVON ENERGY PRODUCTION  
COMPANY, L.P., FOR COMPULSORY POOLING,  
EDDY COUNTY, NEW MEXICO.**

Case No. 24079

**APPLICATION**

Devon Energy Production Company, L.P., (“Devon”), OGRID No. 6137, through its undersigned attorneys, hereby files this Application with the Oil Conservation Division (“Division”) pursuant to the provisions of NMSA 1978, Section 70-2-17, seeking an order pooling all uncommitted mineral interests in the Wolfcamp formation, designated as a gas pool, underlying a standard 640-acre, more or less, spacing and proration unit comprised of the S/2 of Sections 11 and 10, Township 22 South, Range 27 East, NMPM, Eddy County, New Mexico.

In support of its Application, Devon states the following:

1. Devon is a working interest owner in the proposed horizontal spacing unit (“HSU”) and has a right to drill a well thereon.
2. Devon proposes and dedicates to the HSU the **Atlatl 11-10 Fed Com 623H Well**, and the **Atlatl 11-10 Fed Com 624H Well**, as the initial wells, to be drilled to a sufficient depth to test the Wolfcamp formation.
3. Devon proposes the **Atlatl 11-10 Fed Com 623H Well**, a gas well, to be horizontally drilled from a surface location in NE/4 SE/4 (Unit I) of Section 11, Township 22 South, Range 27 East to a bottom hole location in NW/4 SW/4 (Unit L) of Section 10, Township 22 South, Range 27 East.
4. Devon proposes **Atlatl 11-10 Fed Com 624H Well**, a gas well, to be horizontally drilled from a surface location in NE/4 SE/4 (Unit I) of Section 11, Township 22 South, Range 27

East to a bottom hole location in SW/4 SW/4 (Unit M) of Section 10, Township 22 South, Range 27 East.

5. The **Atlatl 11-10 Fed Com 623H Well** and **Atlatl 11-10 Fed Com 624H Well** are unorthodox in their locations, as their take points do not comply with setback requirements under the special Division rules for the Purple Sage; Wolfcamp Pool, which are set out in Order No. R-14262. Thus, Devon will be applying for administrative approval of the nonstandard locations.

6. A review of records shows certain overlapping units. First, Devon references Order No. R-8761 which pooled owners in all or part of the Wolfcamp underlying a spacing unit that covers the W/2 of Section 11, involving gas well Chase 11 Federal Com #001 (API No. 30-015-25998) and Communization Agreement (“CA”) NMNM 82109 also covering the W/2 of Section 11 for said well. Secondly, there is CA NMNM 109712 which covers the E/2 of Section 10 involving COG Oil & Gas LP as operator that also may involve part of the Wolfcamp formation. Devon seeks approval for these overlapping units to the extent that they impact Devon’s proposed unit herein.

7. Devon has sought in good faith, but has been unable to obtain, voluntary agreement from all interest owners to participate in the drilling of the wells or in the commitment of their interests to the wells for their development within the proposed HSU.

8. The pooling of all interests in the Wolfcamp formation within the proposed HSU will avoid the drilling of unnecessary wells, prevent waste, and protect correlative rights.

9. In order to provide for its just and fair share of the oil and gas underlying the subject lands, Devon requests that all uncommitted interests in this HSU be pooled and that Devon be designated the operator of the proposed horizontal wells and HSU.

WHEREFORE, Devon requests that this Application be set for hearing on January 4, 2024, before an Examiner of the Oil Conservation Division, and after notice and hearing as required by law, the Division enter an order:

A. Pooling all uncommitted mineral interests in the Wolfcamp formation, designated as a gas pool, underlying a standard 640-acre, more or less, spacing and proration unit comprised of the S/2 of Sections 11 and 10, Township 22 South, Range 27 East, NMPM, Eddy County, New Mexico;

B. Approving the **Atlatl 11-10 Fed Com 623H Well** and the **Atlatl 11-10 Fed Com 624H Well** as the wells for the HSU.

C. Designating Devon as operator of this HSU and the horizontal wells to be drilled thereon;

D. Authorizing Devon to recover its costs of drilling, equipping, and completing the wells;

E. Approving actual operating charges and costs of supervision, to the maximum extent allowable, while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures; and

F. Setting a 200% charge for the risk assumed by Devon in drilling and completing the wells in the event a working interest owner elects not to participate in the wells.

Respectfully submitted,

ABADIE & SCHILL, PC

**Attorneys for Devon Energy Production  
Company, L.P.**

*Application of Devon Energy Production Company, L.P., for Compulsory Pooling, Eddy County, New Mexico.* Applicant in the above-styled cause seeks an order from the Division pooling all uncommitted mineral interests in the Wolfcamp formation, designated as a gas pool, underlying a standard 640-acre, more or less, spacing and proration unit comprised of the S/2 of Sections 11 and 10, Township 22 South, Range 27 East, NMPM, Eddy County, New Mexico. The proposed wells to be dedicated to the horizontal spacing unit are the **Atlal 11-10 Fed Com 623H Well**, a gas well, to be horizontally drilled from a surface location in NE/4 SE/4 (Unit I) of Section 11 to a bottom hole location in NW/4 SW/4 (Unit L) of Section 10; and the **Atlal 11-10 Fed Com 624H Well**, a gas well, to be horizontally drilled from a surface location in NE/4 SE/4 (Unit I) of Section 11 to a bottom hole location in SW/4 SW/4 (Unit M) of Section 10. The **623H Well** and **624H Well** will be unorthodox in their locations since their take points do not comply with setback requirements under special Division rules for the Wolfcamp Pool, as described in Order No. R-14262; therefore, Devon will be applying for administrative approval of the nonstandard locations. Furthermore, Devon seeks approval for overlapping units in the E/2 of Section 10 and the W/2 of Section 11. Also to be considered will be approval for the cost of drilling and completing the wells and the allocation of the costs thereof; actual operating costs and charges for supervision; the designation of the Applicant as Operator of the wells and unit; and a 200% charge for the risk involved in drilling and completing the wells. The wells and lands are located approximately 2.5 miles East of Carlsbad, New Mexico.

# COMPULSORY POOLING APPLICATION CHECKLIST

**ALL INFORMATION IN THE APPLICATION MUST BE SUPPORTED BY SIGNED AFFIDAVITS**

Case: 24079	APPLICANT'S RESPONSE
Date	January 4, 2024

- Exhibit A-3: Well Proposal Letters and AFEs
- Exhibit A-4: Chronology of Contacts with Uncommitted Owners

**STATE OF NEW MEXICO  
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES  
OIL CONSERVATION DIVISION**

**APPLICATION OF DEVON ENERGY PRODUCTION  
COMPANY, L.P., FOR COMPULSORY POOLING,  
EDDY COUNTY, NEW MEXICO**

Case No. 24079

**SELF-AFFIRMED STATEMENT OF JAKE NOURSE**

I, being duly sworn on oath, state the following:

1. I am over the age of eighteen years and have the capacity to execute this Statement, which is based on my personal knowledge.

2. I am employed as a Landman with Devon Energy Production Company, L.P. (“Devon”), and I am familiar with the subject application and the lands involved.

3. I graduated in 2018 from the University of Tulsa with a bachelor’s degree in Energy Management and Finance. I have worked at Devon for approximately 3 years, and I have been working in New Mexico for 2 years. My credentials as a petroleum landman have been accepted by the New Mexico Oil Conservation Division (“Division”) and made a matter of record.

4. This Statement is submitted in connection with the filing by Devon of the above-referenced spacing and compulsory pooling applications pursuant to 19.15.4.12.A(1).

5. Devon seeks an order pooling all uncommitted mineral interests in the Wolfcamp formation, designated as a gas pool, underlying a standard 640-acre, more or less, spacing and proration unit comprised of the S/2 of Sections 11 and 10, Township 22 South, Range 27 East, NMPM, Eddy County, New Mexico.

6. Under Case No. 24079, Devon seeks to dedicate to the HSU the **AtlAtl 11-10 Fed Com 623H Well**, and the **AtlAtl 11-10 Fed Com 624H Well**, as the initial wells, to be drilled to a sufficient depth to test the Wolfcamp formation, PURPLE SAGE;WOLFCAMP (GAS) Pool [Code 98220].

7. The **AtlAtl 11-10 Fed Com 623H Well**, a gas well (API No. pending), to be horizontally drilled from a surface location in NE/4 SE/4 (Unit I) of Section 11, Township 22 South, Range 27 East to a bottom hole location in NW/4 SW/4 (Unit L) of Section 10, Township 22 South, Range 27 East; approximate landing TVD of 9,105', bottom hole TVD of 8,858'; approximate TMD of 18,658'; FTP in Section 11: 1980' FSL, 100' FEL; LTP in Section 10: 1980' FSL, 100' FWL.

8. The **AtlAtl 11-10 Fed Com 624H Well**, a gas well (API No. pending), to be horizontally drilled from a surface location in NE/4 SE/4 (Unit I) of Section 11, Township 22 South, Range 27 East to a bottom hole location in SW/4 SW/4 (Unit M) of Section 10, Township 22 South, Range 27 East; approximate landing TVD of 9,105', bottom hole TVD of 8,867'; approximate TMD of 18,667'; FTP in Section 11: 660' FSL, 100' FEL; LTP in Section 10: 660' FSL, 100' FWL.

9. The **AtlAtl 11-10 Fed Com 623H Well** and **AtlAtl 11-10 Fed Com 624H Well** are unorthodox in their locations, as their take points do not comply with setback requirements under the special Division rules for the Purple Sage; Wolfcamp Pool, which are set out in Order No. R-14262.

10. Devon will seek administrative approval for the non-standard locations ("NSL") of the **AtlAtl 11-10 Fed Com 623H Well** and **AtlAtl 11-10 Fed Com 624H Well**.

covers the W/2 of Section 11, involving gas well Chase 11 Federal Com #001 (API No. 30-015-25998) and Communitization Agreement (“CA”) NMNM 82109 also covering the W/2 of Section 11 for said well. Secondly, there is CA NMNM 109712 which covers the E/2 of Section 10 involving COG Oil & Gas LP as operator that also may involve part of the Wolfcamp formation. Devon seeks approval for these overlapping units to the extent that they impact Devon’s proposed unit herein.

12. The proposed C-102 for each well is attached as **Exhibit A-1**.

13. A general location plat and a plat outlining the unit being pooled is attached hereto as **Exhibit A-2**, which show the location of the proposed well within the unit. The well location is orthodox, and it meets the Division’s setback requirements.

14. The parties being pooled, the nature of their interests, and their last known addresses are listed on **Exhibit A-2** attached hereto. **Exhibit A-2** includes information regarding the working interest owners, the overriding royalty interest owners, and the record title owners to be pooled.

15. There are no depth severances in the Wolfcamp formation in this acreage.

16. I provided the law firm of Abadie & Schill P.C. a list of names and addresses for the uncommitted interest owners shown on **Exhibit A-2**. In compiling these addresses, I conducted a diligent search of the public records in Eddy County, New Mexico, where the well is located, and of phone directories and did computer searches to locate the contact information for parties entitled to notification. Notice for five (5) Working Interest owners are listed as Undeliverable or To Be Returned: Becky Ann Turner; C. Mark Maloney Co. LLC; Successors of the Estate of J.C. Davis Jr., deceased; Maddox Family Enterprises LLC; and Red Bird Ventures Inc, as shown in Exhibit C-2. Devon thereby views these Interest owners as unlocatable. Devon

published notice in the Carlsbad Current-Argus, a newspaper of general circulation in Eddy County, New Mexico, to account for any unlocatable parties and cover any contingencies regarding notice.

17. Devon has made a good faith effort to negotiate with the interest owners, but has been unable to obtain, voluntary agreement from all interest owners to participate in the drilling of the well or in the commitment of their interests to the well for its development within the proposed horizontal spacing unit. **Exhibit A-4** provides a chronology and history of contacts with the owners.

18. Devon has been in ongoing discussions with some of the interest owners to voluntarily enter into a Joint Operating Agreement. If a mutually agreeable Joint Operating Agreement is reached between Devon and another interest owner or owners, Devon requests that the voluntary agreement become operative and supersede the Division's order for said parties, except to the extent the Division deems it necessary to maintain spacing criteria for the purpose of conservation, the prevention of waste, and protection of correlative rights.

19. **Exhibit A-3** is a sample proposal letter and the AFEs for the proposed well. The estimated cost of the well set forth in the AFEs is fair, reasonable, and comparable to the costs of other wells of similar depths and lengths drilled in this area of New Mexico.

20. Devon requests overhead and administrative rates of \$10,000/month for drilling each well and \$1,000/month for producing each well. These rates are fair and comparable to the rates charged by other operators for wells of this type in this area of southeastern New Mexico. Devon requests that these rates be adjusted periodically as provided in the COPAS Accounting Procedure.

21. Devon requests the maximum cost, plus 200% risk charge be assessed against non-consenting working interest owners to the extent needed.

22. Devon requests that it be designated operator of the unit and wells.

23. The Exhibits to this Statement were prepared by me or compiled from Devon's company business records under my direct supervision.

24. The granting of this Application is in the best interests of conservation, the prevention of waste, and the protection of correlative rights, and will avoid the drilling of unnecessary wells.

25. The foregoing is correct and complete to the best of my knowledge and belief.

*[Signature page follows]*

*Signature page of Self-Affirmed Statement of Jake Nourse:*

I understand that this Self-Affirmed Statement will be used as written testimony before the Division in Case No. 24079 and affirm that my testimony herein is true and correct, to the best of my knowledge and belief and made under penalty of perjury under the laws of the State of New Mexico.

ARTESIA, NM 88211  
ATTN: LAND DEPT

RE: Atlatl 11-10 Wells  
Section 11-T22S-R27E and  
Section 10-T22S-R27E  
Eddy County, New Mexico

To Whom It May Concern,

Devon Energy Production Company, L.P. ("Devon"), hereby proposes to drill the following horizontal wells with productive laterals in Sections 11 & 10-T22S-R27E, Eddy County, New Mexico:

**Atlatl 11-10 Fed Com 621H** – to be drilled to a depth sufficient to test the Wolfcamp formation (TVD of ~9,082'). The surface location for this well is proposed to be approximately 1153' FNL & 23' FEL, Section 11-T22S-R27E, and a bottom hole location at approximately 660' FNL & 20' FWL, Section 10-T22S-R27E (collectively with all proposed wells, the "Wells"). The dedicated horizontal spacing unit will be the N2 of Section 11 and the N2 of Section 10-T22S-R27E, Eddy County, New Mexico. The total estimated cost to drill and complete said well is \$11,472,418.69, as shown on the attached Authority for Expenditure ("AFE").

**Atlatl 11-10 Fed Com 622H** – to be drilled to a depth sufficient to test the Wolfcamp formation (TVD of ~9,082'). The surface location for this well is proposed to be approximately 1183' FNL & 23' FEL, Section 11-T22S-R27E, and a bottom hole location at approximately 1980' FNL & 20' FWL, Section 10-T22S-R27E (collectively with all proposed wells, the "Wells"). The dedicated horizontal spacing unit will be the N2 of Section 11 and the N2 of Section 10-T22S-R27E, Eddy County, New Mexico. The total estimated cost to drill and complete said well is \$10,967,418.69, as shown on the attached Authority for Expenditure ("AFE").

**Atlatl 11-10 Fed Com 623H** – to be drilled to a depth sufficient to test the Wolfcamp formation (TVD of ~9,105'). The surface location for this well is proposed to be approximately 1815' FSL & 404' FEL, Section 11-T22S-R27E, and a bottom hole location at approximately 1980' FSL & 20' FWL, Section 10-T22S-R27E (collectively with all proposed wells, the "Wells"). The dedicated horizontal spacing unit will be the S2 of Section 11 and the S2 of Section 10-T22S-R27E, Eddy County, New Mexico. The total estimated cost to drill and complete said well is \$10,973,653.55, as shown on the attached Authority for Expenditure ("AFE").

**Atlatl 11-10 Fed Com 624H** – to be drilled to a depth sufficient to test the Wolfcamp formation (TVD of ~9,105'). The surface location for this well is proposed to be approximately 1785' FSL & 405' FEL, Section 11-T22S-R27E, and a bottom hole location at approximately 660' FSL & 20' FWL, Section 10-T22S-R27E (collectively with all proposed wells, the "Wells"). The dedicated horizontal spacing unit will

EXHIBIT  
A-3

Atlatl 11-10 Wells  
October 31, 2023

be the S2 of Section 11 and the S2 of Section 10-T22S-R27E, Eddy County, New Mexico. The total estimated cost to drill and complete said well is \$11,338,653.55, as shown on the attached Authority for Expenditure (“AFE”).

Devon reserves the right to modify the locations and drilling plans described above in order to address surface and subsurface concerns. Devon will advise of any such modifications. Also, the enclosed AFEs represent an estimate of the costs that will be incurred to drill and complete these wells, but those electing to participate in the wells are responsible for their share of the actual costs incurred.

Devon is proposing to drill the Wells under the terms of the modified 2015 AAPL form of Operating Agreement (“JOA”). The JOA will be supplied to those parties interested in participating; please respond if you would like to receive a copy of the proposed JOA. The JOA will have the following general provisions:

- Devon Energy Production Company, L.P. named as Operator
- Contract Area: All of Sections 11 and 10, T22S-R27E, Eddy County, NM
- Wolfcamp formation only for the Contract Area
- 100/300% Non-Consenting Penalty
- Overhead rates of \$10,000 DWR/\$1,000 PWR

Please indicate your election to participate in the drilling and completion of the Wells in the spaces provided below, within 30 days of receipt, by signing and returning one (1) copy of this letter and AFE, along with your well data requirements sheet. If you do not wish to participate, please contact the undersigned to discuss a potential trade or farmout of your interest.

If an agreement cannot be reached within 30 days of the date of this letter, Devon will apply to the New Mexico Oil Conservation Division for compulsory pooling of your interest for the proposed wells.

If you have any questions or concerns regarding this proposal, please contact me at (405) 228-2856 or [jake.nourse@div.com](mailto:jake.nourse@div.com).

Sincerely,

**DEVON ENERGY PRODUCTION COMPANY, L.P.**

Jake Nourse, RPL  
Landman

### Exhibit A-4: Chronology of Contacts

Owner	Timeline of Contacts/Discussion
Featherstone Development Corporation	Devon and Featherstone are committed to a JOA form that has written approval from both parties.
COG Operating LLC / Concho Oil & Gas LLC	Devon and COG entities have been in discussions regarding entering into the Devon JOA form; as of 12/27/2023 email correspondence with COG, they are still reviewing the JOA and plan to execute the JOA in the near future. Devon is still open to JOA with COG entities once final feedback is received.
Magnum Hunter Production, Inc.	Devon and Magnum Hunter have been in discussions regarding entering into the Devon JOA form; as of 12/13/2023 phone and email correspondence, Magnum Hunter (Coterra) were discussing as a team and would get back to me soon regarding whether they wanted to commit to JOA or not. Devon is open to JOA, but needs final feedback from Magnum Hunter (Coterra).
Foran Oil Company	Initial well proposals, AFEs and terms to proposed Operating Agreement sent 10/25/2023. Email correspondence discussing Foran's interest and request for JOA 12/19/2023. Devon provided copy of JOA on 12/19/2023. Devon still open to JOA with Foran once final terms have been established.
The McDaniel Company, Marlam Energy LLC, and Special Exploration LLC	Devon and The McDaniel Company, et al have been in discussions via email and call on 11/28/2023 and 12/1/2023. Mr. Gary Bond with Special Exploration LLC (SEC) is representing the three entities. Devon provided interest update and offered to send form JOA for execution on 12/5. Have not heard from SEC, et al since as to whether or not they wish to sign. Devon still open to JOA, should parties wish to sign Devon's form.
Poza Rico Partners Ltd.	Devon and Poza Rico have been in discussions regarding entering into the Devon JOA form; as of 12/12/2023 email correspondence, Devon provided the JOA for Poza's execution. Devon still open to JOA should Poza decide to sign JOA form.
Sharbro Energy LLC	Devon and Sharbro Energy have been in discussions via email regarding entering into the Devon JOA form; as of 12/6/2023, Sharbro expressed interest in signing the JOA and plan to execute in the near future. Devon is still open to JOA with Sharbro should they wish to sign JOA form.
Mewbourne Oil Company	Initial well proposals, AFEs and terms to proposed Operating Agreement sent 10/25/2023. Email correspondence discussing MOC's interests on 10/31/2023. As of latest phone conversation on 12/11/2023, Mewbourne has not requested the form JOA. Devon is still open to JOA should MOC wish to sign JOA form.
Cody Energy Inc. and Tex-OK Energy Ltd. Partnership	10/25/2023 - Devon sent initial well proposal letter. AFEs and terms to the proposed Operating Agreement. I had email correspondence with Cody and Tex-OK on 11/27-11/29. As of latest correspondence on 11/29/2023, Tex-OK and Cody Energy did not request the form JOA to execute.
BK Exploration Corporation	10/25/2023 - Devon sent initial well proposal letter. AFEs and terms to the proposed Operating Agreement. I've been in talks with BK Exploration throughout November and December. Devon JOA form provided 12/14/2023 and haven't heard from BK since regarding whether or not they want to sign.
Ovintiv USA Inc.	10/25/2023 - Devon sent initial well proposal letter. AFEs and terms to the proposed Operating Agreement. Devon has been in conversations with Ovintiv via email on 11/2/2023 regarding Ovintiv's interest and ongoing title curative. Haven't heard from Ovintiv whether they want to sign JOA form since last email correspondence on 11/13/2023.
*Additional Owners	*The other owners in these Cases have been largely non-responsive, likely due to the very small nature of their ownership.

ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT  
OIL CONSERVATION DIVISION**

**APPLICATION OF DEVON ENERGY PRODUCTION  
COMPANY, L.P., FOR COMPULSORY POOLING,  
EDDY COUNTY, NEW MEXICO.**

Case Nos. 24078 & 24079

**SELF-AFFIRMED STATEMENT OF JOSEPH DIXON**

Joseph Dixon, of lawful age and being first duly sworn, declares as follows:

1. My name is Joseph Dixon, and I am employed by Devon Energy Production Company, L.P. (“Devon”) as a petroleum geologist.

2. I have testified previously by affidavit before the Oil Conservation Division (“Division”) as an expert witness in petroleum geology. I hold a Bachelor’s degree in Geology from Purdue University and a Master’s degree in Geology from Oklahoma State University. I have been employed as a petroleum geologist with Devon since June 2013.

3. I am familiar with the application filed by Devon, and I have conducted a geologic study of the Wolfcamp formation underlying the subject area.

4. The initial targets for Devon’s proposed Atlatl 11-10 wells in the sections of 11 and 10 of 22S-27E are the Wolfcamp XY Sands of the Wolfcamp formation.

5. **Devon Exhibit B-1** is structure map at the top of the Wolfcamp Formation, with subsea depths marked by contour intervals every 50 feet. I have outlined the proposed spacing units and identified the orientation of the initial wellbores. This exhibit shows that the top of the Wolfcamp formation is gently dipping to the east in this area. I do not observe any faulting, pinch

outs, or other geologic impediments to developing the targeted Wolfcamp interval with horizontal wells.

6. **Devon Exhibit B-2** is a gross isochore thickness map for the Wolfcamp XY formation with 20' contour interval. This exhibit shows that the reservoir interval targeted by Devon's development plan is of consistent thickness across the proposed unit.

7. **Devon Exhibit B-3** is a cross section for the Wolfcamp XY formation using the representative wells depicted on Exhibit B-2. Each well log contains gamma ray, resistivity, and porosity logs. The target interval for the initial wells are depicted on the exhibit. The cross-section demonstrates that the targeted interval is continuous across the proposed spacing units.

8. **Devon Exhibit B-4** is a gun barrel representation of the unit, and **Exhibit B-5** is a structural cross section built along the wellbore trajectory.

9. In my opinion, the West-East orientation of the proposed wells is the preferred orientation for horizontal well development in the targeted intervals in this area. The preferred well orientation in this area is West-East so that the wells run sub-perpendicular to the inferred orientation of the maximum horizontal stress. This lay down orientation will efficiently and effectively develop the subject acreage.

10. In my opinion, the granting of Devon's applications is in the best interest of conservation, the prevention of waste, and protection of correlative rights.

11. **Devon Exhibits B-1 to B-5** were either prepared by me or compiled under my direction and supervision.

12. I conclude from the attached exhibits that:

- a. The horizontal spacing and proration unit is justified from a geologic standpoint.

- b. There are no structural impediments or faulting that will interfere with horizontal development.
- c. Each quarter-quarter section in the unit will contribute more or less equally to production.

*[Signature page follows]*

*Signature page of Self-Affirmed Statement of Joseph Dixon:*

I understand that this Self-Affirmed Statement will be used as written testimony before the Division in Case Nos. 24078 and 24079 and affirm that my testimony herein is true and correct, to the best of my knowledge and belief and made under penalty of perjury under the laws of the State of New Mexico.

**SELF-AFFIRMED STATEMENT OF NOTICE**

I, Darin C. Savage, attorney and authorized representative of Devon Energy Production Company, L.P. (“Devon”), the Applicant herein, being first duly sworn, upon oath, states the following:

1. Notice of the applications and hearing in the above-reference cases was timely sent by certified mail, return receipt requested, through the United States Postal Service on December 14, 2023, to all uncommitted mineral owners sought to be pooled in this proceeding. *See* Exhibit C-2, attached hereto. Copies of notice letters and evidence of mailing to parties are attached hereto as Exhibits C-1 and C-2.

2. Notice was sent to the Carlsbad Current Argus, a newspaper of general circulation in Eddy County, New Mexico, and timely published in said newspaper on December 19, 2023. *See* Exhibit C-3.

Atlatl 11-10 Fed Com 623H Well (Case No. 24079)  
Atlatl 11-10 Fed Com 624H Well (Case No. 24079)

Case No. 24079:

Dear Interest Owner:

This letter is to advise you that Devon Energy Production Company, L.P. (“Devon”), has filed the enclosed application, Case No. 24079, with the New Mexico Oil Conservation Division (“Division”) for the compulsory pooling of units in the Wolfcamp formation.

In Case No. 24079, Devon seeks to pool the Wolfcamp formation underlying the S/2 of Sections 11 and 10, Township 22 South, Range 27 East, NMPM, Eddy County, New Mexico, a standard unit encompassing 640.00 acres, more or less, dedicated to the above-referenced 623H and 624H Wells.

A hearing has been requested before a Division Examiner on January 4, 2024, and the status of the hearing can be monitored through the Division’s website. Division hearings will commence at 8:15 a.m., in Pecos Hall at the Oil Conservation Division’s Santa Fe Offices located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. If so desired, you can attend the hearing in person at Pecos Hall or you can attend virtually through remote online access. For information about attending by remote access and reviewing the status of the case, you can visit the Division’s website at:

[abadieschill.com](http://abadieschill.com)

214 McKenzie Street, Santa Fe, New Mexico, 87501

O : 970.385.4401 • F : 970.385.4901

EXHIBIT  
C-1

<https://www.emnrd.nm.gov/ocd/hearing-info/> or call (505) 476-3441. It is recommended that you check with the Division to determine the best option for attendance.

You are being notified as a working interest owner (subject to title examination) and are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 19.15.4.13.B NMAC to file a Pre-hearing Statement at least four business days in advance of a scheduled hearing, but in no event later than 5 p.m. mountain time on the Thursday preceding the scheduled hearing date. This statement must be filed at the Division's Santa Fe office at the above specified address and should include: The names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this matter, please contact Jake Nourse at (405) 228-2856 or at [Jake.Nourse@dvn.com](mailto:Jake.Nourse@dvn.com).

Sincerely,

A handwritten signature in black ink, appearing to read 'Darin C. Savage', written over a horizontal line.

<https://www.emnrd.nm.gov/ocd/hearing-info/> or call (505) 476-3441. It is recommended that you check with the Division to determine the best option for attendance.

You are being notified as an overriding royalty interest owner and are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 19.15.4.13.B NMAC to file a Pre-hearing Statement at least four business days in advance of a scheduled hearing, but in no event later than 5 p.m. mountain time on the Thursday preceding the scheduled hearing date. This statement must be filed at the Division's Santa Fe office at the above specified address and should include: The names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this matter, please contact Jake Nourse at (405) 228-2856 or at [Jake.Nourse@dvn.com](mailto:Jake.Nourse@dvn.com).

Sincerely,

A handwritten signature in black ink, appearing to read 'Darin C. Savage', written over a horizontal line.

Darin C. Savage

Attorney for Devon Energy Production Company, L.P.

DEE WILLIAMSON AND PAULETTE WILLIAMSON, TRUSTEES UNDER G. DEE WILLIAMSON AND PAULETTE WILLIAMSON REVOCABLE TRUST UTA DATED JANUARY 27, 1987; YATES INDUSTRIES LLC; EOG RESOURCES INC.; AVALANCHE ROYALTY PARTNERS LLC; BMT I BPEOR NM LLC; BMT II BPEOR NM LLC; CHARMAR LLC; COG OPERATING LLC; KEYSTONE (CTAM) BPEOR NM LLC; KEYSTONE (RMB) BPEOR NM LLC; LMBI I BPEOR NM LLC; LMBI II BPEOR NM LLC; MCELROY MINERALS LLC; SRBI I BPEOR NM LLC; SRBI II BPEOR NM LLC; THRU LINE BPEOR NM LLC; WALLACE H. SCOTT III and WILLIAM WINFIELD SCOTT -- of Devon Energy Production Company, L.P.'s application for approval of compulsory pooling, Eddy County, New Mexico. The State of New Mexico, through its Oil Conservation Division, hereby gives notice that the Division Examiner will conduct a public hearing at 8:15 a.m. on January 4, 2024, held in Pecos Hall at the Oil Conservation Division's Santa Fe Offices located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. If so desired, you can attend the hearing in person at Pecos Hall or you can attend virtually through remote online access. For information about attending by remote access and reviewing the status of the case, you can visit the Division's website at: <https://www.emnrd.nm.gov/ocd/hearing-info/> or call (505) 476-3441. It is recommended that you check with the Division to determine the best option for attendance. Devon Energy Production Company, L.P., at 333 W. Sheridan Ave, Oklahoma City, OK 73102, seeks an order from the Division pooling all uncommitted mineral interests in the Wolfcamp formation, designated as a gas pool, underlying a standard 640-acre, more or less, spacing and proration unit comprised of the S/2 of Sections 11 and 10, Township 22 South, Range 27 East, NMPM, Eddy County, New Mexico. The proposed wells to be dedicated to the horizontal spacing unit are the **Atlatl 11-10 Fed Com 623H Well**, a gas well, to be horizontally drilled from a surface location in NE/4 SE/4 (Unit I) of Section 11 to a bottom hole location in NW/4 SW/4 (Unit L) of Section 10; and the **Atlatl 11-10 Fed Com 624H Well**, a gas well, to be horizontally drilled from a surface location in NE/4 SE/4 (Unit I) of Section 11 to a bottom hole location in SW/4 SW/4 (Unit M) of Section 10. The 623H Well and 624H Well will be unorthodox in their locations since their take points do not comply with setback requirements under special Division rules for the Wolfcamp Pool, as described in Order No. R-14262; therefore, Devon will be applying for administrative approval of the nonstandard locations. Furthermore, Devon seeks approval for overlapping units in the E/2 of Section 10 and the W/2 of Section 11. Also, to be considered will be approval for the cost of drilling and completing the wells and the allocation of the costs thereof; actual operating costs and charges for supervision; the designation of the Applicant as Operator of the wells and unit; and a 200% charge for the risk involved in drilling and completing the wells. The wells and lands are located approximately 2.5 miles East of Carlsbad, New Mexico. #5867481, Current Argus, December 19, 2023
