**CASE NO. 24062
ORDER NO. R-21096, As Amended**

APPLICATION

SPC Resources, LLC (“Applicant”) (OGRID No. 372262), through its undersigned attorneys, hereby files this application with the Oil Conservation Division to amend Order No. R-21096, as amended, to allow for a one-year extension of time to drill an initial a well under the Order until February 17, 2025. In support of this application, Applicant states:

1. Division Order No. R-21096, entered on February 12, 2020 in Case No. 20762, created a 1,267.1-acre, more or less, standard horizontal spacing unit consisting of the W/2 and E/2 of Section 12, Township 22 South, Range 26 East, and the W/2 and E/2 of Section 7, Township 22 South, Range 27 East, NMPM, Eddy County, New Mexico (the “Unit”), and designated Applicant as the operator of the Unit.

2. Order No. R-21096 pooled the uncommitted interests in the Wolfcamp formation (Purple Sage; Wolfcamp Pool (Pool Code 98220)) in the Unit and dedicated the Unit to the following Proposed Wells: (1) the **Caveman #402H well** (API No. 30-015-53285), and (2) the **Caveman #442H well** (API 30-015-53280).

3. On April 12, 2021, the Division entered Order No. R-21096-A in Case No. 21577 to (1) conform Order No. R-21096 to the amended order template (“Amended Order”) described in the Division Director’s April 9, 2020 *Letter to Counsel Regarding Amended CP Order Template*; (2) pool additional interest owners under the terms of Order No. R-21096; (3) extend

the time to commence drilling an initial well under Order No. R-21096 to February 12, 2022; and (4) update the names and locations of the initial Proposed Wells.

4. On May 17, 2021, the Division entered Order No. R-21096-B, pooling additional interest owners under the terms of Order No. R-21096 without modifying the February 12, 2022, drilling deadline.

5. Applicant was under contract with a drilling crew and preparing to spud an initial well under Order No. R-21096 in July 2021 when the Division issued an emergency order suspending approval of SPC's initial well.

6. Subsequently, the Division filed an application to revoke Order No. R-21096, as amended, and the approved APDs for the initial wells.

7. On October 19, 2021, the Division entered Order No. R-21888 temporarily suspending Order No. R-21096 pending remediation of the Carlsbad Brine Well project and until other certain conditions were met. All deadlines under Order No. R-21096 were tolled effective July 2, 2021 until the Division Director notified SPC that drilling and/or completion activities may resume.

8. The Division notified SPC on July 7, 2022, that suspension of Order No. R-21096 had been lifted and that drilling and completion activities may resume, but only outside a one-mile radius around the Carlsbad Brine Well. Pursuant to the tolling of Order No. R-21096, the deadline to commence drilling an initial well was February 17, 2023.

9. While the Division authorized resumption of drilling and completion activities outside a one-mile radius of the Carlsbad Brine Well, the suspension remained effective within a one-mile radius. The spacing unit authorized under Order No. R-21096 is partially within the one-mile radius subject to the continued suspension.

10. In the interim, Applicant drilled and completed other wells outside the one-mile radius adjacent to the spacing unit approved under Order No. R-21096, namely the Barney #404H (API No. 30-015-49097) and Barney #434H (API No. 30-015-49107) approved under Order No. R-21123, as amended, pending the Division's decision to lift suspension of activities within the one-mile radius.

11. Due to the disruption to SPC's initial drilling schedule, suspension of its drilling and completion operations, the remaining suspension of activity within a one-mile radius of the Carlsbad Brine Well, and uncertainty over when the complete suspension would be lifted, SPC required additional time to plan, coordinate, and retain a drilling crew to drill its planned initial wells.

12. On November 16, 2022, Applicant filed an application under Case No. 23218 to further amend Order No. R-21096, as amended, to allow additional time to commence drilling an initial well until February 17, 2024.

13. Applicant presented Case No. 23218 at hearing on January 4, 2023, but the Division did not issue an order until August 4, 2023, when it approved the request to extend the deadline to commence drilling until February 17, 2024, under Order No. R-21096-C.

14. However, the Division did not lift the suspension of drilling and completion activities within a one-mile radius until November 13, 2023, when it issued the *Amended Notice and Resumption of Drilling and Completion Activity in Proximity to the Carlsbad Brine Well*.

15. Applicant now seeks an additional one-year extension to commence drilling until February 17, 2025.

16. Good cause exists for Applicant's request for an extension of time.

17. Accordingly, SPC requests the deadline to commence drilling an initial well under Order No. R-21096, as amended, be extended for one year until February 17, 2025.

WHEREFORE, Applicant requests that this application be set for hearing before an Examiner of the Oil Conservation Division on January 4, 2024, and after notice and hearing as required by law, the Division amend Order No. R-21096, as amended, to extend the time to commence drilling the proposed initial well until February 17, 2025.

Respectfully submitted,

SELF-AFFIRMED STATEMENT OF CHRIS ASTWOOD

1. My name is Chris Astwood. I work for Permian Resources Operating, LLC (“Permian”) as a Senior Landman. SPC Resources, LLC (“SPC Resources”) is a wholly owned subsidiary of Permian. Permian closed on the acquisition of SPC Resources in December 2023 with an effective date in September 2023.

2. I have previously testified before the New Mexico Oil Conservation Division as an expert witness. My credentials in petroleum land matters have been accepted by the Division and made a matter of record.

3. I am familiar with the application filed by SPC Resources in this case, and I am familiar with the status of the lands in the subject area.

4. None of the parties in this case have indicated opposition, therefore I do not expect any opposition at the hearing.

5. In this case, SPC seeks an order to amend Order No. R-21096, as amended, to allow for a final extension of time to drill an initial a well under the Order until February 17, 2025.

6. Division Order No. R-21096, entered on February 12, 2020 in Case No. 20762, created a 1,267.1-acre, more or less, standard horizontal spacing unit consisting of the W/2 and E/2 of Section 12, Township 22 South, Range 26 East, and the W/2 and

E/2 of Section 7, Township 22 South, Range 27 East, NMPM, Eddy County, New Mexico (the “Unit”), and designated Applicant as the operator of the Unit.

7. Order No. R-21096 pooled the uncommitted interests in the Wolfcamp formation (Purple Sage; Wolfcamp Pool (Pool Code 98220)) in the Unit and dedicated the Unit to the following Proposed Wells: (1) the **Caveman #402H well** (API No. 30-015-53285), and (2) the **Caveman #442H well** (API 30-015-53280).

8. On April 12, 2021, the Division entered Order No. R-21096-A in Case No. 21577 to (1) conform Order No. R-21096 to the amended order template (“Amended Order”) described in the Division Director’s April 9, 2020 *Letter to Counsel Regarding Amended CP Order Template*; (2) pool additional interest owners under the terms of Order No. R-21096; (3) extend the time to commence drilling an initial well under Order No. R-21096 to February 12, 2022; and (4) update the names and locations of the initial Proposed Wells.

9. On May 17, 2021, the Division entered Order No. R-21096-B, pooling additional interest owners under the terms of Order No. R-21096 without modifying the February 12, 2022, drilling deadline.

10. Applicant was under contract with a drilling crew and preparing to spud an initial well under Order No. R-21096 in July 2021 when the Division issued an emergency order suspending approval of SPC’s initial well.

11. Subsequently, the Division filed an application to revoke Order No. R-21096, as amended, and the approved APDs for the initial wells.

12. On October 19, 2021, the Division entered Order No. R-21888 temporarily suspending Order No. R-21096 pending remediation of the Carlsbad Brine Well project and until other certain conditions were met. All deadlines under Order No. R-21096 were

tolled effective July 2, 2021, until the Division Director notified SPC that drilling and/or completion activities may resume.

13. The Division notified SPC on July 7, 2022, that suspension of Order No. R-21096 had been lifted and that drilling and completion activities may resume, but only outside a one-mile radius around the Carlsbad Brine Well. Pursuant to the tolling of Order No. R-20196, the deadline to commence drilling an initial well was February 17, 2023.

14. While the Division authorized resumption of drilling and completion activities outside a one-mile radius of the Carlsbad Brine Well, the suspension remained effective within a one-mile radius. The spacing unit authorized under Order No. R-21096 is partially within the one-mile radius that was subject to the continued suspension.

15. In the interim, Applicant drilled and completed other wells outside the one-mile radius adjacent to the spacing unit approved under Order No. R-21096, namely the Barney #404H (API No. 30-015-49097) and Barney #434H (API No. 30-015-49107) approved under Order No. R-21123, as amended, pending the Division's decision to lift suspension of activities within the one-mile radius.

16. Due to the disruption to SPC's initial drilling schedule, suspension of its drilling and completion operations, the remaining suspension of activity within a one-mile radius of the Carlsbad Brine Well, and uncertainty over when the complete suspension would be lifted, SPC required additional time to plan, coordinate, and retain a drilling crew to drill its planned initial wells under Order No. R-21096, as amended.

17. On November 16, 2022, Applicant filed an application under Case No. 23218 to allow additional time under Order No. R-21096 to commence drilling an initial well until February 17, 2024.

18. Applicant presented Case No. 23218 at hearing on January 4, 2023, but the Division did not issue an order until August 4, 2023, when it approved the request to extend the deadline to commence drilling until February 17, 2024, under Order No. R-21096-C. The delay in issuing an order left uncertain Applicant's authority to drill and complete a well.

19. In addition, the Division did not lift the suspension of drilling and completion activities within the one-mile radius of the Carlsbad Brine Well until November 13, 2023, when it issued the *Amended Notice and Resumption of Drilling and Completion Activity in Proximity to the Carlsbad Brine Well*.

20. Applicant now seeks a final one-year extension to commence drilling until February 17, 2025.

21. Good cause exists for Applicant's request for an extension of time.

22. Due to the disruption to SPC's initial drilling schedule resulting from the Division's suspension of drilling and completion activities within the Carlsbad Brine Well Remediation Area and uncertainty over when the suspension would be lifted, SPC requires additional time to plan, coordinate, and retain a drilling crew to drill its planned initial wells.

23. SPC is in good standing with the Division's compliance requirements and regulations.

24. SPC has invested significant effort and time at substantial cost to identify and locate mineral owners within the subject acreage in this case, reach voluntary agreement with many owners, and force pool interests that remain uncommitted.

25. As part of its acquisition of SPC, Permian has hit the ground running but still requires an extension to meet the drilling deadline under the Order. SPC intends to drill the proposed wells, which are on SPC's drill schedule for June 2024, now that the Division's drilling moratorium has been lifted.

26. No other operator has proposed to drill or develop the subject acreage.

27. At this time, none of the working interest owners that remain subject to the pooling order have been asked to make an election on the initial wells, or to pay their estimated share of the costs to drill, complete, and equip the initial wells.

28. No pooled mineral interest has objected to the requested extension and there are no competing plans to develop this acreage.

29. Several SPC leases within this acreage are coming up for expiration in 2024. While SPC can extend these leases by exercising contractual lease-extension provisions, if the Order is not extended SPC will be required to go through the compulsory pooling process again to re-pool hundreds of mineral owners. That will substantially delay SPC's drilling plan and impose an unnecessary administrative burden on the Division.

30. Approving this final extension is therefore the most expedient way to ensure the initial wells are timely drilled and SPC's leases and its correlative rights are protected. The alternative would require SPC to go through the process of re-proposing its wells, re-notifying all parties who were just notified of the requested extension (and did not object), re-present its pooling case, and await an order pooling all uncommitted interests. In contrast, a final extension of the pooling order would allow SPC to focus on the sole task of preparing to drill and meeting its existing lease deadlines.

31. In my opinion, an extension is justified under the totality of the foregoing circumstances.

32. Accordingly, SPC requests the deadline to commence drilling an initial well under Order No. R-21096, as amended, be extended for one year until February 17, 2025.

33. SPC provided notice to the parties subject to Order No. R-21096, as amended. **SPC Exhibit B-1** is a copy of the notice letter and postal service tracking report reflecting the status of notices that were mailed by certified mail, return-receipt requested.

34. Granting these applications will further the interests of preventing waste and protecting correlative rights.

35. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

Applicant in the above-styled cause seeks to amend Order No. R-21096, as amended, to allow for a one-year extension of time to drill an initial a well under the Order until February 17, 2025. The Unit is comprised of the W/2 and E/2 of Section 12, Township 22 South, Range 26 East, and the W/2 and E/2 of Section 7, Township 22 South, Range 27 East, NMPM, Eddy County, New Mexico. Order No. R-21096 pooled the uncommitted interests in the Wolfcamp formation (Purple Sage; Wolfcamp Pool (Pool Code 98220)). The Unit is dedicated to the Caveman #402H well (API No. 30-015-53285), and the Caveman #442H well (API 30-015-53280). Portions of said area are located within the city limits of Carlsbad, New Mexico. #5866491, Current Argus, Dec. 19, 2023

**APPLICATION OF SPC RESOURCES, LLC
TO AMEND ORDER NO. R-21096, AS AMENDED,
EDDY COUNTY, NEW MEXICO.**

**CASE NO. 24062
ORDER NO. R-21096, AS AMENDED**

SUPPLEMENTAL SELF-AFFIRMED STATEMENT OF CHRIS ASTWOOD

1. My name is Chris Astwood. I work for Permian Resources Operating, LLC (“Permian”) as a Senior Landman. SPC Resources, LLC (“SPC Resources”) is a wholly owned subsidiary of Permian. Permian closed on the acquisition of SPC Resources in December 2023 with an effective date in September 2023.

2. I have previously testified before the New Mexico Oil Conservation Division as an expert witness. My credentials in petroleum land matters have been accepted by the Division and made a matter of record.

3. I am familiar with the application filed by SPC Resources in this case, and I am familiar with the status of the lands in the subject area.

4. None of the parties in this case have indicated opposition, therefore I do not expect any opposition at the hearing.

5. This case was continued from the January 4, 2024, hearing to perfect notice to two parties subject to the pooling order in this case. I previously submitted a self-affirmed statement in this case and am providing this supplemental statement to explain the status of notice that was provided to these two owners.

6. As reflected in **Exhibit A**, the application in this case was filed with the Division on November 30, 2023. However, on November 28, 2023, Cibolo Resources, LLC (“Cibolo”) and

T.H. McElvain Oil & Gas LLLP (“McElvain”) each acquired a working interest within the subject spacing unit in this case through separate assignments that were filed of record in Eddy County, New Mexico, on November 28, 2023. *See* **SPC Exhibits D and E**, respectively.

7. Because the assignments were filed of record before the application was filed with the Division, each entity is entitled to notification of this case under the Division’s rules. *See* 19.15.4.12.A(1)(a) NMAC (“The applicant shall give notice to each owner of an interest in the mineral estate of any portion of the lands the applicant proposes to be pooled or unitized whose interest is evidenced by a written conveyance document either of record or known to the applicant at the time the applicant filed the application[.]”).

8. SPC did not become aware of the assignments to Cibolo and McElvain until after the deadline for timely notification had run under the Division rules for a hearing on January 4, 2023.

9. A copy of the notice letter and application provided in SPC Exhibit B-1 for the hearing in Case No. 24062 was sent by certified mail on December 22, 2024, to both Cibolo and McElvain. **SPC Exhibit F** is a copy of the stamped green cards reflecting that the notice was sent by certified mail, return-receipt requested on that date. It also confirms that notification was sent to the addresses of record identified in each parties’ respective assignment. *See* SPC Exhibits D and E.

10. **SPC Exhibit G** is a copy of the mailing receipt for Cibolo confirming receipt.

11. **SPC Exhibit H** is a copy of an email from McElvain confirming that they have received notice of the application and hearing, that the notice was sent to the correct address, and that McElvain waives the timing of the notification and does not object to the case proceeding by affidavit. The certified notification for McElvain was sent to the correct mailing address—under

both the record assignment and reflected on the company's website (<https://mcelvain.com/contact>)—the certified mail to McElvain was nevertheless returned as unclaimed.

12. While SPC has complied with the notification requirements under 19.15.4.12.B and Subpart C with respect to McElvain, SPC is relying on McElvain's waiver of timely notification and non-objection to the case proceeding.

13. **SPC Exhibits D-H** were either prepared by me or under my direction and supervision, or they constitute company business records.

14. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

Such Reserved ORRI shall be free and clear of all working interest costs of exploring, drilling, equipping, testing, completing and operating, but shall bear its proportionate part of gross production taxes and shall be calculated and paid in the same manner as the royalty is to be paid to the lessor pursuant to the terms of said Lease. If any Lease is pooled or communitized under the lease authority or authority of any government agency, the Reserved ORRI shall be pooled and communitized and paid on a pooled or communitized basis in the same manner as the base royalty of such lease is pooled or communitized. The Parties acknowledge and agree that the foregoing warranty shall constitute and be considered a special warranty of title by, through and under Assignors and their Affiliates under applicable Laws; *provided, however*, that the special warranty of title set forth in this Section 3 shall survive for a period of six (6) months following the Execution Date, and not be actionable thereafter and Assignee, its successors and assigns shall be deemed to have waived all breaches of Assignors’ special warranty of title set forth in this Section 3 of which Assignee has not furnished to Assignor in written notice on or before the date that is six (6) months following the Execution Date.

Marika,

Good afternoon! I work for Schoeffler Energy Group and we handle land related matters for SPC Resources LLC. I'm reaching out because we sent by certified mail a notice of an Application to Amend Order No. R-21096, as amended, for the Caveman Unit by SPC Resources LLC and it is being returned. The certified mail was sent to the address listed on the recent assignment whereby McElvain acquired an interest in the Caveman Unit from Avant Operating.

I have attached the Application to Amend Order No. R-21096 that was being sent by certified mail. I have also attached the certified mail receipt with the tracking number.

There is the possibility that the OCD may want us to publish notice since the certified mail is being returned, which will result in SPC Resources LLC having to continue the case at a later date.

It would be greatly appreciated if T. H. McElvain Oil & Gas, LLLP would waive the notice for Case No. 24062 by email so we do not have to continue the case.
