In support of this application, COG states:

2. Applicant seeks to initially dedicate the above-referenced horizontal spacing unit to the proposed **Redtail Federal Com 701H** well to be horizontally drilled from a surface location in the NE/4 of irregular Section 2, with a first take point in Lot 1 of irregular Section 2 and the last take point in the SE/4 SE/4 (Unit P) of Section 14.
3. Applicant has reached a voluntary agreement with all working interest owners in this proposed unit but seeks to a pooling order for certain non-cost-bearing interest owners, including overriding royalty interest owners and record title owners, who have yet to execute the necessary federal and state communitization agreements.

4. The pooling of interests in the proposed unit will allow Applicant to obtain a just and fair share of the oil and gas underlying the subject lands, avoid the drilling of unnecessary wells, will prevent waste, and will protect correlative rights.

WHEREFORE, Applicant requests that this application be set for hearing before an Examiner of the Oil Conservation Division on March 7, 2024, and, after notice and hearing as required by law, the Division enter an order:

- A. Pooling certain overriding royalty interest owners and record title owners in the proposed horizontal well spacing unit; and
