ORDER NO. R-22894**

APPLICATION

Permian Resources Operating, (“Applicant” or “Permian”), through its undersigned attorneys, hereby files this application with the Oil Conservation Division to amend Order No. R-22894 (“Order”) to allow additional time to commence drilling the initial well authorized by the pooling order. In support of its application, Permian states:

1. On October 9, 2023, the Division issued Order No. R-22894 in Case No. 22555, creating a standard 1,920-acre, more or less, horizontal well spacing unit in Wolfcamp formation (Purple Sage; Wolfcamp Gas Pool [98220]) comprised of Section 36, Township 21 South, Range 26 East, and irregular Sections 31 and 32, Township 21 South, Range 27 East, NMPM, Eddy County, New Mexico (the “Unit”). SPC Resources, LLC was designated as operator and Order No. R-22894 dedicates the Unit to the proposed initial **Fred State Com 403H** and **Fred State Com 442H** wells.

2. Permian has since acquired this property and requests that Order No. R-22894 be re-opened and amended to allow Applicant additional time to commence drilling the wells under the Order.

3. There is good cause for Applicant’s request for an extension of time to drill.

**BEFORE THE OIL CONSERVATION DIVISION

Hearing Date: October 3, 2024

4. Under the Order, Applicant would be required to commence drilling the well by October 10, 2024, and therefore, asks for the deadline to commence drilling the well be extended for a year, to October 10, 2025.

WHEREFORE, Applicant requests that this application be set for hearing before an Examiner of the Oil Conservation Division on October 3, 2024, and, after notice and hearing as required by law, the Division enter an order extending the time for Permian to commence drilling the proposed initial well under the Order.

Respectfully submitted,

7. Operator is the owner of an oil and gas working interest within the Unit.
8. Operator satisfied the notice requirements for the Application and the hearing as required by 19.15.4.12 NMAC.
9. OCD satisfied the notice requirements for the hearing as required by 19.15.4.9 NMAC.

Exhibit No. B**

**Submitted by: Permian Resources Operating, LLC
Hearing Date: October 3, 2024
Case No. 24835**

11. The Unit contains separately owned uncommitted interests in oil and gas minerals.
12. Some of the owners of the uncommitted interests have not agreed to commit their interests to the Unit.
13. The pooling of uncommitted interests in the Unit will prevent waste and protect correlative rights, including the drilling of unnecessary wells.
14. This Order affords to the owner of an uncommitted interest the opportunity to produce his just and equitable share of the oil or gas in the pool.

ORDER

15. The uncommitted interests in the Unit are pooled as set forth in Exhibit A.
16. The Unit shall be dedicated to the Well(s) set forth in Exhibit A.
17. Operator is designated as operator of the Unit and the Well(s).
18. If the location of a well will be unorthodox under the spacing rules in effect at the time of completion, Operator shall obtain the OCD's approval for a non-standard location in accordance with 19.15.16.15(C) NMAC.
19. If the Unit is a non-standard horizontal spacing unit which has not been approved under this Order, Operator shall obtain the OCD's approval for a non-standard horizontal spacing unit in accordance with 19.15.16.15(B)(5) NMAC.
20. The Operator shall commence drilling the Well(s) within one year after the date of this Order, and complete each Well no later than one (1) year after the commencement of drilling the Well.
21. This Order shall terminate automatically if Operator fails to comply with Paragraph 20 unless Operator obtains an extension by amending this Order for good cause shown.
22. The infill well requirements in 19.15.13.9 NMAC through 19.15.13.12 NMAC shall be applicable.
23. Operator shall submit each owner of an uncommitted working interest in the pool ("Pooled Working Interest") an itemized schedule of estimated costs to drill, complete, and equip the well ("Estimated Well Costs").
24. No later than thirty (30) days after Operator submits the Estimated Well Costs, the owner of a Pooled Working Interest shall elect whether to pay its share of the Estimated Well Costs or its share of the actual costs to drill, complete and equip the well ("Actual Well Costs") out of production from the well. An owner of a Pooled

Working Interest who elects to pay its share of the Estimated Well Costs shall render payment to Operator no later than thirty (30) days after the expiration of the election period, and shall be liable for operating costs, but not risk charges, for the well. An owner of a Pooled Working Interest who fails to pay its share of the Estimated Well Costs or who elects to pay its share of the Actual Well Costs out of production from the well shall be considered to be a "Non-Consenting Pooled Working Interest."

25. No later than one hundred eighty (180) days after Operator submits a Form C-105 for a well, Operator shall submit to each owner of a Pooled Working Interest an itemized schedule of the Actual Well Costs. The Actual Well Costs shall be considered to be the Reasonable Well Costs unless an owner of a Pooled Working Interest files a written objection no later than forty-five (45) days after receipt of the schedule. If an owner of a Pooled Working Interest files a timely written objection, OCD shall determine the Reasonable Well Costs after public notice and hearing.
26. No later than sixty (60) days after the expiration of the period to file a written objection to the Actual Well Costs or OCD's order determining the Reasonable Well Costs, whichever is later, each owner of a Pooled Working Interest who paid its share of the Estimated Well Costs shall pay to Operator its share of the Reasonable Well Costs that exceed the Estimated Well Costs, or Operator shall pay to each owner of a Pooled Working Interest who paid its share of the Estimated Well Costs its share of the Estimated Well Costs that exceed the Reasonable Well Costs.
27. The reasonable charges for supervision to drill and produce a well ("Supervision Charges") shall not exceed the rates specified in Exhibit A, provided however that the rates shall be adjusted annually pursuant to the COPAS form entitled "Accounting Procedure-Joint Operations."
28. No later than within ninety (90) days after Operator submits a Form C-105 for a well, Operator shall submit to each owner of a Pooled Working Interest an itemized schedule of the reasonable charges for operating and maintaining the well ("Operating Charges"), provided however that Operating Charges shall not include the Reasonable Well Costs or Supervision Charges. The Operating Charges shall be considered final unless an owner of a Pooled Working Interest files a written objection no later than forty-five (45) days after receipt of the schedule. If an owner of a Pooled Working Interest files a timely written objection, OCD shall determine the Operating Charges after public notice and hearing.
29. Operator may withhold the following costs and charges from the share of production due to each owner of a Pooled Working Interest who paid its share of the Estimated Well Costs: (a) the proportionate share of the Supervision Charges; and (b) the proportionate share of the Operating Charges.

30. Operator may withhold the following costs and charges from the share of production due to each owner of a Non-Consenting Pooled Working Interest: (a) the proportionate share of the Reasonable Well Costs; (b) the proportionate share of the Supervision and Operating Charges; and (c) the percentage of the Reasonable Well Costs specified as the charge for risk described in Exhibit A.
31. Operator shall distribute a proportionate share of the costs and charges withheld pursuant to paragraph 29 to each Pooled Working Interest that paid its share of the Estimated Well Costs.
32. Each year on the anniversary of this Order, and no later than ninety (90) days after each payout, Operator shall provide to each owner of a Non-Consenting Pooled Working Interest a schedule of the revenue attributable to a well and the Supervision and Operating Costs charged against that revenue.
33. Any cost or charge that is paid out of production shall be withheld only from the share due to an owner of a Pooled Working Interest. No cost or charge shall be withheld from the share due to an owner of a royalty interests. For the purpose of this Order, an unleased mineral interest shall consist of a seven-eighths (7/8) working interest and a one-eighth (1/8) royalty interest.
34. Except as provided above, Operator shall hold the revenue attributable to a well that is not disbursed for any reason for the account of the person(s) entitled to the revenue as provided in the Oil and Gas Proceeds Payment Act, NMSA 1978, Sections 70-10-1 *et seq.*, and relinquish such revenue as provided in the Uniform Unclaimed Property Act, NMSA 1978, Sections 7-8A-1 *et seq.*
35. The Unit shall terminate if (a) the owners of all Pooled Working Interests reach a voluntary agreement; or (b) the well(s) drilled on the Unit are plugged and abandoned in accordance with the applicable rules. Operator shall inform OCD no later than thirty (30) days after such occurrence.

**CASE NO. 24835
ORDER NO. R-22894**

SELF-AFFIRMED STATEMENT OF COLLIN CHRISTIAN

1. My name is Collin Christian. I work for Permian Resources Operating, LLC ("Permian Resources"), as a Landman.

2. I have previously testified before the New Mexico Oil Conservation Division ("Division") as an expert witness in petroleum land matters. My credentials as a petroleum landman have been accepted by the Division and made a matter of record.

3. I am familiar with the application filed by Permian Resources in this case, and I am familiar with the status of the lands in the subject area.

4. On October 9, 2023, the Division issued Order No. R-22894 in Case No. 22555, creating a standard 1,920-acre, more or less, horizontal well spacing unit in Wolfcamp formation (Purple Sage; Wolfcamp Gas Pool [98220]) comprised of Section 36, Township 21 South, Range 26 East, and irregular Sections 31 and 32, Township 21 South, Range 27 East, NMPM, Eddy County, New Mexico (the "Unit"). SPC Resources, LLC was designated as operator and Order No. R-22894 dedicates the Unit to the proposed initial **Fred State Com 403H** and **Fred State Com 442H** wells.

5. Permian Resources has since acquired this property and requests that R-22894 be re-opened and amended to allow Applicant additional time to commence drilling the wells under

the Order.

6. Good cause exists for Applicant's request that the Order be amended to allow additional time to commence drilling the initial well under the Order.

7. As noted, Permian Resources recently acquired SPC Resources and has undertaken a careful re-assessment of SPC's existing pooling orders and drilling plans in the Carlsbad area. As a result of this review, Permian Resources has recently filed for and received amended pooling orders in several cases within the Carlsbad area adding additional wells and reconfiguring the proposed spacing units and seeking deadline extensions in order to complete the work. Permian Resources is now in the process of drilling the approved initial wells under those recently amended orders.

8. For example, Permian Resources is currently drilling a five-well Wolfcamp package on its existing Betty and Barney spacing units under Order Nos. R-21100, as amended, and R-21123, as amended, respectively. Following the drilling and completion of those wells, Permian Resources' rig is scheduled this fall to drill a nine-well package in its Caveman Wolfcamp and Hannah Bone Spring spacing units under Order Nos. R-21096, as amended, and R-23221, as amended, respectively. Additional Carlsbad area wells are expected to be added to Permian Resources' drilling schedule over the next few months.

9. With this heavy drill schedule and prior drilling commitments necessary to meet other pre-existing order deadlines, Permian Resources requires additional time to drill and complete the proposed initial **Fred State Com 403H** and **Fred State Com 442H** wells.

10. Permian Resources and its predecessor-in-interest, SPC Resources, have also invested significant effort and time at substantial cost to identify and locate mineral owners within the subject acreage, reach voluntary agreement with many owners, and force pool interests that remain uncommitted.

11. Finally, none of the working interest owners that remain subject to this pooling order have been asked to make an election on the applicable wells, or to pay their estimated share of the costs to drill, complete, and equip the applicable wells. And no other operator has proposed to drill or develop the subject acreage.

12. In addition, Permian Resources is in good standing with the Division's compliance requirements and regulations.

13. Approval will allow Applicant to obtain a just and fair share of the oil and gas underlying the subject lands, avoid the drilling of unnecessary wells, will prevent waste, and will protect correlative rights.

14. In my opinion, an extension is justified under these circumstances.

15. Granting these applications will further the interests of preventing waste and protecting correlative rights.

16. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.
