ATTORNEY

STATEMENT OF THE CASE

Permian Resources applies for an order pooling all uncommitted interests in the Bone Spring formation underlying a 640-acre, more or less, standard horizontal spacing unit comprised of the W/2 of Sections 26 and 35, Township 18 South, Range 33 East, Lea County, New Mexico (“Unit”). The Unit will be dedicated to the following wells:

- a) **English Buffalo 26 35 Fed Com 121H** well, which will be drilled from a surface hole location in the NE/4 NW/4 (Unit C) of Section 26 to a bottom hole location in the SW/4 SW/4 (Unit M) of Section 35; and

- b) **English Buffalo 26 35 Fed Com 122H** well, which will be drilled from a surface hole location in the NE/4 NW/4 (Unit C) of Section 26 to a bottom hole location in the SE/4 SW/4 (Unit N) of Section 35.

The completed interval of the English Buffalo 26 35 Fed Com 121H well is expected to be orthodox, and the completed interval of the English Buffalo 26 35 Fed Com 122H well is expected to be unorthodox. The completed interval of the English Buffalo 26 35 Fed Com 121H well will be located within 330' of the quarter-quarter section line separating the W/2 W/2 and E/2 W/2 of Sections 26 and 35 to allow for the creation of a 640-acre standard horizontal spacing unit.

Also to be considered will be the cost of drilling and completing the wells and the allocation of the costs, the designation of Applicant as operator of the wells, and a 200% charge for the risk involved in drilling and completing the wells. The wells are located approximately 28.5 miles west of Hobbs, New Mexico.

PROPOSED EVIDENCE

Witness	Occupation	Estimated Time	Exhibits
Kevin Woolley	Landman	Affidavit	Approx. 5
Cole Hendrickson	Geologist	Affidavit	Approx. 5

PROCEDURAL MATTERS

Applicant will present this case by affidavit if there is no opposition to its application.

Respectfully submitted,

HINKLE SHANOR LLP
