**ORDER GRANTING UNOPPOSED MOTION FOR  
SUBMITTING UPDATED POOLING APPLICATIONS AND CLOSING ARGUMENTS**

This matter comes before the Oil Conservation Division’s Hearing Examiner on the parties’ Joint Motion to Submit Updated Pooling Applications and Closing Arguments. The competing parties propose different allocation formulas, which the Oil Conservation Division (“Division”) must evaluate, as these formulas impact correlative rights and waste. Additionally, the creation of the Wolfbone Pool, proposed under the parties’ joint application, affects the underlying issues in these

cases and may be addressed in updated pooling applications and closing arguments to aid the Division's understanding.

The Division appreciates the parties' efforts to provide a comprehensive record. Having reviewed the motion and being fully advised in the matter, IT IS HEREBY ORDERED that the motion is **GRANTED**. If the final order *grants* the special pool application, the parties shall submit updated applications **within 30 days of the order's entry**, incorporating the impact of the Wolfbone Pool in their revised closing arguments.
